December 2020

McLean

From the Desk of the Director . . .

This has been a long and challenging year. I am sure we are all ready to see 2020 come to a close, and are looking forward to the brighter days ahead!

We have new words in our vocabulary like social distancing and PPE. Face masks are now a part of our everyday wardrobe. We have been reminded that our health is precious and cannot be taken for granted. We have learned how important family and friends are during difficult times.

We are fortunate to have such a wonderful community who watches out for one another. There is a light on the horizon and hopefully I will be announcing a vaccine clinic in the not-so-distant future! Until then, thank you for pulling together as a Village family.

As you know, none of the decisions we have made throughout the pandemic have been made lightly. I understand they have not always been popular, but please recognize they are made for everyone's safety. McLean is and remains committed to protecting our community with the highest level of precaution and regard for your wellbeing.

On behalf of the Village staff, I wish everyone health and happiness this holiday season!

**Please watch for
pop up activities and
special dining room
events this month.**
