

PRESENTING OUR NEWEST INNOVATION ***PAYMENT DROP BOX***

Safely collect payments and forms any time of the day or night. Payment Drop Boxes from BHS, Inc. protect contents with powerful welded steel construction, reliable security features, and smart, simple design — engineered and manufactured in the USA.

Secure Outdoor Performance

A weather-resistant powder-coat finish prevents corrosion, while steel covers shroud the collection chute and hinged-lid envelope rack. Drainage perforations in the base further prevent moisture accumulation. An integrated fork pocket simplifies positioning and installation.

Simplifies Payments

Around-the-clock availability and a weather-resistant envelope/literature rack enhance customer experience.

Safe & Secure Collection

Protect contents with 10-gauge steel walls, anti-pry rear collection door, and a reinforced lock base.

Heavy Duty Construction

Welded steel walls and a durable powder-coat finish provide long-lasting performance in demanding outdoor conditions.

Custom Designs Available

Specify alternate colors, dimensions, and locking mechanisms for a solution tailored to your requirements.

LOCKERS & DROP BOXES

PAYMENT DROP BOX

Secure Retrieval

Rear access door allows for secure retrieval of deposited items and features an embedded key lock with a reinforced metal strike plate for enhanced security and durability.

Lasting Durability

Built with rugged 10-gauge steel and a weather-resistant powder-coated finish for exceptional strength and corrosion resistance.

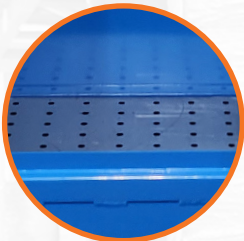

Acrylic Envelope Holder

Integrated acrylic envelope holder features a 4" pocket for blank envelopes with a weather-resistant hinged lid.

Protective Design

Steel overhangs shield the deposit opening and literature compartment from the elements

Integrated Drainage

Integrated baseplate drainage holes prevent water accumulation in the unlikely event of water intrusion.

Forklift Access

Fork pockets in the base allow movement via lift truck

Secure Onsite Installation

Four 3/8" anchor holes are located inside the drop box, providing a convenient and secure method for anchoring it to the floor or mounting surface.

Continuous Collection

Designed for municipal utility payments, this secure drop box provides 24/7 payment collection while helping protect deposited contents from theft.
