**John King, ex-regulator, having left the FCA in April 2019 after 16 years, and now runs his own consultancy firm and is an INED at A-Plan Group**

With over 30 years of insurance and financial services experience across a range of roles, John is now utilising this broad knowledge in a Non-Executive and regulatory consultancy / due diligence capacity. He is renowned for a pragmatic approach to regulation, being able to see the issues from both sides.

At the regulator, John was responsible for the supervision of insurers and insurance intermediaries covering a wide range of issues and dealing with the board and senior management at firms to resolve them.
