

26th Annual Marine Money Greek Ship Finance Forum

Tuesday, 15 October 2024
Eugenides Foundation, Athens

AGENDA TOPICS

at 18 April 2024

Our **Marine Money 2024 Greek Ship Finance Forum** will take place on **Tuesday, 15th October 2024** at the Eugenides Foundation, Syngrou Avenue, Athens. This is your opportunity to do business with Greek and International shipping dealmakers from shipowning companies, banks and finance institutions and investors, and network with over 350 delegates and speakers.

2024 is proving to be an eventful year with wars, canals and politics impacting big time on the shipping markets. By the time of our Greek conference the political landscape will be even more exciting with the US about to decide who will determine direction over the next four years. Shipping will be keeping a close eye and is meantime benefitting from the turmoil with high demand. On the supply side there is still good order in most sectors. Vessel price levels have become historically high for both secondhand vessels and newbuildings not least because of a modest order book in most sectors as a result of uncertain developments surrounding emission targets and future vessel fuels making investments in the sector difficult. So where are the opportunities for smart investments in 2024.

Our 2024 Greek conference will be the ideal opportunity to hear about shipping, finance and investment from experts from Greece and around the world. We are inviting some of the largest shipping personalities as well as financiers of shipping from New York to Europe to Asia. We will also consider the future path of shipping on a longer track in 5 and 10 years from now.

As well as presentations and interviews some topics will include:

- *Wars, canals and politics; the perfect storm for good shipping markets*
- *Will political change be a risk for shipping in the next 24 months?*
- *Debt, equity and leasing: finance to fit all sizes*
- *Are vessel prices too high to make smart investment decisions?*
- *What to do with surplus equity ; is financing other people's ships a good option?*
- *Non-core finance becomes core for Greek shipowners*

Marine Money Greek Forum is the foremost ship finance conference in Greece and attracts over 350 delegates from Greece and all the major shipping and finance centers of the world. More at <https://www.marinemoney.com/events-2-0-2/2024-greek-ship-finance-forum>

We look forward to hearing from you and hope you will be part of our Marine Money 2024 Greek Forum on 15 October 2024.
