Miami Head Coach Frank Haith Quotes

General Thoughts:

I thought they came out with a strong aggressive start. They came out playing hard, and we couldn't match that. You have to give our guys credit, we fought hard to get back in it, but you have to give Clemson credit, they were fresh and ready to go.

On the start to the game:

I think Clemson did a great job bowing their back. You can't spot a team that good 21 points. They made the plays and they made their free throws.

On Clemson's Defense:

I think their defense was very good and very aggressive. I think Jack (McClinton) forced some shots, but we forced some shots.

On turnovers in first half vs. second half:

We didn't turn the ball over much in the second half, which is how they scored in the first half. That's the key in playing Clemson, you have to take care of the ball.

On Tigers seven-day layoff:

You could tell they were fresh. They had a great environment and I think they played off their crowd. I thought we fought hard, but we got too far behind. You never know how lay-offs can work, but it looked like it helped them tonight.

On what it will take to get to the NCAA tournament:

I think you have to be .500. If you look at Clemson and Miami, we mirror each other. Our RPI and SOS are similar. WE are right here with them, but they are at eight wins and we have three games to get where they are at.

Coach Purnell Quotes

On Game

"We preach defense and that is a big part of our game, but it helps to be able to make shots. We were also made our free throws down the stretch. Everything was going well in the first half and we had all cylinders running. The second half we came out a little flat and our post players especially because the virus was catching up to them. Cliff Hammonds' shot block was definitely the game changing moment."

On keeping physical

"It is hard if everyone isn't healthy. James Mays is a huge part of our pressure and having him weak really hurt us."

On Cliff Hammonds

"He hit that huge three-pointer, and it helped our mindset. I don't think our guys really got rattled because we have been in a lot of these games."

On Winning

"It minimizes our struggle down the road. It is always tough to lose two in a row especially in this league so it is great to win this one. Our team is resilient, and they are experienced in these kinds of games so that really helps."

On Maryland

"Going to Maryland is tough, they are right behind us in the standings and it will be a game a lot like this one. Winning that game would solidify third place and boost our resume."

On Players getting down

"I never got the impression that they got down and the crowd stayed in the game too. We have a great crowd and have been successful at home so I think that helped."
