

Website Creation

Fully Managed Solution

Our talented team will build a great website for your business. We will communicate with you to gather all necessary content and insights to develop the specific functionality and design needed to suit your business.

What to Expect Next:

Within 2 business days

*after the order is received

The website team will send you a **Confirmation Email** to confirm the receipt of your order. After receiving your confirmation email, please schedule an **Onboard Call** using the provided booking link. For first-time web customers, this call is **required** to ensure we understand your needs and build your website correctly. We highly recommend it for your **first five projects** to establish a productive working relationship.

5/7/10 business days

*after the fulfillment form is complete

Website Build: Based on the information provided in the fulfillment form, our developers will create your **Website**—which includes your chosen color scheme, logo, text and images—and will create a first mock within 5, 7, or 10 business days of the assets being submitted.

- **Website: Up to 3 Pages** - 5 business days
- **Website: Up to 5 Pages** - 7 business days
- **Website: Up to 10 Pages** - 10 business days

Important: Text and image revisions can be submitted and implemented on your live website. Changes that fall outside of text and image replacements will be charged at an hourly rate.

Revisions

*After edits have been received it will take up to 5 business days for the revisions to be completed.

Revisions: One set of revisions with your developer is included with the website build.

- The following revisions are permitted:
 - Colors
 - Media (Images, videos, icons)
 - Text
 - Contact form fields and settings
 - Reorganization or duplication of existing sections

Important: All revisions must be submitted at one time in an email, document, or shared folder. Additional revisions are subject to hourly charges. Please note that additional edits can be made with our Website Support team after the website build is complete.

Delivery date determined by add-ons ordered

*Custom delivery date provided on website publication email

Custom Add-ons: Based on the items ordered prior to delivery of the website build, our developers will add your custom add-ons to your website. Below are expected delivery times:

FAQs

Expectations:

- Provide content as requested in the fulfillment form.
- Communicate efficiently with us to keep the project on track in order to meet the set deadlines.

What does the Website Support product include?

Monthly Charges include | Hosting and Website Updates

- Updates to existing sections (image/content replacements): logo, fonts, colors, media (images, videos, icons), text, contact form fields and settings
- Reorganization or duplication of existing sections but not the creation of new sections styles or layouts.

** Any additional images/product changes beyond the original offering will be charged at a per product/image rate.*

** Any functionality changes to sites will need to be scoped out and charged at an hourly rate.*

** The monthly charge **DOES NOT** include maintaining or integrating emails.*

** All content needs to be provided.*

What is the turnaround for website support requests?

Website support requests will be completed within 3 business days.

Can we use an existing domain?

One of our website experts will walk you through the process of redirecting your existing domain name to the new website.

How many gigabytes can my website hold?

We recommend a range of 25 GB - 50 GB for your site to run smoothly. An average image/video should be 64 MB. If your site is larger than 50 GB, additional hosting fees may apply.

Do you provide stock images?

We can provide stock images when requested. However, we recommend using professional images of the business, products, and services to create a more personalized website.

What is included in each product/items on the product page for e-commerce sites?

We recommend a limit of 25-50 products (including product variations). If you wish to have more products on your site, our advanced ecommerce solution will be needed.

Products include these items on each product page **if** details are provided:

- One product image
- Product name
- SKU number
- Product description, features, and specifications (up to 100 words)
- Flat shipping price for all products
- Tax per item

Your Responsibilities:

- Populated spreadsheet of the above product details and images.
- If more functions are required, our team will need a detailed list of the requested features. Any additional hours due to added functions/features will be charged at an hourly rate as needed.
