CUSTOMER REVIEW

 **martin robert**

★★★★★ **Nice and sturdy toilet seat!**

Reviewed in Germany on 15 July 2022

Verified Purchase

Bought on PRIME DAY 12/13 July 2022 and was not disappointed. Quite the opposite. Monday was the actual delivery date, and with early information, it was delivered on Friday. Really easy. Everything is well packaged, nothing was missing in accessories and no sign of damage. It looks really nice too. Assembly instructions in English only. No problem, the drawings explain everything by themselves. One two three was all assembled. It took less than a quarter of an hour to assemble. Then try out the soft-close mechanism individually and together with glasses and cover. Works impeccably. Wait and see what it looks like in a year. The dismantled toilet seat had given up its soft-close system after one year. With the new one, there will hopefully be a longer shelf life. Really worth a buy recommendation at this point in time.

 **Ulrich**

★★★★★ **Safe, stable and durable...**

Reviewed in Germany on 18 January 2022

Colour Name: Granite | Verified Purchase

Timely delivery, well and securely - with all mounting hardware - packed.

Visually very nice, good quality. Easy to install in 5 to 10 minutes It is very stable/firm and does not slip back and forth after assembly. You can also sit on it very comfortably as a slightly heavier type (90 kg).

Smooth and comfortable seat. Easy to clean
The automatic lowering mechanism (glasses & lid) works silently and very gently.

My subjective assessment after about 3 weeks: The product is of high quality - if not wantedly/damaged by mistake - can last a very long time...

It looks very nice, I'll give you all the stars. With the pattern, it's a matter of taste Price-performance ratio fits, installation is very easy, quality and durability cannot be judged after such a short period of time. But I assume it's okay too, after the first impression!

Hello, sturdy toilet

seat with fall brake and everything you need to install it.

Everything is supplied, nut, washer etc etc...

For the price it is pretty, equipped with a fall brake and very easy to install.

A very simple illustrated manual is provided.
