

5 reasons to implement online booking

Increase web conversion

Customers will be able to access your business availabilities 24/7. Better user experience = increase in web conversion.

01

02

Save time

Spend less time over the phone or answering voicemails & emails and concentrate on your core business.

Boost productivity

With online scheduling enhancement, an average of 40% of appointments are booked outside of business hours.

03

04

Reduce no shows

Thanks to automatic notifications, reminders & pre-payment options reduce no shows by up to 80%.

Upsell

Showcase all your services as well as your added value offerings in the booking widget to increase your revenues.
