Q: What should I do immediately after a car accident in Arvada?

A: Seek medical attention even if you feel fine, as adrenaline can mask injuries. Call the police to ensure an accident report is filed. Document the scene by taking photos of vehicle damage, car positions, skid marks, and traffic signs. Gather witness contact information.

Q: Should I apologize or admit fault at the accident scene?

A: No, exchange insurance information with the other driver, but do not discuss fault or apologize. Admitting fault can negatively impact your claim.

Q: Why is it important to get medical attention right away?

A: Take photos of the damage to all vehicles involved, the position of the cars, any skid marks, traffic signs, and any other evidence that helps explain what happened.

A: It is advisable to contact a car accident lawyer before giving any statements to the insurance company. They can help protect your rights and ensure you don't inadvertently harm your case.

Q: What information should I exchange with the other driver?

A: Exchange names and phone numbers, along with insurance information. Do not discuss fault or apologize.

Q: Why is a police report important after a car accident?
