

# Healthcare at Home: Revolutionizing Access to Care

In today's fast-paced world, accessing healthcare in a convenient and comfortable setting has become increasingly important. Imagine receiving comprehensive behavioral health and medical services right from the comfort of your home. This innovative approach is transforming how adults 55 and older, including those with dementia and their caregivers, receive the care they need.

HWC is offering at home care that is tailored for adults aged 55 and older, particularly those with dementia and their caregivers. Whether you're experiencing mental health or physical health concerns, these services are designed to meet your needs.

## Comprehensive Services Offered

The range of services available is extensive and includes:

- **Assessments:** To determine individual needs.
- **Counseling:** Providing support and guidance.
- **Remote Healthcare (Telehealth):** Access medical care without leaving home.
- **Medical Services and Reviews:** Comprehensive medical evaluations.
- **Referrals and Labs:** Ensuring you receive the necessary follow-ups and tests.

These services are available to everyone, including those with private insurance, Medicare, Oklahoma Medicare/Sooner Care, and even the uninsured or under-insured population.

## Cost-Efficient Care

Worried about the cost? The fees for these services are based on household income and size, ensuring affordability for everyone. This approach makes it possible for more people to access the care they need, without the burden of high costs.

## How to Get Started

For more information or to access these services please contact one of the two community care workers listed below -

Robin Krisher - 1 (800) 640-9741 ext. 1195; rkrisher@healthwellnessok.com

Lexi Pryor - 1 (800) 640-9741 ext. 1082; lpryor@healthwellnessok.com

**Embrace the future of healthcare and experience the peace of mind that comes with receiving quality care in a familiar environment.**
