

PRESENTING OUR NEWEST INNOVATION ***TILT CART DUMPER***

Improve safety and productivity during waste handling tasks with hydraulic Tilt Cart Dumpers (TCD-1) from BHS. These dock-to-dumpster tilting machines protect workers from hazards associated with emptying carts, including fall risks and musculoskeletal disorders associated with lifting heavy loads.

Manage Waste with Ease

The combination of dual floor breaks, wheel and lip restraints, and rear loading doors makes the Tilt Cart Dumper a safe, secure way to dump tilt carts ergonomically.

Reliable Load Emptying at Dock Level

The Tilt Cart Dumper tilts plastic trucks beyond 90° to fully empty loads from dock level into dumpsters. Workers no longer need to assist in raking out contents of the tilt truck to fully unload.

Self Contained

Tilt Cart Dumpers are powered by a self-contained 12-volt lead-acid battery with an integrated charger. Plug the unit into a standard 120-volt wall outlet to charge.

Straightforward Controls

The control panel is as simple as possible, consisting of a power button, power indicator light, and a comfortable tipping lever.

Easily Maneuvered

The TCD comes equipped with heavy duty casters and rear-located mobility handles to simplify relocation.

TILT CART DUMPER

BIN DUMPERS & BINS

Loading Ramp

Lever controlled loading ramp allows easy loading and prevents carts from rolling back when raised

Over 90° Tilt

The TCD tilts over 90° to ensure complete removal of waste without using other tools or risking workers leaning off of docks

Operator Protection

Expanded steel panels fully enclose tilting mechanism for greater safety during use

Rear Loading

Safely roll a loaded cart into the cradle through rear-loading doors

*Note: The doors must be fully closed for the TCD to operate

Durable Construction

Heavy-duty steel construction and durable powder coat finish resists rust and scratches

Cart Restraints

Adjustable lip restraints allow the tilt carts to be dumped safely beyond 90°

Standard Size

The TCD-1 fits most 1 cubic yard tilt carts and can be customized to fit the dimensions needed

Secure

Dual floor locks ensure stability during operation

Heavy Duty Casters

Smooth-rolling, heavy-duty casters simplify transport

Handles

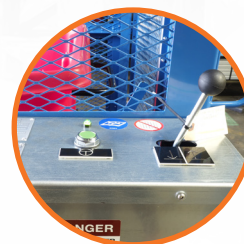

Handles on opposite sides for positioning unit

Ergonomic Tilting

Ergonomic unloading from dock to dumpster

Simple Controls

A green light indicator lets you know when the TCD is ready for use
