

AIR ROWER

COMMERCIAL SH-R8100

Built on scientific design and rigorous testing, it combines precise resistance and stable construction to deliver a full-body, efficient workout experience. Whether for fat burning, body shaping, or endurance training, it meets every fitness demand.

Dual Resistance System

Dual air and magnetic resistance with 16 adjustable levels delivers an authentic rowing feel and supports progressive, effective training.

Premium Console Experience

7-inch LCD supports diverse training programs and entertainment features.

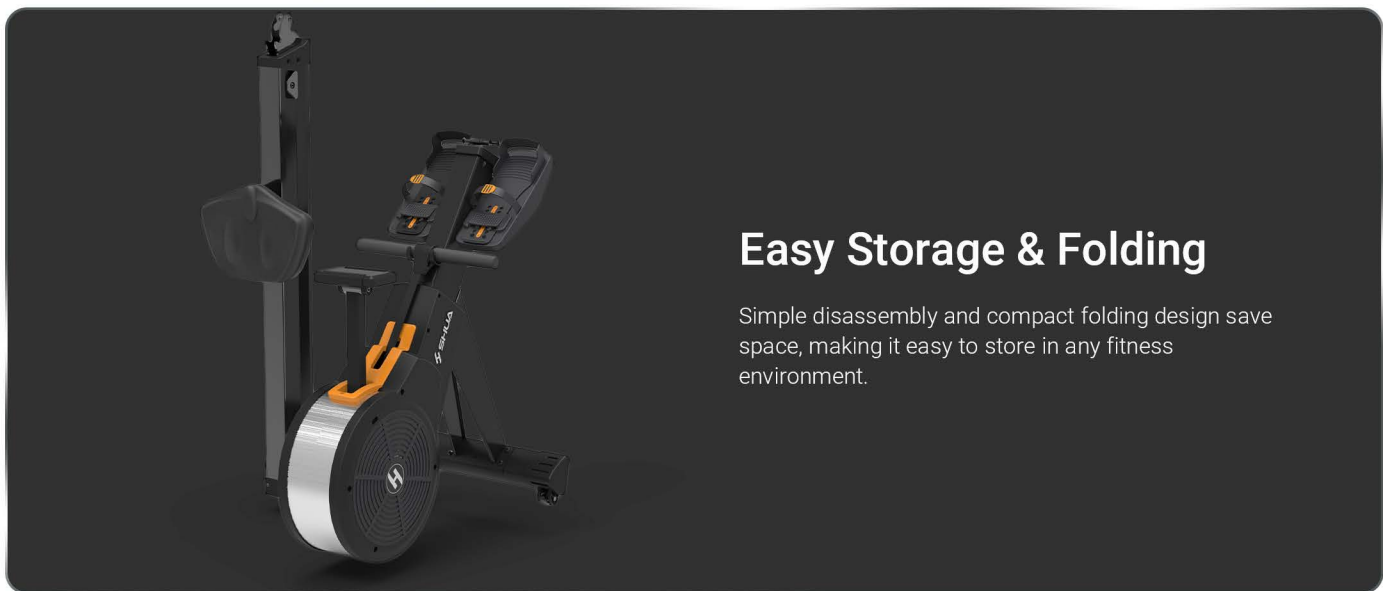

Ergonomic Design

Low rail design and extended 120cm track with adjustable footrests provide smooth motion and a comfortable fit for all users.

Durable Maintenance Free Strap

High-density maintenance-free strap delivers smooth and quiet operation with long-lasting durability, ensuring reliable performance on every stroke.

Easy Storage & Folding

Simple disassembly and compact folding design save space, making it easy to store in any fitness environment.
