

MATERIAL HANDLING INNOVATION

PARCEL LOCKER DROP BOX

The BHS Parcel Locker Drop Box (DB-P) offers a dependable solution for secure, unattended package collection. This durable steel collection box features a tilt-open deposit door up top, with lockable double doors in the base for quick, convenient access to contents.

Built for Security and Convenience, Indoors or Out

The DB-P was designed to simplify package collection anywhere. Pre-drilled anchor holes make secure installation quick, while elevated floor plates and drain holes keep contents dry. The weather-resistant powder coat protects a welded steel frame, providing a lifetime of dependable service.

Easy to Use

Gas shocks assist in opening the delivery door, while a self-closing plate prevents unauthorized access to contents.

Permanent Secure Installation

Pre-drilled anchor holes and a unit weight of 600 lb (272 kg) keep the DB-P rooted firmly in place, ensuring security in outdoor locations.

Receive Deliveries After Hours

Never miss a delivery again. The DB-P accepts packages at any time of the day or night so you can keep business moving even when you're not there.

Heavy Duty Construction

With a welded steel frame and a durable powder coating, the DB-P ensures peace of mind for valuable deliveries.
