

Smart Home Bridge

Quick User Guide

eRemote

Wi-Fi Router with Internet Access

16 REQUIREMENTS

- A smartphone with iOS 9.0/Android 5.1 or later.
- A 2.4GHz Wi-Fi network with internet access.

16 EXIGENCES

- Smartphone mit iOS 9.0/Android 5.1 ou ultérieur.
- Réseau Wi-Fi 2.4 GHz avec accès Internet.

16 ANFORDERUNGEN

- Smartphone mit iOS 9.0/Android 5.1 oder neuer.
- 2.4 GHz Wi-Fi-Netzwerk mit Internetzugang.

16 REQUISITI

- Smartphone con iOS 9.0/Android 5.1 o successivo.
- Rete Wi-Fi a 2.4 GHz con accesso a Internet.

16 REQUISITOS

- Teléfono inteligente con iOS 9.0/Android 5.1 o superior.
- Red Wi-Fi de 2.4 GHz con acceso a Internet.

16 REQUISITOS

- Smartphone com iOS 9.0/Android 5.1 ou superior.
- Rede Wi-Fi de 2.4 GHz com acesso à Internet.

16 要件

- iOS 9.0/Android 5.1以降が搭載されたスマートフォン。
- インターネットアクセスのある2.4GHz Wi-Fiネットワーク。

16 المتطلبات:

هاتف ذكي بنظام iOS 9.0/Android 5.1 أو أحدث.
شبكة Wi-Fi بتردد 2.4 غيغاهرتز متصلة بالإنترنت.

16 DOWNLOAD LINKLINK APP

- Scan the QR code to download and install LinknLink App or search it on App Store / Google Play.

16 TÉLÉCHARGEZ L'APPLICATION LINKLINK

- Scannez le code QR pour télécharger et installer l'application LinknLink, ou recherchez-la sur l'App Store / Google Play.

16 LINKLINK APP HERUNTERLADEN

- Scannen Sie den QR-Code, um die LinknLink App herunterzuladen und zu installieren, oder suchen Sie sie im App Store / Google Play.

16 SCARICA L'APP LINKLINK

- Scansiona il codice QR per scaricare e installare l'app LinknLink o cercala su App Store / Google Play.

16 DESCARGAR LA APLICACIÓN LINKLINK

- Escanea el código QR para descargar e instalar la aplicación LinknLink o búscala en App Store / Google Play.

16 BAIXE O APLICATIVO LINKLINK

- Escaneie o código QR para baixar e instalar o aplicativo LinknLink ou procure na App Store / Google Play.

16 LinknLinkアプリをダウンロード

- QRコードをスキャンしてLinknLinkアプリをダウンロードしてインストールするか、App Store / Google Playで検索してください。

16 قم بتنزيل تطبيق LinknLink

قم بمسح رمز الاستجابة السريعة لتنزيل وتثبيت تطبيق LinknLink أو ابحث عنه في متجر التطبيقات App Store / Google Play.

16 CREATE ACCOUNT

- Choose a server and sign up for an account using your email. Then confirm your location to ensure accurate timezone and weather info.

16 CRÉER UN COMPTE

- Choisissez un serveur et inscrivez-vous avec votre email. Confirmez ensuite votre emplacement pour obtenir des informations précises sur le fuseau horaire et la météo.

16 KONTO ERSTELLEN

- Wählen Sie einen Server und melden Sie sich mit Ihrer E-Mail an. Bestätigen Sie dann Ihren Standort, um genaue Informationen zu Zeitzone und Wetter zu erhalten.

16 CREARE UN ACCOUNT

- Scegli un server e registrati con il tuo indirizzo email. Poi conferma la tua posizione per assicurarti informazioni precise sul fuso orario e le condizioni meteorologiche.

16 CREAR CUENTA

- Elija un servidor e ingrese su correo electrónico. Luego, confirme su ubicación para garantizar información precisa sobre la zona horaria y el clima.

16 CRIAR CONTA

- Escolha um servidor e faça o registro com seu e-mail. Em seguida, confirme sua localização para garantir informações precisas sobre fuso horário e clima.

16 アカウントを作成

- サーバーを選択し、メールアドレスを使用してアカウントを作成してください。その後、正確なタイムゾーンと天気情報を確認してください。

16 إنشاء حساب

اختر خادماً (server) وقم بتسجيل الحساب باستخدام بريدك الإلكتروني. ثم قم بتأكيد موقعك لضمان المعلومات الدقيقة حول التوقيت وحالة الطقس.

FCC RADIATION EXPOSURE STATEMENT

Contains FCC ID: 2A9BE-LL8720-P
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

3

EN DEVICE SETUP MODE

- Ensure the device LED is flashing intermittently. If not, use the reset pin to press and hold the reset button for 5s until the LED flashes intermittently.

FR MODE DE CONFIGURATION DU PÉRIPHÉRIQUE

- Assurez-vous que le voyant clignote. Sinon, utilisez la broche de réinitialisation pendant 5 s jusqu'à clignotement.

DE GERÄTE-SETUP-MODUS

- Stellen Sie sicher, dass die LED des Geräts intermittierend blinkt. Wenn nicht, verwenden Sie die Reset-Pin, um die Reset-Taste 5 Sekunden lang zu drücken, bis die LED intermittierend blinkt.

IT MODALITÀ DI CONFIGURAZIONE DEL DISPOSITIVO

- Verifica se il LED lampeggia. In caso contrario, usa la pinza di reset, premi e tieni premuto per 5s finché il LED lampeggia.

ES MODO DE CONFIGURACIÓN DEL DISPOSITIVO

- Asegúrate de que el LED parpadea. Si no, usa el pin de reinicio, presiona y mantén durante 5s hasta que el LED parpadea.

PT MODO DE CONFIGURAÇÃO DO DISPOSITIVO

- Certifique-se de que o LED pisca. Se não, use o pino de reset, pressione e segure por 5s até o LED piscar.

JP デバイスのセットアップモード

- LEDが点滅しているか確認してください。そうでない場合は、リセットピンを使用し、5秒間リセットボタンを押し続けて点滅するまで待ちます。

AR وضعية إعداد الجهاز

تأكد من أن ضوء الجهاز منقطع. إذا لم يكن الأمر كذلك، استخدم الدبوس لإعادة الضبط، اضغط ضغطه مطوله واستمر في الضغط لمدة 5 ثوان حتى يتقطع الضوء.

4

EN PREPARE SETUP

- Turn on Bluetooth on phone. Click "+" > "Add Device" > "Add a New Device" in the App and select the product. Keep device, phone and router closer.

FR PRÉPAREZ LA CONFIGURATION

- Activez le Bluetooth. Cliquez sur "+" > "Ajouter un appareil" > "Ajouter un nouvel appareil" dans l'application, puis sélectionnez le produit. Gardez le périphérique, le téléphone et le routeur à proximité.

DE SETUP VORBEREITEN

- Schalten Sie Bluetooth ein. Klicken Sie in der App auf "+" > "Gerät hinzufügen" > "Neues Gerät hinzufügen" und wählen Sie das Produkt aus. Halten Sie das Gerät, das Telefon und den Router näher beieinander.

IT PREPARA LA CONFIGURAZIONE

- Attiva il Bluetooth. Clicca su "+" > "Aggiungi dispositivo" > "Aggiungi un nuovo dispositivo" nell'app e seleziona il prodotto. Mantieni il dispositivo, il telefono e il router più vicini.

ES PREPARAR LA CONFIGURACIÓN

- Activa el Bluetooth en el teléfono. Haz clic en "+" > "Agregar dispositivo" > "Agregar un nuevo dispositivo" en la aplicación y selecciona el producto. Mantén el dispositivo, el teléfono y el router cerca entre ellos.

PT PREPARAR A CONFIGURAÇÃO

- Ative o Bluetooth no telefone. Clique em "+" > "Adicionar Dispositivo" > "Adicionar um Novo Dispositivo" no aplicativo e selecione o produto. Mantenha o dispositivo, o telefone e o roteador mais próximos.

JP セットアップを準備する

- フォンでBluetoothをオンにしてください。アプリで"+" > "デバイスを追加" > "新しいデバイスを追加"をクリックし、製品を選択します。デバイス、電話、およびルーターを近くに保つ。

AR تجهيز الإعدادات

قم بتشغيل البلوتوث على الهاتف. انقر على "+" > "إضافة جهاز" > "إضافة جهاز جديد" في التطبيق وحدد المنتج. احتفظ بالجهاز والهاتف وموزع الانترنت (الراوتر) بالقرب منك.

5

EN SET UP DEVICE

- Select a WiFi network for the device and enter the correct password to proceed (device LED will turn off). Then assign device to a room and name it.

FR CONFIGURER LE PÉRIPHÉRIQUE

- Sélectionnez un réseau WiFi, entrez le mot de passe (le voyant du périphérique s'éteindra). Ensuite, attribuez le périphérique à une pièce et donnez-lui un nom.

DE GERÄT EINRICHTEN

- Wählen Sie ein WiFi-Netzwerk, geben Sie das korrekte Passwort ein (die LED des Geräts wird ausgehen). Weisen Sie dem Gerät dann einen Raum zu und benennen Sie es.

IT CONFIGURA IL DISPOSITIVO

- Seleziona una rete WiFi, inserisci la password corretta (il LED del dispositivo si spegnerà). Assegna quindi il dispositivo a una stanza e dagli un nome.

ES CONFIGURAR EL DISPOSITIVO

- Selecciona una red WiFi, introduce la contraseña correcta (el LED del dispositivo se apagará). Luego, asigna el dispositivo a una habitación y ponle un nombre.

PT CONFIGURAR O DISPOSITIVO

- Selecione uma rede WiFi, insira a senha correta (o LED do dispositivo se apagará). Em seguida, atribua o dispositivo a um cômodo e dê um nome a ele.

JP デバイスを設定する

- デバイスのためにWiFiネットワークを選択し、正しいパスワードを入力して進行します(デバイスのLEDが消滅します)。次に、デバイスを部屋に割り当てて名前を付けます。

AR إعداد الجهاز (التنصيب)

اختر شبكة Wi-Fi للجهاز وأدخل كلمة المرور الصحيحة للشبكة المتابعة (سيتم توقف تشغيل ضوء الجهاز). ثم قم بتعيين الجهاز للغرفة او المكان و قم بتسمية الجهاز.

6

EN HOW TO USE DEVICE

- For more info on how to use the device, please navigate to "Me" > "Online Manual" in LinknLink App or search "LinknLink" to watch our tutorial videos on YouTube.

FR COMMENT UTILISER LE PÉRIPHÉRIQUE

- Pour plus d'infos, allez à "Moi" > "Manuel en ligne" dans l'app LinknLink ou recherchez "LinknLink" sur YouTube pour nos tutoriels.

DE WIE MAN DAS GERÄT VERWENDET

- Für mehr Infos, gehen Sie bitte zu "Ich" > "Online-Handbuch" in der LinknLink-App oder suchen Sie "LinknLink" auf YouTube für unsere Tutorial-Videos.

IT COME UTILIZZARE IL DISPOSITIVO

- Per ulteriori informazioni su come utilizzare il dispositivo, vai su "Me" > "Manuale online" nell'app LinknLink o cerca "LinknLink" su YouTube per guardare i nostri tutorial.

ES CÓMO UTILIZAR EL DISPOSITIVO

- Para más información sobre cómo utilizar el dispositivo, navega a "Yo" > "Manual en línea" en la aplicación LinknLink o busca "LinknLink" en YouTube para ver nuestros videos tutoriales.

PT COMO USAR O DISPOSITIVO

- Para mais informações sobre como usar o dispositivo, vá para "Eu" > "Manual Online" no aplicativo LinknLink ou pesquise "LinknLink" no YouTube para assistir nossos videos tutoriais.

JP デバイスの使用方法

- デバイスの使用方法についての詳細情報は、LinknLinkアプリの"Me" > "Online Manual"をご覧ください。また、YouTubeで弊社のチュートリアルビデオを検索してください。

AR كيفية استخدام الجهاز

لمزيد من المعلومات حول كيفية استخدام الجهاز ، يرجى الانتقال إلى "Online Manual" > "Me" في تطبيق LinknLink أو البحث عن "LinknLink" لمشاهدة فيديوهات الشرح على YouTube.

IMPORTANT NOTICE

The BLE Remote **does not support voice control**, and the **voice button** on the device is not functional.

HOW TO USE BLE REMOTE TO CONTROL YOUR TV

Create Virtual IR Remote in App

- Follow the user manual included to add the eRemote to the LinknLink app and access the device page.
- Click the "+" button and select "TV" or "Set Top Box." Then, follow the on-screen prompts to create a virtual IR remote for your specific TV/STB. Make sure to test the buttons within the app to ensure they work correctly.

Pair BLE Remote

- Click "BLE Remote" at the top of the hub page and choose "Bluetooth Remote." Press and hold both the left and right keys on the BLE Remote simultaneously to enter pairing mode. Then, click "Next" in the app. The hub will automatically search for and pair with the BLE Remote.

Bind BLE Remote with TV/STB

- Access the BLE Remote page in the app and click any button you wish to bind on the physical BLE Remote.
- Choose the virtual IR remote you created earlier and select the specific button you want to bind with the chosen BLE Remote button.
- Once the binding is complete, pressing the corresponding physical button on the BLE Remote will trigger an IR command sent from the eRemote hub to control your TV/STB. No need to directly point the BLE Remote at your TV or maintain line-of-sight for it to function.

Use BLE Remote mini for LinknLink Routines

- Click the "Routines" tab at the bottom in the App and click "+" to create a Routine.
- Click to add an event under "When event triggers from" > "Device operated" > BLE Remote and select a key.
- Click to add an action under "Do actions" > "Control Certain Device" and select a device and specify the action. You can add multiple actions or scenes if you have more devices. Then save the routine.

HOW TO USE BLE REMOTE MINI

Pair BLE Remote mini

- Follow the user manual included to add the eRemote to the LinknLink app and access the device page.
- Click "BLE Remote" at the top of the hub page and choose "Bluetooth Remote mini."
- Switch on the power of BLE Remote mini to enter pairing mode. Then, click "Next" in the app. The hub will automatically search for and pair with the BLE Remote mini.

Use BLE Remote mini for LinknLink Routines

For instance, you want to press the left key to turn on TV by eRemote

- Click the "+" button and select "TV" or "Set Top Box." Then, follow the on-screen prompts to create a virtual IR remote for your specific TV/STB. Make sure to test the buttons within the app to ensure they work correctly.
- Click the "Routines" tab at the bottom in the App and click "+" to create a Routine.
- Click to add an event under "When event triggers from" > "Device operated" > BLE Remote mini and select a key.
- Click to add an action under "Do actions" > "Control Certain Device" > TV and choose a button on virtual TV remote. You can add multiple actions or scenes if you have more devices. Then save the routine.

HOW TO ADD BLE SENSORS

- Enter the page of eRemote in the App and click "+" and select the type of BLE sensor.
- Install the battery for the sensor to power on it. Keep close distance between the sensor and eRemote and click "Next". The hub will automatically search for and pair with the sensor.

The sensors can be used to: Monitor current status, track and download history data, and automate routines in LinknLink App.
