A MESSAGE FROM THE DEAN

This fall, something exciting is happening at Miami Dade College Continuing Education.

Across our community, people are rethinking what is possible. Some are preparing for a new career. Some are building skills for a promotion. Some are launching a business idea, learning English, exploring technology, or finally taking that class they have always wanted to try. Whatever your goal may be, this catalog was created with you in mind.

The world of work is moving fast, and Miami is moving with it. Health care, technology, logistics, aviation, business, hospitality, entrepreneurship, and skilled trades continue to create new opportunities for people who are ready to learn and grow. Through Continuing Education, MDC offers practical, flexible training designed to help you build the skills employers need and the confidence to take your next step.

Inside this catalog, you will find programs that can open doors: health care training, technology and digital skills, business and leadership, English language learning, professional certifications, workforce programs, personal enrichment, and more. These are not just classes. They are launchpads.

At MDC, we believe learning should feel accessible, relevant, and connected to real life. Whether you are changing careers, returning to school, upskilling for today's job market, or discovering a new passion, we are here to help you move forward.

This is your season to start something new.
Explore the catalog. Find your program. Build your future.
We will see you this fall.

Intensive English - Level 6

This course is designed to advance English language comprehension, conversation, reading and writing skills. By engaging with language in a variety of contexts, students build self-confidence and increase fluency in social, travel, and professional situations. Writing exercises focus on vocabulary acquisition and application of complex grammar concepts, while speech, pronunciation, and intonation are enhanced during small group exercises and class discussions. *Prerequisites: Placement Test to determine English proficiency or successful completion of Intensive English 5 recommended.*

The AWS Certified Cloud Practitioner certification validates a foundational understanding of AWS Cloud concepts, services, security, and economics, making it the perfect starting point for individuals new to cloud computing or seeking to build cloud literacy. This entry-level certification is designed for professionals with little to no prior IT or cloud experience, as well as line-of-business employees who interact with cloud technologies and want to strengthen their knowledge of AWS. This course prepares learners to successfully pass the CLF-C02 exam by covering the core principles of cloud computing, AWS's global infrastructure, security best practices, and cost management strategies. Participants will gain the skills needed to confidently explain the value of AWS Cloud, position AWS services for common use cases, and collaborate effectively with technical teams in cloud-based environments.

AWS Certified Solutions Architect

The AWS Certified Solutions Architect certification validates your ability to design secure, resilient, high-performing, and cost-optimized architectures on AWS. This credential is ideal for professionals with prior AWS experience or a strong background in on-premises IT who are ready to advance their cloud architecture skills. Unlike developer-focused certifications, this exam does not require deep coding knowledge but does benefit from a basic understanding of programming concepts.
This course prepares learners for the exam, equipping them with the knowledge and hands-on skills needed to design solutions aligned with the AWS Well-Architected Framework. Through case studies and scenario-based practice, learners will gain the confidence to design and review cloud solutions that meet evolving business needs.

PURPOSE

The School of Continuing Education and Professional Development's (SCEPD) mission is to create high-quality workforce training, adult education programs, and personal enrichment courses that are accessible to the community. The School provides innovative educational experiences that are responsible to the needs and interests of industry and life-long learners of all ages.

BOOKS AND MATERIALS

Instructors will discuss materials and textbooks during the first class and these are available at the bookstore on each campus. For short workshops, one of our program specialists will call you with the information to purchase books before the first class.

REFUND POLICY

A full refund (100% of paid tuition) will be authorized, if a class is dropped before or on the drop deadline date. Refunds after the drop deadline date may only be considered, if a written request is submitted by the student to the department. Submissions of written requests for a refund after the drop deadline date are subject to an appeal process and do not automatically result in a full or partial refund. This Refund Policy is valid and binding for any and all courses offered by and through the School of Continuing Education and Professional Development.

DISCLAIMER

Miami Dade College reserves the right to cancel classes and/or programs for which there is insufficient enrollment, to close a class when the enrollment limit in that class is reached and to make any schedule changes as necessary, including a change in time, days, credit, location or instructor. In the event of cancellation, the College will notify each registrant by e-mail and/or by telephone and will issue a full refund. Miami Dade College is not responsible for any other related expenses.

Fees for Continuing Education classes are inclusive of the College's Access Fee.
