MESSAGE FROM THE CEO

Dear Friends and Supporters of the Mission of Mary’s Woods,

As we look back on the good work that you and donors like you made possible, Philanthropy, *the love of humankind*, takes on a whole new meaning. Our focus this past year centered on bringing COVID vaccines to residents, opening clinics for the public, and supporting our front line and service workers who help make this community of care a success.

Everyday on this beautiful campus, you see team members supporting residents on their journey of aging, and residents leading with generous appreciation for hardworking staff. It is a relationship made better through cooperation, communication, innovation, and quality care. Our goal is a best-in-class experience that delivers quality services and long-term success.

You are invited to learn more about the important work that is done here and the philanthropic initiatives that enhance the mission of providing a continuum of housing, health, and educational services.

Sincerely,

James Arp
Chief Executive Officer

Photo by William Rust
It’s hard to believe that almost an entire year was dedicated to COVID-19 vaccine clinics, but nothing says “love of humankind” more than a priority focus on good health and healing! The Health Services, Philanthropy & Communications, Marketing, Community Life, and Resident Relations teams successfully organized five on-site resident vaccine clinics, two months of community outreach clinics, and five booster clinics for residents and staff.

Donors who graciously contributed to the Capital Projects and Improvements Fund made it possible to install a beautiful, intricate tile mosaic in the Healing Garden, adding vibrant character and artistic flare for Marie Rose residents to enjoy year-round.

A new addition to the Caritas House Memory Support Neighborhood, Lucynt Magic interactive light tables. Caritas Life Enrichment Assistant, Lyndee Smith said, “I’m so excited for the opportunity to share the joy, the sense of wonder and energy this brings to residents. It beautifully engages all the senses; the possibilities are endless.”
A sweet Easter surprise came to Mary’s Woods as two bunnies provided pet therapy, bringing smiles and delight to all!

In June we celebrated the continuum of care with the Annual Memory March. Our goal — to raise awareness about Alzheimer’s and stand in support of our fellow residents and neighbors.

Honored to celebrate Juneteenth! The Northwest Freedom Singers came to campus sharing powerful songs, stories and poetry.
Let the game’s begin! The MW Summer Games were a huge hit.

Ukulele performances, Luau, wine tasting, knitting, painting, and more!
2021 HIGHLIGHTS

At Mary’s Woods, the love goes both ways between residents and team members. Each year, residents show their appreciation through contributions that support the employee appreciation program. Here, the entire Environmental Services team expresses thanks for their year end gifts.

The first ever “Holidays without Hunger” outreach event was held in the Provincial House Auditorium in December. A campus-wide meal packing event, resident volunteers packaged chicken soup meals on assembly lines to feed 35,000 community members in need throughout the Portland Metro area, just in time for the holidays! Many thanks to Home Instead for their corporate sponsorship.

Celebrating fall harvest and floral arranging classes.
Community Benefit & Annual Philanthropy Reports 2020 - 2021

A project of the Capital Improvements Fund

Through generous support from the Mary’s Woods community, Epiphany - a ten-foot tall non-figurative bronze sculpture - was successfully cast by Firebird Bronze Foundry and installed in Veronica Plaza in the spring and dedicated in the summer of 2021. A resident-driven public art project, Epiphany celebrates the inspiration and prophetic vision of the Sisters of the Holy Names of Jesus and Mary. Resident sculptor and designer, Will Dixon, says the statue represents the conception of the compassionate community at Mary’s Woods.

A special thanks to the residents on the Epiphany Task Force: (above, left to right) Dennis Digman, Rod Kerr, Dave Anderson, Will Dixon, Rie Luft, Paden Prichard, and Bill Warner. Thank you for your leadership, passion, and provisions that have enriched the shared spaces of our campus. As a result of your hard work, Epiphany will forever stand as an iconic expression of its mission to “celebrate life!”
“I attended a lecture by the architect who designed Mary’s Woods Village, and he said his design was modeled after an old Austrian village. I walked through the developing campus expansion, trying to imagine an Old World village and the type of art it would have ... the images that were coming to my mind were abstract rather than representational. I wanted to create an image everyone could relate to and one that would celebrate the extraordinary efforts of the Sisters who brought into being the community in which we live. I believed that the inspiration for the entity was an epiphany. And that was to become the sculpture’s title.”

— Will Dixon, Sculptor & Designer

Above, left: Sculptor and designer, resident Will Dixon, speaks at the dedication. Bottom, left: Epiphany dedication in July. Bottom, right: Epiphany’s shape is dynamic, shifting its appearance from each angle.
As Mary’s Woods moves forward in service to residents now and in the future, healthcare options, services and partnerships are at the forefront. In the fall of 2021, Mary’s Woods began a nationwide search for new healthcare leadership. Mary’s Woods, ranked as the largest non-profit of its kind on the West Coast, and the 19th largest in the nation, garnered the attention of exceptional candidates across the country. From the first interview, his first week on the job in the middle of the COVID-19 Omicron surge, and his work thus far…Albert’s passion and compassion set him apart.

Within his first 100 days on the job, residents and family members benefited right away, receiving personalized access to healthcare forums, 1:1 meetings, and several healthcare Town Halls.

**What is your leadership style?**

Ideas and questions are welcome. Meetings are welcome. I want to create a sense of community and want us to be able to talk with each other. My hand is open. We can always talk. The idea of life is to ask questions. It is a never-ending journey, and I am willing to travel with each resident, answering their questions, and continuing to investigate. Creating a wonderful community of Mary’s Woods is not just a saying that benefits residents. I, too, want to belong to and work at a place that is second to none. So we share exactly the same passion. There is a wonderful African saying that “it takes a village, and it is true here.” We are in this thing together.

**How will you bring our community forward?**

We’ve chosen a theme in our healthcare department of **Presence**. What that means on a high level is that we want to be there for each resident and team member. It means we want to listen a little more. We want to take an extra minute and listen and visit with those in our care. We want to take a little extra step. Take advantage of every opportunity to fully understand. We want our **Presence** to be meaningful. I lead the team with encouragement…and offer this vision to team members: “when folks are struggling, let
us inch closer and give them our PRESENCE and time.”

What is your story? What got you interested in long-term care?
I grew up on my father’s farm in Zambia. I came to the United States with the goal of becoming an accountant. In order to be able to go to classes during the day, I worked the evening shift at an assisted living community. And it was there, for the very first time in my life, I saw pressure sores. For background, I am coming from a country on the African continent where it’s a taboo to care for elders and to care for people that are not of your age. But, working in this assisted living community, deep feelings of compassion began to grow within me. The foundation of my life was being shaken like never before. I still remember, very vividly, an elderly woman and the pain she was going through. Her journey during the last season of her life, changed the course of my career. I was enrolled at Grand Rapids Community College in Michigan, with the goal of graduating with a degree in accounting, but because of my nighttime job, I found myself reading over literature at the school for healthcare sciences. I called my parents to help me try and process what I was going through and my mother said to me:

“Go and care for God’s children.” And so I did. My mind and my heart turned in a different direction because I thought I could help people. So in a nutshell, that’s my journey. I was steered by the needs of those that were within my care.

I am a caregiver. That is who I am. That is who I want to ever be.
This is why I love long-term care. I love this industry with a passion. I am committed to remaining within this industry. I have been offered so many glorious temptations to do something else, but I have chosen over and over to remain where I am and to serve. Especially those residents here who have done so much with their lives to pave the way for us, the younger generation. I feel fortunate to be here at Mary’s Woods.

Albert with team members Ashley Stoneking, CNA and Elizabeth Moore, LNHA, RCFA, Assistant Administrator

MORE ABOUT ALBERT:

Albert continues to serve as a faculty member at the University of Washington. Before taking the helm at Mary’s Woods, he served ERA Living for nine years as their Regional Director of Health, Wellness, and Compliance. He has served as Chief Clinical Officer for Serengeti Care Partners. Albert holds a Doctorate in Behavioral Health from Arizona State University and a Master & Bachelor of Science in Nursing from Excelsior College in Albany, NY. He is a published author, with multiple professional articles appearing in JAMA Internal Medicine, Journal of Gerontological Nursing, and the Washington State Nurses Association. His professional experience includes work on the Quality Committee for both the Washington Health Care Association and the American Health Care Association. As a featured conference speaker, Albert has presented on topics such as leadership, risk and infection management, clinical documentation and customer service.

By the Numbers

Fiscal Highlights as of June 30, 2021

- Independent living occupancy: 93%
- Exceeded all bond covenants (debt service coverage, days cash on hand, and occupancy)
- Early pay off of $5,565,000 in outstanding long-term debt with excess project funds
- Received full forgiveness of PPP* loan totaling $3,278,000
- $656,000 spent on direct COVID expenses
- Net operating margin decreased 3% year-over-year
- Impact of COVID and national staffing shortages contributed to the erosion of net operating margin
- The Portland metro area minimum wage has increased over 40% in the past five years

*The Paycheck Protection Program (PPP) is a Small Business Administration-backed loan that was offered to businesses to help them keep their workforce employed during the COVID-19 crisis. This government program ended on May 31, 2021.
THE RESIDENT FUND

Living out our values of Respect, Compassion, and Stewardship

The Resident Fund provides those who are facing financial hardships with access to monthly grants that help offset the cost of their monthly service fees. The ability to provide this type of aid is dependent on donations.

Assistance to residents is confidential and supplemental. Grants are awarded to those whose assets have become depleted due to multiple challenging factors, such as:
• increased life expectancy
• significant changes in health conditions earlier than expected
• the need for different levels of services for a couple
• an individual or couple on a fixed or limited income

Would you like information on making a contribution?

**HIGHLIGHTS**

**Resident Fund:** $199,000 in Service Fee Grants were distributed in FY2021. Over the last ten years, the number of residents assisted with a service fee grant has ranged from one to four per year. The long term goal is to continue to build the fund so that the annual earnings generated from investments meets the needs of those who qualify for assistance each year. The Resident Fund benefited from investment income which boosted the fund over $675,000 during FY2021.

**Employee Education Fund:**
$35,000 in employee training and tuition scholarships were distributed in FY2021. Twenty five scholarships were awarded throughout the year to support team members in their course of study, including employee professional training and tuition scholarships. A sampling of schools included: Caregiver Training Institute, Clackamas Community College, Colorado State University, Linfield School of Nursing, Oregon State University, Portland Community College, and Portland State University.

**Employee Emergency Assistance Fund:**
$13,000 in grants were distributed in FY2021.
Over the last two years the need has grown. Donations provide financial support for team members needing assistance with overwhelming medical bills, help affording rent, and monetary relief for those facing unexpected personal crises. All of these forms of aide greatly help Mary’s Woods retain talent and provide holistic person-centered care. Emergency grants are provided anonymously and are administered by the Human Resources department.
Wilton Jackson was a man, shaped by a childhood in the spare dust and blow of Texas and forged by air combat in World War II. He would marry his beloved Margery, grow a successful business in Nyssa Oregon, and raise a family of eight children. He was a supportively faithful congregant in a small Catholic parish. Wilton had found his place of belonging.

Fifty plus years in a community writes on the slate of a person’s character. Wilton was a keen observer. He listened to folks. He seemed to have a sixth sense for those in need. Already led by a giving heart, he quietly gave of his time and resources to folks both known and unknown. He provided support for Margery’s mother and for his mom and dad. He believed that they deserved a life free of need. As the last “chick” left for college, he and Margery opened their empty nest for each parent in their frail, failing years.

Wilton quietly felt led to provide food, clothing, heat, and comforts for untold numbers of local individuals and families. We will never know the true scope of his giving. And that would suit him just fine.

Wilton, with the help of his daughters in Portland, searched for a retirement community. He entered the doors of Mary’s Woods and searched no further. Wilton and Margery left the embrace of Eastern Oregon and walked into their Provincial House apartment with grateful hearts. Family was close. The Mary’s Woods community offered a hospitable and welcoming environment. They had found their new place of belonging.

A trip south in 2003 found Wilton telling his son Bruce and me a story about a couple down the hall who had become dear friends. Wilton’s gentleman friend confidentially shared his worries about his wife’s need for assisted care. It appeared that his monthly fees would quickly spend down his assets. The fellow was devastated.

Wilton was aware of the Resident Fund at Mary’s Woods. He was also aware that he might have some fundraising ideas to provide growth for the fund’s reserves. He sat at our table, coffee cup cradled by hands that had helped so many, and spoke
to a personal calling to elicit donations from the community. It was familiar territory for his giving heart. To listen to a friend in need. To multiply dollars for the Mary’s Woods Resident Fund.

I do not know the specifics of his gentle and not so gentle prodding of the Mary’s Woods community. I do believe that his zeal for the Resident Fund was in his DNA. He was born to be a generous servant to his fellow man. And I believe that he got the ball rolling on some fundraising events.

We lost both Wilton and Margery in February of this year. We came to know that they left a personal bequest to the Resident Fund, as outlined in their end of life wishes. The Jackson Family continues to have a heart for this compassion fueled fund. Wilton’s door was always an open one. His heart was always open to a person’s worry or need. The fund represents the promise that no resident’s door will be closed to them. Our father’s life was forged by the alchemy of hard work and a gentle spirit. Wilton and Margery continue to bless their family’s lives as their lovingly kind legacy of giving lives on in us all.

DONOR STORY

ROSE ALBERT

I just love Mary’s Woods. Every day I am excited to be here. Kevin Haberman is the one who offered me a job here at Mary’s Woods over 18 years ago and I am grateful.

The residents here are my family. I care for them. I know them. I understand them. I observe their needs and I want to support them. Especially as they get older and older. Maybe I care too much, but I don’t think so.

I give to the Resident Fund and it makes me happy. I want residents to know that there are people who will care for them and they will not be left behind. I do what I can at work. And, I do what I can with my donation to help.

We are a community and we support each other. I never want to leave here.

We are a community and we support each other.
Make your will a document that impacts a life.

That’s what a will can be.
A gift in your will is an opportunity to create a future - one where a person with the most challenging health issues can have peace of mind and know they can get the support they need to live a happy, healthy life. You can easily add simple bequest language in your will to include a gift for the Resident Fund.

Contact us!
Philanthropy & Strategic Communications
503-675-2066

Or consider a gift to the Resident Fund out of the refundable portion of your Entrance Fee. Many grateful residents become a part of the Gold Medallion Circle by choosing to Give 10 -- 10% of their entrance fee or another finite amount. How does this work? You sign a note, which is notarized, allowing a percentage of your returned entrance fee to be donated to the fund of your choice. The rest of your Entrance Fee goes to your estate. Plus, if at any time you change your mind, the note can be revoked. It is as simple as that.
GOLD MEDALLION LEGACY CIRCLE

The Gold Medallion Circle honors donors who have informed us they are making a legacy commitment or those who have made an estate gift. Gold Medallion partners make deferred gifts of all sizes, either in support of benevolent care or to help wherever the need is greatest. We thank them for their great leadership, deep compassion, and their foundational belief in the power and promise of a community of care.

† indicates those who have passed
In the fall of 2020, when the unprecedented Oregon wildfires threatened our home in Estacada…my family and I were forced to evacuate and leave our property. During this time, I continued to come to work, as I was committed to caring for residents and supporting my team. What was shown to me that week was…that the residents and staff were the ones who cared for me.

Resident and employee donors to the Mary’s Woods Employee Emergency Assistance fund helped me get through this harrowing time to help pay for temporary housing and I am forever grateful.

During the wildfires, my family and I were displaced for over a week, with no where to stay…I did not know if I would even have a home to go back to.

When the wildfires died down and we were allowed to return to our property…we did not know what to expect. Fortunately, the fire miraculously spared our home and only burned the trees in our yard. I have never been more grateful.

The very next day, I came in to work…and made a donation to the Employee Emergency Assistance Fund. It was a show of my family's deep gratitude. I know what it is like to be vulnerable and scared. I am grateful for the Mary’s Woods community…a community who supported me in my hour of need.

- Grateful Team Member
With profound gratitude, we celebrate the lifetime members of the President’s Circle. These major donors have made cumulative cash gifts of $10,000 or more to Mary’s Woods as of June 30, 2021.

The generous commitment of our Founders and Sponsors, the Sisters of the Holy Names of Jesus and Mary, is immeasurable. They have been, and continue to be, our most benevolent philanthropic partner.

THANK YOU!

A special thanks to
the Treasure Trove,
Bottle Recycling, and
The Underground
volunteers for their
hard work in support
of the Resident Fund.
Gifts received in honor of and in memory of loved ones are wonderful expressions of compassion and understanding. We celebrate those who were remembered in a special, meaningful way. Gifts given in tribute support the philanthropy fund of the donor’s choosing.

Great care is taken in compiling each of these lists. If your name is listed incorrectly or not at all, please accept our sincere apology and contact us at 503-675-2066 so we may accurately acknowledge your gift.
To honor the legacy of long-time mission-focused employee and to expand our diversity, equity and inclusions offerings, the Mary’s Woods Board of Directors established the Sr. Roswitha Frawley Educational Scholarship Fund. The program officially launched and began accepting donations to provide educational scholarships and trainings to Mary’s Woods employees, their spouses/partners and their dependents. It is now the largest single educational grant offered. In addition to those pursuing a traditional four-year degree, the program seeks to highlight those wishing to attend training programs, trade schools, or pursue other forms of education.

Sr. Roswitha Frawley loyally served our community for 19 years, most recently as Vice President of Mission Integration, before her retirement in early 2021. During her tenure, she worked diligently to aid residents and employees in understanding the rich historical roots, values, and mission of the Holy Names Sisters, who established Mary’s Woods in 2001. She sought to broaden our notion of education and training, and reinforce the concept that many forms of educational pursuits are worthy of supporting. The Mary’s Woods Board of Directors established the scholarship program to honor Sr. Roswitha’s legacy, promoting staff satisfaction and retention.

Wondering how you can help support this scholarship?

Visit the Portal under Philanthropy for a full list of ways to contribute to the Sr. Roswitha Frawley Educational Scholarship Fund. Thank you for honoring the legacy of Sr. Roswitha and for saying “Yes!” to forwarding the Mary’s Woods mission, promoting continued development and learning at all stages of life.

Meet This Year’s Recipients...

**Name:** Dave Knoth  
**Department:** Health Services  
**Position:** Medication Technician  
**Supervisor:** Adama Samura

“I’m very grateful to have this opportunity. I was inspired by the residents at Mary’s Woods as I worked as a caregiver and decided to pursue a nursing degree. I plan to use the scholarship funds for the nursing program at Portland Community College. Nursing school has been my dream and this scholarship will help me achieve it.”

**Name:** Bianca Piscitello  
**Department:** Health Services  
**Position:** Care Coordinator

“I was so excited to hear that I was chosen to be a recipient of the Sr. Roswitha Scholarship! I feel lucky to be part of and supported by the Mary’s Woods community. This scholarship will aid in my journey to becoming a nurse through my education at OHSU.”

**Name:** Kevin Clifton  
**Relationship:** Son of Kevin Haberman  
Son of Kevin Haberman, VP of Environmental Services

“I am honored to be chosen to receive this scholarship and I’m grateful for the opportunity to represent Mary’s Woods and my father. This scholarship will help me pursue my educational goals in business and finance at Portland State University.”
MY HOME AT MARY’S WOODS
by Sister Mary J. Steinkamp

Mary’s Woods is—
A place with hanging baskets spilling cheer
and welcoming all at the front door,

A place fired by love and fueled by hope,
Where no one walks alone, supported by community,
With a helping hand around every corner.
Where music erases fatigue lines from faces.
Where smiles caress the halls,
And laughter explodes from the poker games.

A place where people are alive to the beauty of the outdoors
and the beauty in their companions.
Where majestic deer and bouncing bunnies delight those
Who sneak up on them.

A place where gigantic redwoods, tall firs and flaming maples
add beauty and peace.
Where God breathes in every leaf,
Blessing those below,
With a peace that comes from walking hand in hand with each other
and with God.
