

# AGENDIZE APPOINTMENT SCHEDULING

Agendize gives you a faster, simpler, and more efficient booking alternative.

## WHAT IS AGENDIZE APPOINTMENT SCHEDULING?

Appointment Scheduling is a feature that allows the user to book a time slot for a service, directly from a website, a Facebook page or a mobile phone. A fast and efficient way to set appointments remotely, in total autonomy.

With Agendize, you can customize appointments by adding your various services, your staff members and their availability. The platform is designed so that it adapts to your needs according to your type of activity and facilitates your organization.

## WHAT IS THE PURPOSE OF THIS FUNCTIONALITY?

When they contact you, your customers like to use a single channel of communication throughout the interaction. The advantage of this feature is that customers no longer need to make a reservation by phone or in-store. You offer them a quick and efficient way to make an appointment with you from your site.

An online appointment solution is also an opportunity to modernize your services, and to digitize your business.

Thanks to a schedule available at all times and continuously updated for your clients, you improve your customer engagement and boost your income.
