

## PRESENTING OUR NEWEST INNOVATION **ADJUSTABLE PANEL CART**

Use a single cart to store and transport panels, sheets, plates, bars, pipes, and scraps, all in a space-saving vertical position. Simply rearrange the PVC dividers to configure the Adjustable Panel Cart for any sheet-like material.

### Heavy Duty Handling for Sheet Materials

Adjustable Panel Carts are built for reliable service in high-demand applications. Tubular steel construction provides high carrying capacities and strong resistance to impacts. A durable powder-coat finish prevents damage from chemicals or corrosion. Poly casters roll smoothly for ergonomic operation.

#### Configurable to Task

Adjust divider placement to secure materials of varying thicknesses. The convenient bolt-on design makes it easy to configure storage compartment sizes as needs change.

#### Protection for Contents

PVC contact surfaces and an optional protective deck mat prevent damage to contents, even for delicate materials like glass or artwork.

#### Custom Models Available

Ask for custom sizes, capacities, colors, and even materials. As an original equipment manufacturer, BHS can build the cart you need.

#### Designed & Manufactured in the USA

BHS builds every Adjustable Panel Cart at our state-of-the-art facility in St. Louis, Missouri. Our high quality materials and expert craftsmanship ensure durable solutions. Built strong. Built Local.

# ADJUSTABLE PANEL CART

## PANEL CARTS & SHEET RACKS

### Durable Design

Tubular steel construction delivers reliable performance under heavy, frequent use. The powder-coat finish resists chemical damage and corrosion for long-lasting durability

### Adjustable Dividers

Adjustable PVC dividers accommodate materials of varying thicknesses

### Effortless Transport

Poly casters improve ergonomics and mobility under load

### Protective Surface

PVC contact surfaces won't scratch or dent delicate materials

### Vertical Storage

Ideal for transporting items like electrical panels or sheet metal remnants. Efficiently stores sheets, panels, and scraps in a vertical position for easy handling of these cumbersome materials.

### Added Protection

Optional protective mat creates a barrier between delicate items and the cart's metal surface for safer storage and transport.

Model	Maximum Capacity	Overall Width	Overall Depth	Overall Height	Usable Compartment Space	Weight
APC-7122	1,000 lb (454 kg)	75" (1905 mm)	24" (610 mm)	50" (1270 mm)	71.5" W x 22.4" D (1816 mm x 569 mm)	230 lb (104 kg)
Options		Description				
Protective Mat (APC-MAT)		Enhances stability and protects delicate items during transport and storage
