10:00 **A Tale of Two Koreas**

Dr. Chong Hoon Park, Head of Research – Korea, Standard Chartered Bank

### Regulation and Innovation

How will upcoming regulation and innovation affect shipowners? What is the timing? How much will it cost and who will pay? Will newly implemented regulations cause older vessels to go for scrap? Will they encourage another newbuilding surge for the new technology? Do the shipyards have enough capacity to do all the upgrading needed? Will the fuel suppliers provide enough of the right grade fuel by 2020? How will the Shipping Industry Embrace Increased Digitilisation?

10:20 **Shipping 4.0: How will Digitalization Revolutionize International Shipping?**

Mr. Hyunghul Lee, Executive Vice President, Head of Business Division, Korean Register

10:40 **Environmental Regulations and their Impact on the Shipping Industry**

## LNG: From FLNG to FSRU

The LNG market is experiencing unprecedented growth as a new wave of projects come online globally. Technological and commercial advances along the entire value chain have allowed the market to evolve from a rigid project-based model to a more dynamic market, but LNG infrastructure remains specialized and highly capital intensive. Market participants will face challenges as term agreements underpinning the value chain grow shorter in length, but opportunities as demand and liquidity continues to grow.

15:30 **ECA Financing Program for FLNG or FSRU Projects**  
TBA

**LNG Market Prospects**  
TBA

**KOGAS Plans and Ambitions**  
TBA

### Panel

Owners, operators and financiers of LNG will discuss the latest issues.

16:15 **Closing Address**

16:20 **Cocktail Closing Reception** *graciously sponsored by*
