McLean

From the Desk of the Director ...

Say goodbye to summer and hello to construction!

The fences are up and traffic has been redirected. Demolition has begun and soon we will see a building start to take shape.

The construction process can be inconvenient and we thank you for your patience and understanding. We are doing our best to limit any disruptions.

Change can be looked at in two ways.

- It can be a challenge and frustrating
- or*
- An opportunity to learn and experience new things. (I know I have never seen a 40 foot tree picked up like a pencil!)

We encourage Villagers to stop and watch the construction (of course while social distancing and wearing a mask). We have deliberately placed benches near the fencing to offer viewing sites.

This month we will start weekly movies in the Hartford Room and bring back the knitting group in the lobby. Once again, all of the activities will follow infection control protocols and will have limited seating due to the 6 foot rule.

September Special Events
