

Helping small businesses protect themselves from cybersecurity risks and business loss.

Cyber risks can negatively impact your brand, compromise your valuable data, and even put you out of business.

SURVIVE CYBER™ helps protect your business from cyber threats with a simple, easy to deploy and affordable solution.

Specifically Designed for the Unique Needs of the Small to Midsize Business (SMB)

EASY TO IMPLEMENT • AFFORDABLE • EFFECTIVE

BEFORE AND AFTER: Protects your business before and after a Cyber Attack.

LEGAL PROTECTIONS: Legal Protections against cyber lawsuits backed by the US government through compliance with the 2015 Cybersecurity Information Sharing Act (CISA).

CYBER INSURANCE: A \$100,000 cyber insurance protection policy to cover the costs of a data breach.

THREAT ALERTS: Timely cyber alerts that enhance cyber preparedness and defenses.

RESOURCE CENTER: Award winning Resources Center with access to risk management tools, expert technical and legal guidance and information.

PEACE OF MIND.
