Pull out
Faucet mixer

INSTALLATION INSTRUCTIONS

corona

1 Year Warranty
Corona

PARTS LIST

1. Basin Mixer
2. Allen Key
3. Rubber Washer
4. Metal Washer
5. Fixing Nut
6. Metal Ball

CONDITION FOR USE:
Maximum Working Pressure: 120 psi

RECOMMENDED TOOLS

Screwdriver

Open-end wrench

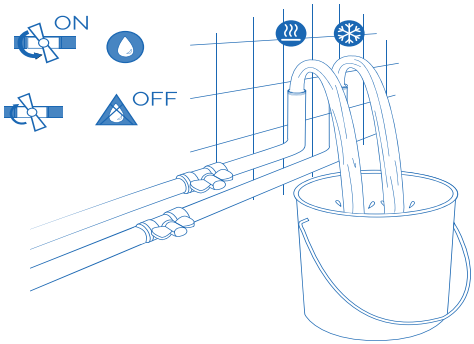

Adjustable wrench

Parrot pliers

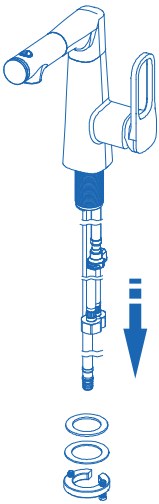

PTFE tape

INSTALLATION GUIDE

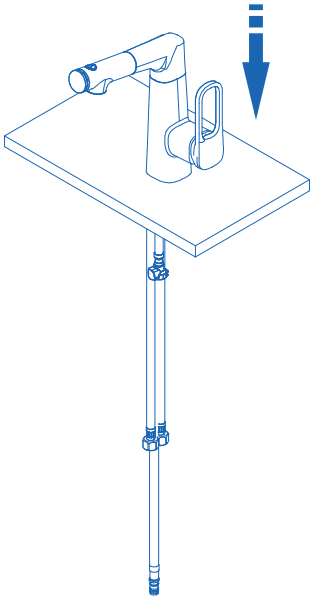

1. Ensure the piping system is fully drained before proceeding with the installation of the faucet.

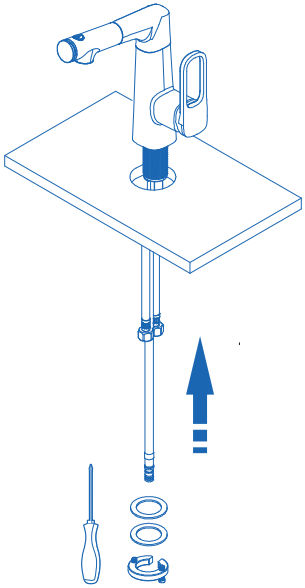

2. Disassemble the fixed nut, rubber washer and metal washer from the Basin Mixer.

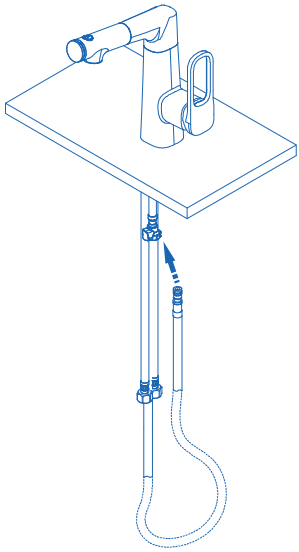

3. Insert the Flexible Hoses and Shank through the mounting hole and position the mixer on the sink or countertop.

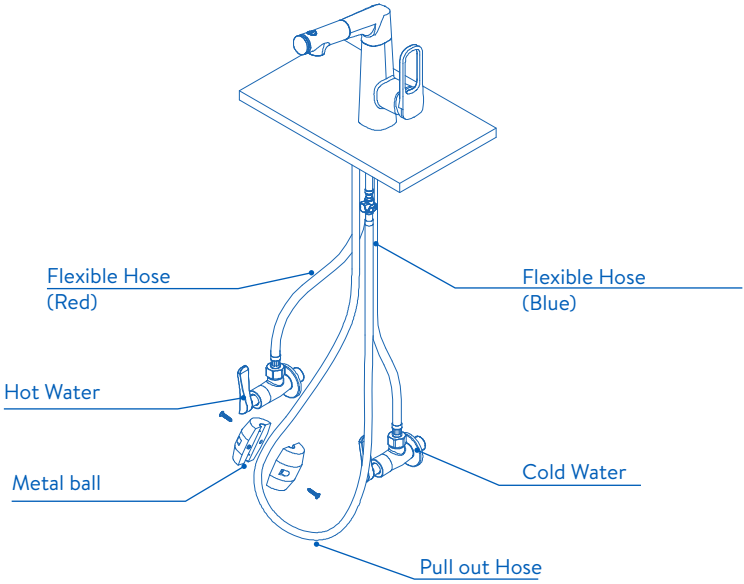

4. From beneath the mounting hole, insert the rubber washer followed by the metal washer onto the threaded shank. Secure the locknut tightly using a screwdriver.

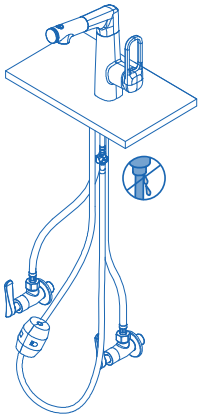

5. Insert the pull-out hose into the quick connector until it clicks securely into place.

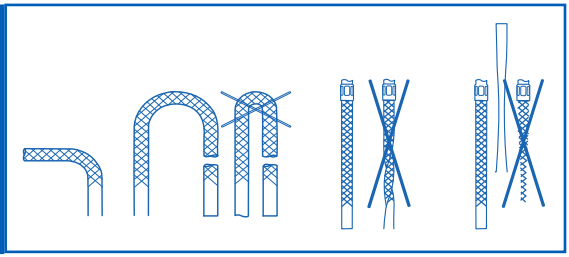

6. Connect flexible hoses to the water supply. The hot water pipe shall be connected to the left side and the cold water pipe to the right side. Install the Metal Ball on pull out hose.

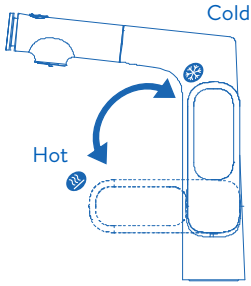

7. Perform a functionality test and inspect all connections thoroughly for any leaks.

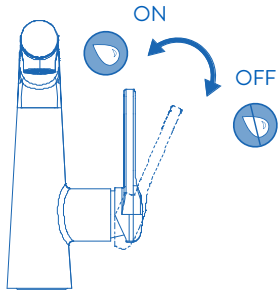

NOTE: Do not twist or overstretch the water inlet hoses!

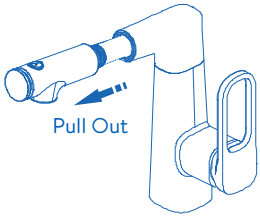

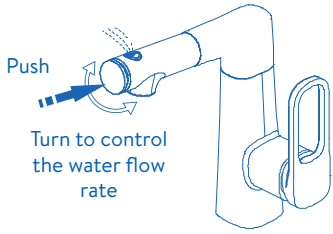

INSTRUCTION FOR USE

Cold-start open for saving energy

NOTES

CORONA INTEGRAL WARRANTY CERTIFICATE

Limited to 1 year

You have just purchased a Corona product, designed and manufactured under the strictest standards and quality specifications to ensure proper operation. Through this warranty, our company thanks you for choosing one of our products and acknowledges your trust by offering specialized technical support and a complete network of authorized service centers (GRIVAL® PSAs* and SAGs**), along with the most comprehensive information.

The Corona Integral Warranty Certificate guarantees that, in addition to the advanced manufacturing technology used to achieve the highest quality in each Corona product, you will receive full support from o ur organization in the event the product presents any manufacturing defects. This includes the structural parts of the product that do not wear out from daily use or handling (body – chassis), and also includes components with an aesthetic finish.

NOTE: CORONA reserves the right to discontinue or modify any product at any time without prior notice to the distribution network.
