

Project Storyboard for Vyond

Title of Project: About me: a journey to learn more about me

Introduction: In an effort to uncover more information about me, other than reading a resume, I will explain a bit about myself and how I professionally transitioned into an instructional designer and eLearning developer.

Learning Objective: Upon completing this training, the learner will be able to:

- Learn more about me in an engaging manner using a variety of features in Vyond to showcase my skillset with that program.
- Learn about some skills that I am trained and certified to use to develop and deliver the most engaging content to learners.

Target Audience: Human Resources/Hiring Personnel

Target Training Time: 2 minutes 27 seconds

Directions for Reviewer(s):

- The first column contains the images, graphics, and animations that will occur.
- The second column is the narration script. The voiceover narration will
- The third column provides animation details.
- The fourth column is for comments/feedback from you.
