

REGULAR MEETING BOARD OF DIRECTORS THURSDAY, MARCH 24, 2016 – 6:30PM 3 DAIRY LANE, BELMONT CALIFORNIA

AGENDA

1. OPENING

- A. Call to Order
- B. Establishment of Quorum
- C. Pledge of Allegiance

2. PUBLIC COMMENT

Members of the public may address the Board on the Consent Agenda or any item of interest within the jurisdiction of the Board but not on its agenda today. In compliance with the Brown Act, the Board cannot discuss or act on items not on the agenda. Please complete a speaker's form and give it to the District Secretary. Each speaker is limited to three (3) minutes.

3. AGENDA REVIEW: ADDITIONS/DELETIONS AND PULLED CONSENT ITEMS

4. ACKNOWLEDGEMENTS/PRESENTATIONS

A. Jonathan Anderson – Water Treatment Operator Grade T1

5. CONSENT AGENDA

All matters on the Consent Agenda are to be approved by one motion. If Directors wish to discuss a consent item other than simple clarifying questions, a request for removal may be made. Such items are pulled for separate discussion and action after the Consent Agenda as a whole is acted upon.

- A. Approve Minutes for the Regular Board Meeting of February 25, 2016
- B. Approve Expenditures from February 17, 2016, through March 15, 2016

6. HEARINGS AND APPEALS

None

7. DROUGHT AND WATER CONSERVATION

- A. Water Conservation Progress Report
- B. Progress Report on 2015 Urban Water Management Plan (UWMP)

8. REGULAR BUSINESS AGENDA

A. Discuss Preliminary Water Revenue Requirements for Fiscal Year 2016/2017

- B. Discuss Preliminary Working Draft MPWD Fiscal Year 2016/2017 Operating Budget Summary and Assumptions
- C. Consider Financing Options for Potential MPWD 5-Year Capital Improvement Program
- D. Discuss Implementation and Management Process for Potential MPWD 5-Year Capital Improvement Program

9. MANAGER'S AND BOARD REPORTS

- A. General Manager's Report
 - 1. Supplemented by Administrative Services Manager's Report
 - 2. Supplemented by Operations Manager's Report
 - 3. Supplemented by District Engineer's Report
- B. Financial Reports
- C. Director Reports

10. FUTURE AGENDA ITEMS

Requests from Board members to receive feedback, direct staff to prepare information, and/or request a formal agenda report be prepared and the item placed on a future agenda. No formal action can be taken.

11. COMMUNICATIONS

12.CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION

(Subdivision (b) of Section 54956.9)

Maskay, Inc. d/b/a Eurotech, et al. v. Mid-Peninsula Water District
San Mateo County Case No. 536467

13. ADJOURNMENT

This agenda was posted at the Mid-Peninsula Water District's office, 3 Dairy Lane, in Belmont, California, and on its website at www.midpeninsulawater.org.

ACCESSIBLE PUBLIC MEETINGS

Upon request, the Mid-Peninsula Water District will provide written agenda materials in appropriate alternative formats, or disability-related modification or accommodation (including auxiliary aids or services), to enable individuals with disabilities to participate in public meetings. Please contact the District Secretary at (650) 591-8941 to request specific materials and preferred alternative format or auxiliary aid or service at least 48 hours before the meeting.

Next Board Meeting: April 28, 2016, at 6:30PM

1 2 3		REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE MID-PENINSULA WATER DISTRICT
2 3 4 5 6 7		February 25, 2016 Belmont, California
8 9 10 11	1.	OPENING A. Call to Order: The regular meeting of the Mid-Peninsula Water District Board of Directors was called to order by President Zucca at 6:30 PM.
12 13		B. Pledge of Allegiance – The Pledge of Allegiance was led by Director Stuebing.
14 15 16		C. Establishment of Quorum: PRESENT: Directors Stuebing, Vella, and Zucca.
17 18		ABSENT: Directors Linvill and Warden.
19 20		A quorum was present.
21 22 23 24		ALSO PRESENT : General Manager Tammy Rudock, Administrative Services Manager Candy Pina, and Operations Manager Rene Ramirez, District Counsel Julie Sherman, District Engineer Joubin Pakpour, and District Treasurer Jeff Ira.
25 26 27 28 29	2.	PUBLIC COMMENTS Customer Perry Kennan commented that he would like the District to consider recycled water delivery systems, and mentioned that grants may available for that purpose. President Zucca thanked him for his comments.
30 31 32	3.	AGENDA REVIEW: ADDITIONS/DELETIONS AND PULLED CONSENT ITEMS None.
33 34 35 36 37 38 39 40	5.	 CONSENT AGENDA A. Approve Minutes for the Special; Board Meeting of January 21, 2016, and the Regular Board Meeting of January 28, 2016. B. Approve Expenditures from January 20, 2016, through February 17, 2016. C. Enact Resolution 2016-01 Approving a Salary Adjustment to \$172,250 Year for the General Manager, effective January 1, 2016, and Corresponding Second Amendment to the General Manager's Employment Agreement
41 42 43 44		Director Stuebing moved to approve the consent agenda, Director Vella seconded. Roll call was taken and it was unanimously approved.
45 46	4.	ACKNOWLEDGEMENTS/PRESENTATIONS None.
47 48 49 50 51	6.	HEARINGS AND APPEALS None.

7. DROUGHT AND WATER CONSERVATION

A. Water Conservation Progress Report

General Manager Rudock briefly summarized her written report. She added that MPWD's Water Efficiency Landscape Ordinance (WELO) was submitted, and receipt acknowledged by the State.

B. Progress Report on 2015 Urban Water Management Plan (UWMP)

General Manager Rudock explained the UWMP report is data driven, and includes the development of many tables. The project is a big effort but is on target.

8. REGULAR BUSINESS AGENDA

A. Consider Approving the MPWD 2016 Strategic Plan, including Mission Statement, Vision Statement, Strategic Goals, and Director Assignments

General Manager Rudock summarized her report and her work with the Board President and Julie Brown of Julie Brown & Associates to organize the 2016 Strategic Plan, and then introduced Julie Brown, who facilitated the MPWD 2016 Strategic Plan meeting. Julie Brown congratulated the Board for the new document. President Zucca stated that he believed the formatting should be such that the plan would be a stand-alone document that included all relevant information. Director Stuebing liked the plan's fluidity. Director Vella would like this document to be revisited in six months, and if any amendments or additions are made, to update it on the District's website. Director Stuebing moved to approve the MPWD 2016 Strategic Plan, including its Mission Statement, Vision Statement, Strategic Goals, and Director Assignments, Director Vella seconded, and it was unanimously approved.

B. Receive Introduction of Municipal Finance Advisors from Wulff Hansen & Company and Presentation on Potential Financing Options for MPWD 5-Year Capital Improvement Program

General Manager Rudock introduced the Municipal Finance Advisors from Wulff Hansen & Company, Ben "Bud" Levine and Edmund Viray. Bud gave a brief synopsis of Wulff Hansen & Company, noting it is an employee-owned company. They have been in business for 40-plus years. He proceeded to their presentation, which was distributed to the Board and meeting attendees. Mr. Levine explained what has been happening in the market for the past 35 years, noting that in 1982, the interest rate environment was over 14%, October 1987 was at 8.78% and now in Jan 2016, the interest rate is at 3.83%, which is an historical low. He explained the favorable reasons for borrowing at this time: low inflation, low borrowing rates, which means low materials and labor costs, and favorable opportunities to negotiate with contractors and vendors. He added that cities and large companies that have not been willing to borrow in the past are doing so as a result of this favorable environment. He discussed potential financing options for the District: Borrow versus Pay As You Go (PayGo). He discussed several potential financing scenarios and explained what Debt Service Coverage Ratio entailed. The scenarios offered were: a) Borrow-Private Placement, which is through the banks; b) PayGo; and c) Borrow through public offering for several different amounts starting from \$21,745,000 to \$25,460,000. Mr. Levine cautioned the District on selling surplus properties at this time and explained that while the District would receive the immediate cash, it might impact the District's credit rating and possibly make a debt issuance less attractive to underwriters, placement agents, and bond insurers. He discussed commercial mortgages as another financing option and noted the following: Advantages: allows for long-term borrowing up to 15 years; Disadvantages: a) higher

interest rate than bonds; b) maximum term is 15 years; and c) creates complications in structuring capital improvement bonds or other financings. He then concluded his presentation by discussing the flexibility in using excess revenues after debt service, which revenue could be used by the District for capital improvement projects or to reduce the financing balance.

Public comment was provided by customer Perry Kennan who complimented the Wulff Hansen & Company representatives for such a thorough presentation and the District for its complete transparency in discussing and evaluating its financial options. Mr. Kennan suggested the message to communicate to the public should be around the useful life of the capital assets. Director Vella requested that Director Linvill and Vice President Warden be brought up to speed before any decisions are made to move forward. District Treasurer Ira said that in his opinion the 30 year bond is the best choice for the District given the current market environment.

C. Receive Mid-Year Review of FY 2015/2016 Operating and Capital Budgets and Consider Resolution 2016-02 Approving the Amended Budgets

General Manager Rudock summarized her report, saying there is no bottom line change to the operations budget, but instead there were adjustments within the account code line items. She noted a reduction in the Capital Budget of \$60,000. This included a reduction of \$130,000 for the SCADA Replacement Project, which has been identified for funding with the proposed CIP; and an additional Capital Outlay project identified for the Implementation of a new Sensus Consumer Portal of \$70,000. Director Vella moved to consider Resolution 2016-02 Approving the Amended Budgets, Director Stuebing seconded. Roll call was taken and it was unanimously approved.

D. Receive Presentation on MPWD Water Storage Analysis

District Engineer discussed his findings on MPWD's water storage capacity. The purpose of the study was to determine the number of days of available emergency storage should a catastrophic event cut off the water supply to the District. He noted 2013 demand data was used to develop the report, which is conservative since water demand has decreased since that time. Overall, the District is in good shape, with 2.2 days of emergency storage during the summer months and 2.9 days during winter months and his recommendations regarding increasing the District's emergency water storage capacity were minor.

9. MANAGER'S AND BOARD REPORTS

A. General Manager's Report

 General Manager Rudock discussed that she is working with Bartle Wells to review its Mid-Peninsula Water District Financing Alternatives from last year and to obtain its opinion about the District's FY 2016/2017 rate setting process. General Manager Rudock is recommending a pass-through of the SFPUC's expected 8% increase in rates this coming fiscal year, which pass-through was already approved by the Board as part of the previous Proposition 218 rate-setting process.

1. Supplemented by Administrative Services Manager's Report

Administrative Services Manager Pina gave a progress report on the Financial Management System implementation project, noting that staff will be working with the project manager from Springbrook the week of April 11th. This project is on target to be completed by the anticipated deadline.

2. Supplemented by Operations Manager's Report

Operations Manager Ramirez highlighted the progress of staff regarding automatic meter installation. He noted that 440 of the 512 meters have been completed to date.

3. Supplemented by District Engineer's Report

District Engineer Pakpour noted the following items for various projects being worked on:

- A. Alameda de las Pulgas water main replacement project is on target. The design will be completed in March, and work is scheduled to proceed in mid-June to be completed by July, while school is out.
- B. Folger property will have a boundary survey. There is an encroachment issue with one of the adjacent properties in the amount of 1.5 feet and a fence. It involves 350 square feet of MPWD property.
- C. Quotes are being requested for the demolition of the pump station at the Folger property.
- D. An inspection of the Karen Road water line was conducted and found to be clean inside. This project will be delayed a bit and will be packaged up with other projects to save on costs.

B. Financial Reports

General Manager Rudock noted that total revenues were at 54.6% which is lower than expected of 58.3% because of water commodity charges being less than targeted as water consumption is lowest during the winter months, and total expenses were at 53.1%.

District Treasurer Ira discussed the new process being created, which will involve Directors doing mini random audits of cash disbursements on a quarterly basis.

C. Director Reports

Director Stuebing noted there was no San Mateo County CSDA chapter meeting. The ACWA Board President "meet and greet" hosted at the MPWD was very well received by those in attendance.

Director Vella noted the State of the City address was informative, but because some were seated when speaking, it was difficult to see the presentation. He met with Fire Chief Healy of San Mateo to discuss coordination with the MPWD on fire incidents to ensure the highest level of service.

10. <u>FUTURE AGENDA BUSINESS ITEMS</u>

None.

11. COMMUNICATIONS

None.

Mid-Peninsula Water District

8:37 AM

AGENDA ITEM NO. 7.A.

DATE: March 24, 2016

TO: Board of Directors

FROM: Tammy Rudock, General Manager

SUBJECT: DROUGHT AND WATER CONSERVATION PROGRESS REPORT

RECOMMENDATION

Receive progress report on drought and water conservation activities.

BACKGROUND

June 1, 2015 was the start of the SWRCB's measurement period for the 2015/2016 statewide water conservation goals. The MPWD system's conservation goal is 20% when compared to 2013 water consumption. The measurement period initially ended February 29, 2016; however, on February 2, 2016, the State extended it by 270 days—until October 31, 2016.

DISCUSSION

The report due March 15th to the SWRCB was timely submitted. February's water consumption was 71,345 units—**the lowest in MPWD's history for February since 1962!** The <u>reduction</u> (compared with 2013) measured -17.5%. The R-GPCD was 58.5. By comparison, the February 2015 PERCENT CHANGE was -7.7% and the R-GPCD was 69.6.

MPWD's cumulative water savings (since tracking started on June 1, 2015) = $-25.4\% \rightarrow 5.4\%$ greater than the MPWD system conservation goal of 20%.

2015/2016 MONTH	2015/2016 UNITS	2013 UNITS	PERCENT CHANGE*	CUMULATIVE WATER SAVINGS*	2015/2016 R-GPCD	2013 R-GPCD
June 2015	103,863	150,614	-31.0%	-31.0%	82.3	122.6
July	105,639	156,081	-32.3%	-31.7%	81.1	122.9
August	106,832	155,788	-31.4%	-31.6%	82.0	122.7
September	105,459	145,551	-27.5%	-30.6%	83.6	118.5
October	98,345	122,117	-19.5%	-28.3%	75.5	96.2
November	77,733	106,535	-27.0%	-28.1%	61.6	86.7
December	70,423	94,062	-25.1%	-27.7%	54.0	74.1
January 2016	69,741	84,202	-17.2%	-26.4%	53.5	66.3
February	71,345	86,478	-17.5%	-25.4%	58.5	75.4
March		106,663				84.0
April		120,265				97.9
May		155,736				122.7
June		150,614				122.6
July		156,081				122.9
August		155,788				122.7
September		145,551				118.5
October		122,117				96.2

^{*}Compared to 2013.

The R-GPCD (Residential-Gallons Per Capita Day) calculations are highlighted above in yellow. The SWRCB performance standard for indoor use is 55GPCD. (Note: For 2015/2016, the SWRCB formula for calculating the R-GPCD included MPWD factors: 85% residential use of total production, and 2014 population projection—26,730—from 2010 Urban Water Management Plan.)

MPWD started tracking water waste complaints in July 2014. All have been investigated and resolved through communications and education.

	JAN	FEB	MAR	APR	MAY	JUNE	JULY	AUG	SEPT	OCT	NOV	DEC	TOTAL
2016	2	1											61

SWRCB statewide Emergency Conservation Regulation Update dated March 1, 2016

Media Release

CALIFORNIANS SAVE 1.1 MILLION ACRE-FEET OF WATER, URGED TO STAY FOCUSED ON CONSERVATION

DESPITE DROP IN THE CUMULATIVE WATER CONSERVATION RATE,
RESIDENTS REDUCE WATER USE TO LOWEST PER CAPITA LEVEL EVER RECORDED

FOR IMMEDIATE RELEASE Feb. 25, 2016

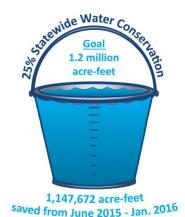

SACRAMENTO – For the first time since June, California just missed Governor Edmund G. Brown Jr.'s 25 percent water conservation mandate in January, as urban water suppliers reported a cumulative savings of 24.8 percent for the eight months since mandatory conservation began.

With more than 1.1 million acre-feet of water conserved from June 2015 through January, the state is 96 percent of the way toward reaching its goal of 1.2 million acre-feet of water to be saved by the end of February, an unprecedented conservation achievement.

Nonetheless, California remains in a record drought. Californians are urged not to relax their water-saving habits and continue conserving by reducing or eliminating outdoor irrigation when it's wet and keeping household water use to the essentials.

"We're hoping for every raindrop and every snowflake we can handle. We're hoping for a miracle March and an awesome April. But we can't know what the next couple months will bring. And a warm and dry February has proved that we can't count on El Niño to save us," said State Water Resources Control Board Chair Felicia Marcus. "Californians have risen to the occasion as never before. But we have to stay the course. We have to keep it up."

Water Conservation

Water Conservation Quick Links

Factsheet: January by the Numbers

<u>June 2014 - January 2016</u> Data Set

Cumulative Savings and Conservation Compliance for January

Statewide, the conservation rate dropped from 18.4 percent in December 2015 to 17.1 percent in January, likely because January 2016 was warmer than January 2013. Residents generally use much less water for outdoor irrigation in the winter months, so there's less opportunity for

Media Release

savings. Nonetheless, average per capita water use declined from 67 gallons per person per day in December 2015 to 61 gallons in January, the lowest statewide per-person rate since water-use reporting began in June 2014.

With the drier than expected February, and lower January conservation results, Californians are urged to re-focus their efforts to conserve through the winter and spring months. These efforts should include complying with urban water supplier directives to switch to once-a-week watering schedules, not irrigating outdoors during and within 48 hours following a rain event, and fixing leaks that are discovered during individual water user audits.

In November 2015, the Governor issued an <u>Executive Order</u> directing the State Water Board to extend and revise the drought emergency water conservation regulation based on conditions through January. The Board adopted an updated and <u>extended emergency regulation</u> on February 2 and the extended emergency regulation took effect February 11.

The State Water Board may revisit the regulations based on a review of the statewide water supply and drought status in March and April. This review will include considering reservoir level reports, snow pack totals, and how individual communities are doing in building drought resiliency through water recycling enhancements and other methods to stretch both potable and non-potable water supplies.

January Conservation Data

- For June through January, the cumulative statewide reduction was 24.8 percent, compared to the same months in 2013. That equates to more than 1.1 million acre-feet of water saved, putting the state 96 percent of the way to meeting the 1.2 million acre-feet savings goal to be achieved by the end of February.
- Statewide water savings for January was 17.1 percent (62,644 acre-feet or 20.4 billion gallons), a decrease from December 2015's 18.4 percent savings. See fact sheet here.
- Due to the lower monthly savings, January saw the lowest level of water supplier compliance to date with 58 percent of suppliers meeting their conservation standards.
- Statewide average water use for January was the lowest on record at 61 residential gallons per capita per day (R-GPCD), down from 67 gallons per person per day in December 2015.

Enforcement

The State Water Board's Office of Enforcement continues to work with water suppliers that are not meeting their conservation standards, and with small water suppliers that have not filed their December 2015 report.

Media Release

Since June 2015 the State Water Board has issued:

- 97 warning letters;
- 117 information orders;
- 12 conservation orders;
- Four Administrative Civil Liability Complaints (one fine paid, three in negotiations); and
- Seven alternative compliance orders.

Background

In his April 1, 2015 Executive Order, Gov. Brown mandated a 25 percent water use reduction for cities and towns across California. In May 2015, the State Water Board adopted an emergency regulation requiring an immediate 25 percent reduction in overall potable urban water use. The regulation uses a sliding scale for setting conservation standards, so that communities that have already reduced their R-GPCD through past conservation will have lower mandates than those that have not made such gains since the last major drought.

On February 2, 2016, based on Gov. Brown's <u>November 2015 Executive Order</u>, the State Water Board approved an updated and expanded emergency regulation that will continue mandatory reductions through October, unless revised before then. The extended regulation responded to calls for continuing the conservation structure that has spurred such dramatic savings so far while providing greater consideration of three factors that influence water use: climate, population growth and significant investments in new local, drought-resilient water supplies such as wastewater reuse and desalination. Under the extended regulation, statewide water conservation is expected to continue at the high levels Californians have been achieving since June 2015.

The State Water Board tracks water conservation for each of the state's larger urban water suppliers (those with more than 3,000 connections) on a monthly basis, but compliance with individual water supplier conservation requirements and the statewide 25 percent mandate is based on cumulative savings. Cumulative tracking means that conservation savings will be added together from one month to the next and compared to the amount of water used during the same months in 2013.

California has been dealing with the effects of an unprecedented drought. To learn about all the actions the state has taken to manage our water system and cope with the impacts of the drought, visit Drought.CA.Gov. Every Californian should take steps to conserve water. Find out how at SaveOurWater.com. In addition to many effective local programs, state-funded turf removal and toilet replacement rebates are also available. Information and rebate applications can be found at: www.saveourwaterrebates.com/.

###

Emergency Water ConservationRegulation Update

Office of Research, Planning, and Performance

March 1, 2016

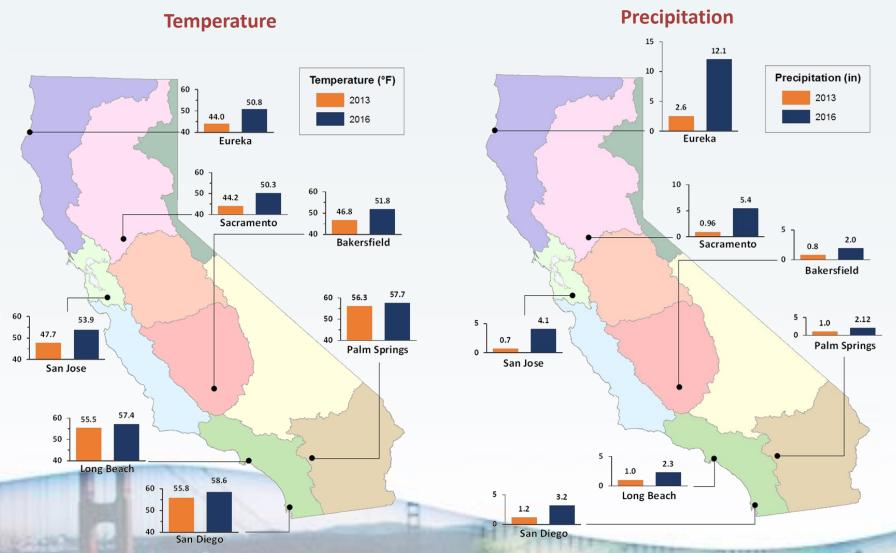

Status of Implementation

- Water production numbers collected from June 2014 through January 2016 (20 months)
- Eighth month with statewide goal to cumulatively reduce total potable urban water use by 25 percent
- 401 (of 410) suppliers submitted January reports
- Water Board enforcement actions taken based on June 2015 – January 2016 cumulative supplier compliance

January Weather Conditions

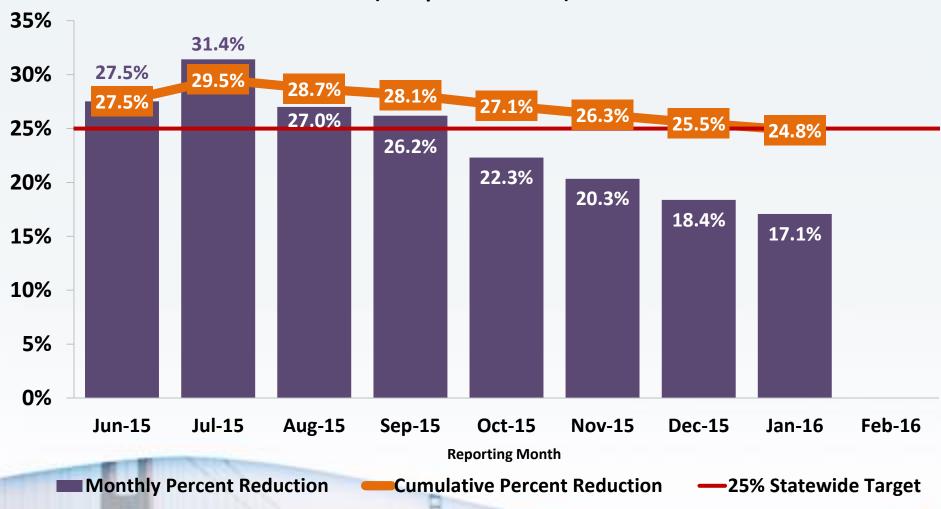

(Select Cities)

Statewide, January 2016 was hotter and wetter than January 2013

Statewide Water Production Percent Reduction

(Compared to 2013)

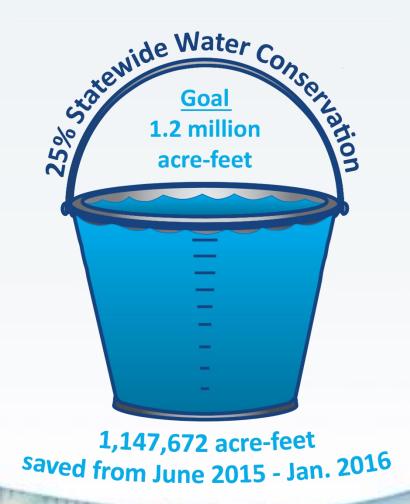

January 2016 savings (20.4 billion gallons or 62,664 acre-feet) brings statewide 8-month cumulative savings to 24.8 percent

Statewide Cumulative Savings

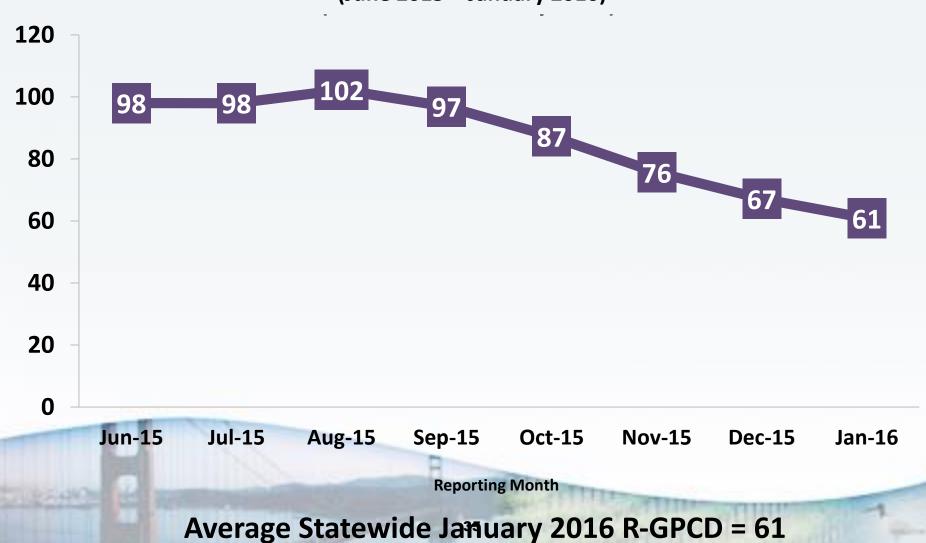

(June 2015 - January 2016)

- 1,147,672 acre-feet (374.0 billion gallons) of water saved
- This is 96% of savings goal
- Savings is enough to provide
 5.7 million Californians with water for one year

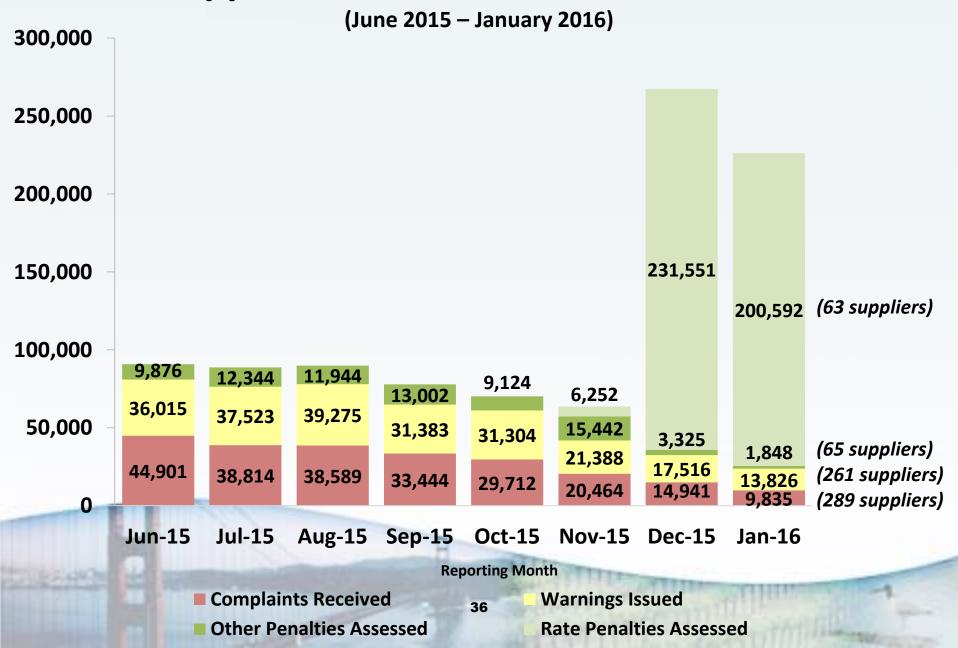

Statewide Monthly Average Residential Gallons per Capita per Day

(June 2015 - January 2016)

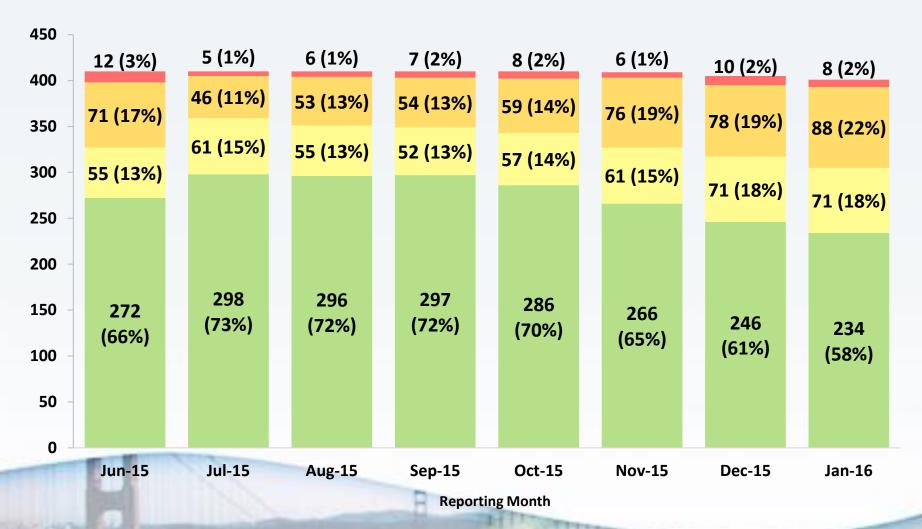

Supplier Enforcement Actions Taken

Suppliers Reporting by Compliance Priorities

(June 2015 – January 2016)

¹ Greater than 15 percentage points from meeting standard

² Between five and 15 percentage points from meeting standard

³ Between one and five percentage points from meeting standard

⁰ Met or within one percentage point from meeting standard

Water Board Enforcement Actions since June 2015

<u>Urban Water Suppliers</u>

- Office of Enforcement has issued:
 - 97 Warning Letters
 - 117 Notices of Violation
 - 7 Alternative Compliance Orders
 - 12 Conservation Orders
 - 4 Administrative Civil Liability Complaints

Water Board Enforcement Actions since June 2015

Small Water Suppliers

- In response to the annual reports due Dec 2015, OE issued:
 - 52 Warning Letters (compliance could not be assessed)
 - 200 Out of Compliance Notices of Violation
 - 677 Non-Reporter Notices of Violation
- Working with small suppliers to achieve compliance
 - 1,906 reporters (almost 90 percent of required reporters)
- Working to update database of small suppliers

Small Suppliers vs. Urban Suppliers

- Definition of a Small Supplier
 - Community system, serving less than 3,000 connections or producing less than 3,000 acre-feet per year
 - Commercial, Industrial, Institutional systems are still required to comply but are not required to report
- Comparing Small to Urban
 - Numbers: ~2,200 vs. 409 (over 5 times as many small suppliers)
 - Reporters: 86 percent vs. 98 percent for January
 - Average Total Volume Water Produced (June through Dec):
 - 11 billion gallons vs. 154 billion gallons
 - Small supplier volume is 7 percent that of urban suppliers

Performance for Suppliers with Conservation Orders (12)

- For June through January, 7 out of 12 suppliers show upward trends for cumulative percent savings
 - Order for Rainbow MWD, which has been meeting target for the past few months, to be rescinded
- 11 out of 12 are missing cumulative percent and volumes by
 - Between 7 and 29 percent
 - Between 73 and 441 million gallons

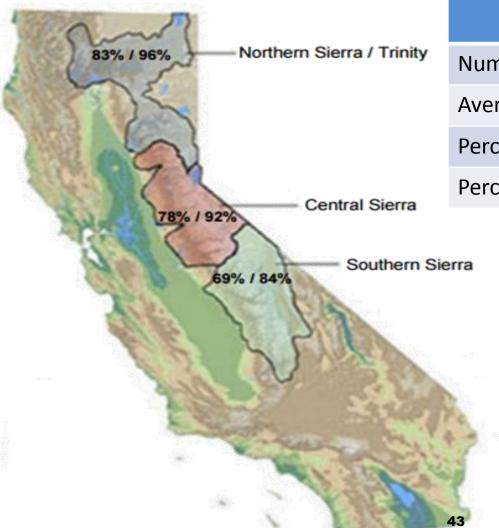

Performance for Suppliers with Alternative Compliance Orders (7)

- For June through January, 5 out of 7 suppliers show upward trends for cumulative percent savings
 - 2 suppliers are meeting targets
 - All suppliers meeting items of their orders
- 5 out of 7 are missing cumulative percent and volumes by
 - Between 9 and 16 percent
 - Between 11 and 647 million gallons
- Progress will continue to be tracked moving forward

Snow Water Equivalents

(Inches, as of February 25, 2016)

The Drought Monitor focuses on broad-scale conditions.

Local conditions may vary. See accompanying text summary for forecast statements.

Author:

Eric Luebehusen

U.S. Department of Agriculture

http://droughtmonitor.unl.edu/

February 2016 Emergency Regulation

- Adjusted conservation standards take effect March 1st
- Created conservation standard adjustments to consider:
 - Climate differences throughout the state
 - Urban growth
 - Investments in new, local, drought-resilient sources of water supply
- Conservation standard adjustment data are due to State Water Board by March 15th

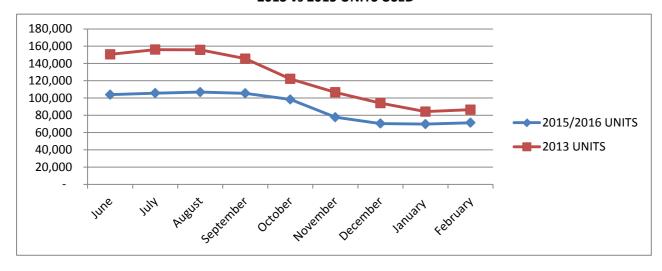

Next Steps

- Staff will release final revised conservation standards in early April
- Staff continue to track drought conditions and will report to the Board in April
- Staff are working with stakeholders on concepts for next steps

AGENDA ITEM NO. 7.B.

DATE: March 24, 2016

TO: Board of Directors

FROM: Tammy Rudock, General Manager

SUBJECT: PROGRESS REPORT ON 2015 URBAN WATER MANAGEMENT PLAN

(UWMP)

RECOMMENDATION

Receive progress report on 2015 UWMP.

FISCAL IMPACT

This project is budgeted at \$60,000 within the MPWD FY 2015/2016 Operating Budget. MPWD's contract with ManageWater Consulting, Inc. was approved by the Board on December 16, 2015, in the amount of \$38,860, plus an option not to exceed \$10,000 to negotiate services for a revised WSCP, for a potential project total of \$48,860.

RECAP:

Project budget: \$38,860 for UWMP

\$10,102 approved proposal for revised WSCP

TOTAL \$48.962

Expended to date: \$39,285

BALANCE \$ 9.677

BACKGROUND

The California Water Code (CWC) Section 10620(a) requires an urban water supplier to prepare and adopt an UWMP consistent with CWC Section 10640. All urban water suppliers, either publicly or privately owned, serving municipal water to 3,000 or more customers or supplying more than 3,000AF annually are required to prepare an UWMP. The UWMP is required for an urban water supplier to be eligible for California Department of Water Resources (CA DWR) state grants, loans, and drought assistance. The UWMP must be adopted and submitted to the DWR by July 1, 2016.

DISCUSSION

Last month I reported that Sections 1-3 were completed:

- Section 1: Introduction and Overview
- Section 2: Plan Preparation
- Section 3: System Description

And that staff and the consulting team were busy working on the "meaty" sections of the UWMP regarding system demand, water use targets, and system supply and all the data related thereto for the required tables and charts.

All requisite notices were mailed out, published, and posted.

Since last month, Sections 4-10 have been completed:

- Section 4: System Water Use
- Section 5: Baselines and Targets
- Section 6: System Supplies
- Section 7: Water Supply Reliability
- Section 8: Water Shortage Contingency Planning
- Section 9: Demand Management Measures
- Section 10: Plan Adoption, Submittal, Implementation

A more functional Water Shortage Contingency Plan (WSCP) has been developed.

The project is on target and the internal Administrative DRAFT is expected from the consultant on April 21st.

The Public Review DRAFT is projected for release on May 11th. The Board will initially consider it at their regular meeting scheduled on May 26th.

The Final UWMP will be considered by the Board during a public hearing on June 23rd.

AGENDA ITEM NO. 8.A.

DATE: March 24, 2016

TO: Board of Directors

FROM: Tammy Rudock, General Manager

SUBJECT: DISCUSS PRELIMINARY WATER REVENUE REQUIREMENTS FOR FISCAL

YEAR 2016/2017

RECOMMENDATION:

Discuss preliminary water revenue requirements for Fiscal Year 2016/2017.

FISCAL IMPACT:

Preliminary discussion at this time—fiscal impact to be determined.

BACKGROUND:

The SFPUC's Annual Meeting for Wholesale Customers and BAWSCA was held on February 18, 2016, wherein projected water rate increases were discussed. Attached for reference are SFPUC's PowerPoint slides numbered 72-80 regarding its budget and water rate projections.

At the present time, the projected SFPUC wholesale water rate increase is 8% effective July 1, 2016—from \$3.75CCF to \$4.05CCF. That will be confirmed after the SFPUC's water rate hearing scheduled on May 10, 2016.

MPWD's Proposition 218 notice (attached) sent to all customers last year proposed a 6% water rate adjustment effective July 1, 2016, and also included:

- A pass thru provision for any additional increase in SFPUC wholesale water rates above its projected \$3.78CCF for FY 2016/2017; and
- Provision for Water Shortage Emergency Rates up to 50% reduction target.

DISCUSSION:

Staff conferred with Alex Handlers at Bartle Wells Associates and requested an analysis of MPWD's FY 2015/2016 financial projections versus actuals to date and recommendations for FY 2016/2017 that might differ from the MPWD Water Rates Study & Financial Plan dated May 26, 2015. Their report was not ready at agenda publication time but will be discussed at the Board meeting.

For purposes of discussion, staff met and developed options for FY 2016/2017 water revenue considerations:

1. Follow the recommendations in the 2015 MPWD Water Rates Study & Financial Plan and consider implementation of:

- A pass thru adjustment to tiered rates for the increased SFPUC water cost, which A. presently would be \$0.30CCF; and
- A 6% adjustment to the monthly Fixed System Charge; and B.
- A 2% adjustment to the Water Capacity Charges and Water Demand Offset fees. C.

The MPWD's FY 2015/2016 water rate adjustment (implemented July 1, 2015) was 18% and the tiers were also slightly adjusted over a 3-year period.

- 2. Utilize MPWD reserve funds to offset the impact of either or both (or a portion) of the adjustments recommended in 1.A. and 1.B. above. The balance of the MPWD's reserve funds as of March 15, 2016, was \$4,045,326.
- 3. Implement Water Shortage Emergency Rates for the 25% reduction tier to match the MPWD system cumulative water use reduction to date. That would equate to a 4.3% increase but would also require the 1.A. and 1.B. adjustments above, or portions thereof. The current rates included an assumption that the MPWD system would experience a 20% water use reduction. Through February 29, 2016, the actual water use reduction was 25.4%.
- 4. Funding for the proposed 5-year Capital Improvement Program has yet to be determined. Close to \$50 million in total capital needs has been identified and prioritized. A potential \$25 million capital program has been introduced by staff. Historically, any operating surplus has been dedicated to a capital program. A portion of the operating surplus could be considered to allocate for the purposes of rates stabilization.

Attached are the following reference pages from the MPWD's 2015 Water Rates Study & Financial Plan as resources for the Board's discussion:

FY 2015-16 Budget Projection

- Revenue projections lower
 - Wholesale sales projected at 110 MGD vs. 130 MGD used in rate setting
 - Wholesale water revenue projected \$35.8M below budget
- Enterprise cost savings offset reduced sales
 - Debt Service savings
 - Other
- Balancing Account projection for June 30, 2016
 - \$22.3M owed to Wholesale
 - Impacted by lower debt service and revenue capital true-up
 - Incorporated into rate over 3 years per WSA

- FY 2016-17 Wholesale rate projection: \$4.05/Ccf
 - Higher than \$3.78 projected in April 2015
 - Sales lower by 20 MGD (15%) due to ongoing conservation
 - Lower than range projected in November 2015
 - Low range of \$4.47 and high range of \$5.00
 - WRR lower due to lower debt service and 5-year true-up of revenue-funded capital fund
- Rate does not include BAWSCA Bond Surcharge:
 Flat amount of \$24.7M each year (\$2.1M per month)

Notice of Public Hearing on Proposed Water Rate Increases

Dear Property Owner or Customer,

Mid-Peninsula Water District (MPWD) is a community-owned and governed public agency that provides water service to Belmont, San Carlos, and surrounding areas in San Mateo County. This notice is being sent to inform you that MPWD is proposing to increase water rates over the next five (5) years and adopt Water Shortage Emergency Rates designed to recover costs of providing service during periods of drought and reduced water sales. MPWD will hold a public hearing on the proposed rates as follows:

Date: Thursday, June 25, 2015

Time: 6:30PM

Place: Mid-Peninsula Water District

3 Dairy Lane

Belmont, CA 94002

MPWD relies primarily on revenues from water service charges to fund its costs of providing water service. As such, water rates must be set at levels adequate to fund the costs of operating and maintaining the water system, pay for wholesale water supplied by the San Francisco Public Utilities Commission (SFPUC), and fund necessary capital investments to keep the water system in good operating condition.

WHY ARE WATER RATE INCREASES NEEDED?

The proposed rate adjustments are needed to pay for increasing costs of water supply purchased from the SFPUC, fund MPWD capital improvement needs, and keep rates aligned with the cost of providing service. Key factors driving the need for water rate increases include:

- ➤ Pay for Wholesale Water Rates Increases MPWD relies on imported water from the SFPUC for 100% of its supply. The SFPUC is in the process of completing a \$4.8 billion capital program of seismic upgrades and reliability enhancements to the aging Hetch-Hetchy regional water system. To help fund these capital upgrades, the SFPUC has doubled its wholesale water rates over the past five (5) years and is planning to increase wholesale rates by an additional 61% over the next five (5) years, including a proposed 28% increase effective July 1, 2015.
- Address MPWD Infrastructure Deficiencies and Replace Aging Water Distribution Pipelines Approximately 60% of the MPWD's water pipelines are over 50 years old and approaching the end of their useful lives. Some are undersized for current fire flow requirements. The majority of the water pipeline system lacks seismic restraints. Additional revenues are needed to address existing system deficiencies, improve fire flow and service reliability, and adequately fund a long-term capital improvement program to replace aging and substandard water distribution pipelines with seismically resilient facilities.

WHAT IS THE MPWD DOING TO KEEP COSTS DOWN?

MPWD has implemented a number of cost-cutting measures over the years and remains committed to providing high-quality water service as cost-efficiently as possible. Operating expenses, including personnel costs, have increased very little over the past few years as a result of continued budget reductions, cost-containment, and financial controls. It is the MPWD's policy that operating cost savings are reinvested back into the system through capital infrastructure replacement, rehabilitation, or improvement.

PROPOSED WATER RATES

MPWD is proposing to phase in a series of water rate increases over the next five (5) years as shown in the table below. A larger rate increase is needed the first year (effective July 1, 2015) due to SFPUC's proposed 28% wholesale water rate increase planned for July 1, 2015. MPWD water service charges include two components:

1) Fixed Monthly Charges based on meter size, plus 2) Water Consumption Charges based on metered water use. Water Consumption Charges for single family residences are billed according to a 4-tiered rate structure based on the MPWD's cost-of-service analysis, including water cost recovery calculations attributable to each tier, with water first billed in Tier 1 and subsequently billed in higher tiers as water use increases. Water Consumption Charges for all other customers are billed according to a 2-tiered rate structure. Water Consumption Charges are billed per hundred cubic feet (hcf), with 1 hcf equal to approximately 748 gallons of water.

^{* 1} hcf = one hundred cubic feet or approximately 748 gallons.

Sample Bill Calculation for a Typical Single Family Home

Effective July 1, 2015, the monthly bill for a typical single family home with a standard 5/8-inch water meter using 8 hcf of water per month (approximately 200 gallons per day) would be calculated as follows:

Fixed Monthly Charge	Water	Total Monthly Bill		
<u>5/8" Meter</u>	First 2 hcf x \$5.00	Next 6 hcf x \$7.50	<u>Subtotal</u>	<u>\$22.00 + \$55.00</u>
\$22.00	\$10.00	\$45.00	\$55.00	\$77.00

The proposed rates assume that the SFPUC will increase its wholesale water rates on July 1 each year from the current level of \$2.93 per hcf to \$3.75 per hcf in 2015, \$3.78 per hcf in 2016, \$3.79 per hcf in 2017, \$4.31 per hcf in 2018, and \$4.72 per hcf in 2019. Pursuant to California Government Code 53756, the MPWD is proposing to pass-through any additional increases in SFPUC wholesale water rates above these projected SFPUC rates. Future pass-throughs will be implemented by increasing the MPWD's proposed Water Consumption Charges by exact amount of the increase in cents per hcf in excess of the assumed SFPUC wholesale rates.

For example, if the SFPUC raises its wholesale water rate to \$4.51 per hcf on July 1, 2018, the MPWD would be authorized to increase its Water Consumption Charges by an additional \$0.20 per hcf on or after July 1, 2018. Prior to initiating a pass-through for SFPUC wholesale rates, the MPWD will send notification to all customers at least 30 days prior to implementation.

NEW STATE DROUGHT REGULATIONS AND WATER SHORTAGE EMERGENCY RATES

California is experiencing one of the most serious droughts on record. On April 1, 2015 the Governor issued an Executive Order directing the State Water Resources Control Board (SWRCB) to implement mandatory water conservation regulations to reduce water usage by 25% statewide. To achieve these savings, the SWRCB is expediting emergency regulations to set water conservation targets for communities around the State. Agencies that fail to achieve the required reductions could be subject to penalties of up to \$10,000 per day. Based on the State's draft proposal, the MPWD would be required to reduce water demand by 20% from demand in calendar year 2013. Thanks to MPWD customer conservation efforts, the MPWD is already more than half-way toward meeting the State's proposed 20% cutback target for MPWD.

In order to help MPWD recover its costs of service and remain financially stable during periods of emergency water shortages and reduced water sales, MPWD is proposing to authorize the implementation of Water Shortage Emergency Rates. These emergency rates would be implemented in response to escalating drought conditions and water supply shortages, or in response to additional State-mandated cutbacks in water use in excess of 20%, and would replace MPWD's regular Water Consumption Charges. Water Shortage Emergency Rates may be implemented upon declaration of a water shortage emergency pursuant to Water Code Section 350 and/or Water Code Section 31026. Prior to initiating Water Shortage Emergency Rates, MPWD will send notification to all customers at least 30 days prior to implementation.

The proposed Water Shortage Emergency Rates may be implemented by authorization of MPWD's Board of Directors up to the maximum levels shown on the table below, which correspond with a 50% cutback in water demand from usage in 2013. No changes are proposed to Single Family Residential Tier 1 for the Water Shortage Emergency Rates.

	Proposed Maximum Water Shortage Emergency Rates									
	Maximum rates effective on or after:									
	July 1July 1July 1									
	2015	2016	2017	2018	2019

Tier 1	\$9.24	\$9.70	\$10.07	\$10.50	\$10.79					
Tier 2	10.56	11.17	11.69	12.33	12.81					

^{* 1} hcf = one hundred cubic feet or approximately 748 gallons.

Based on same levels of water use per tier as shown in Proposed Water Rates table.

WHAT CAN CUSTOMERS DO TO MINIMIZE THE IMPACT OF RATE INCREASES?

To minimize the impact of the proposed rate increases, customers are encouraged to continue conserving and to further reduce indoor and outdoor water use where possible. As a member of the Bay Area Water Supply and Conservation Agency, the MPWD offers rebates for 1) high-efficiency toilets, 2) high-efficiency washing machines, 3) rain barrels, and 4) transitioning turf lawns to drought tolerant landscaping. For more information on any of these rebate programs or other water conservation opportunities, please visit the MPWD website at www.midpeninsulawater.org or contact the MPWD at (650) 591-8941.

HOW TO SUBMIT A WRITTEN PROTEST

Property owners and customers may file written protests against the proposed rate increases. Pursuant to California law, protests must be submitted in writing and must 1) identify the affected property or properties, such as by address, Assessor's Parcel Number, or customer account number, 2) include the name and signature of the customer or property owner submitting the protest, and 3) indicate opposition to the proposed water rate increases. Protests submitted by e-mail, facsimile or other electronic means will not be accepted. One written protest counted per parcel. The proposed rates cannot be adopted if written protests are received from a majority of affected parcels. Written protests can be mailed to: Mid-Peninsula Water District, Post Office Box 129, Belmont, CA 94002, or can be submitted to the MPWD at its headquarters located at 3 Dairy Lane in Belmont. All written protests must be submitted prior to the close of the Public Hearing on June 25, 2015.

3 WATER ACCOUNTS, SUPPLY & DEMAND

3.1 Water Accounts

The District currently serves a population of approximately 27,000 residential and commercial customers in the City of Belmont and surrounding areas. MPWD provides service to approximately 7,900 accounts, roughly 90% of which are served by 5/8-inch water meters. The majority of the District's customers are residential customers.

Other Public **Meter Size** Residential Apartment Commercial Authority Total % of Total 5/8" 6,770 20 259 25 7,074 89.6% 1" 330 61 86 18 495 6.3% 1 1/2" 48 20 143 1.8% 27 48 2" 3 64 57 24 148 1.9% 3" 0.2% 0 5 5 4 14 4" 0 4 5 13 0.2% 6" 0 2 1 2 5 0.1% Total 7,130 204 461 97 7,892 100.0% 2.6% 5.8% 1.2% 100.0% % of Total 90.3%

Table 2. Accounts by Customer Class & Meter Size

3.2 Water Consumption

Figure 3 illustrates historical water consumption since 2000. As shown on the chart, water sales decreased by roughly 20% over the past decade, and are projected to decrease by roughly an additional 12% in the current year.

California is experiencing one of the most serious droughts on record. On April 1, 2015 the Governor issued an Executive Order directing the State Water Resources Control Board (SWRCB) to implement mandatory water conservation regulations to reduce water usage by 25% statewide. To achieve these savings, the SWRCB adopted emergency regulations to set water conservation targets for communities around the State. Agencies that fail to achieve the required reductions could be subject to penalties of up to \$10,000 per day. Based on the State's draft cutback targets, MPWD will be required to reduce water demand by 20% from demand in calendar year 2013. The District is already more than half-way toward meeting this requirement.

Figure 6 shows a distribution of single family residential bills ending in each rate tier along with the volume of water sales and consumption revenues within each tier.

Figure 6: Percentage of Single Family Residential Bills, Consumption, and Revenue by Tier

AGENDA ITEM NO. 8.B.

DATE: March 24, 2016

TO: Board of Directors

FROM: Tammy Rudock, General Manager

Candy Pina, Administrative Services Manager

Rene Ramirez, Operations Manager

SUBJECT: DISCUSS PRELIMINARY WORKING DRAFT MPWD FISCAL YEAR 2016/2017

OPERATING BUDGET SUMMARY AND ASSUMPTIONS

RECOMMENDATION:

Discuss PRELIMINARY WORKING DRAFT MPWD Fiscal Year 2016/2017 Operating Budget Summary and assumptions.

FISCAL IMPACT:

Preliminary discussion at this time—fiscal impact to be determined.

BACKGROUND:

The MPWD completed a Water Rates Study & Financial Plan in 2015.

The MPWD complied with Proposition 218 last year and a 5-year plan of proposed water rates, including provisions for pass thru of increased SFPUC wholesale water costs and emergency water shortage rates, was adopted by the Board on June 25, 2015. A 6% rate adjustment was proposed for FY 2016/2017, as long as SFPUC's \$3.78CCF projected wholesale water rate adjustment was implemented on July 1, 2016. As discussed in the previous agenda item, the SFPUC has projected \$4.05CCF for its wholesale water rates, a difference of \$0.27CCF. The rate will not be confirmed until after the SFPUC's rate hearing on May 10, 2016.

DISCUSSION:

Attached is a PRELIMINARY WORKING DRAFT summary for FY 2016/2017 operations. A heightened 5-year capital program has been proposed and will be separately considered.

This is an early look at next fiscal year's MPWD Operations based upon the following assumptions:

 Pass thru SFPUC wholesale water rate increase to water commodity charges utilizing the revenue projections from the 2015 MPWD Water Rates Study & Financial Plan.

- 6% water rate adjustment to Fixed System Charges as proposed.
- Increased projected development revenues based upon known "pipeline" Belmont projects.
- Increased Salaries & Wages and Payroll Taxes & Benefits per projected 2% living wage adjustment and 3% merit increase.
- Increased Purchased Water by SFPUC's projected wholesale water rate adjustment and per the 2015 MPWD Water Rates Study & Financial Plan.
- Projected CPI (Consumer Price Index) on relevant account line items.
- Reduced Professional Services contingent upon proposed capital program and planned operational and administrative projects.
- Reduced Training/Travel & Recruitment account line eliminating expense for elections.
- Provisional projection for Debt Service expense totaling \$1,350,000 for proposed 5-year
 Capital Improvement Program (30-year debt issuance totaling \$25 million).
- Increased Depreciation per accounting principles.

This is the first of several FY 2016/2017 budget discussions in the coming months. Staff continues to work on refining the line-by-line budget items for the next DRAFT.

Staff is seeking direction from the Board for further FY 2016/2017 budget preparation.

AGENDA ITEM NO. 8.C.

RECOMME	NDATION:
SUBJECT:	CONSIDER FINANCING OPTIONS FOR POTENTIAL MPWD 5-YEAR CAPITAL IMPROVEMENT PROGRAM
FROM:	Tammy Rudock, General Manager
TO:	Board of Directors
DATE:	March 24, 2016

Consider financing options for potential MPWD 5-Year Capital Improvement Program.

FISCAL IMPACT:

To be determined.

DISCUSSION:

Last month, staff introduced Ben "Bud" Levine and Edmund Viray, the Municipal Financial Advisors from Wulff Hansen & Company working with the MPWD. They presented for the Board's consideration and input potential financing options for the MPWD 5-Year Capital Improvement Program.

Vice President Warden and Director Linvill were unable to attend the February 25th Board meeting. Therefore, staff was directed to meet with the two of them (scheduled for Monday, March 21st at 1:00PM) and share the Wulff Hansen & Company presentation regarding the potential financing scenarios, and consider development of recommendations for discussion with the Board.

MANAGER'S REPORT

FOLLOW-UP FROM 02/25/16 REGULAR BOARD MEETINGS

- ✓ Developed customer summary regarding Ordinance 115 Adopting MPWD Water Efficient Landscaping Ordinance, effective February 1, 2016, for distribution this month in billing statements.
- ✓ The MPWD 2016 Strategic Plan, including Mission Statement, Vision Statement, Strategic Goals, and Director Assignments was finalized and a copy will be provided at the meeting, and posted to the MPWD website.
- ✓ The approved Amended FY 2015/2016 Operating and Capital Budgets will be posted to the MPWD website.

PERSONNEL MANUAL UPDATE

The completed internal working DRAFT was transmitted to District Counsel and ACWA/JPIA on February 23rd and is under review. Staff will report on further progress at the meeting.

TASK	TARGET DATE
DRAFT to ACWA/JPIA and District Counsel	02/24/16
DRAFT to MPWD Employees Association for review	03/24/16
Meet and confer with MPWD Employees Association	04/21/16
Complete FINAL DRAFT	05/13/16
Final Legal Review	05/20/16
Initial presentation for Board consideration and input	05/26/16
Final presentation for Board approval	06/23/16

MISCELLANEOUS FEES PROJECT UPDATE

Staff conferred with Bartle Wells Associates and work will begin on this project in the next few months. Implementation of updated and new fees is recommended in coordination with the new financial management system.

MPWD ANNUAL "STATE OF THE DISTRICT" ADDRESS

A date for the MPWD's first annual "State of the District" address should be finalized for preparation and planning purposes. The MPWD will cohost here at the Dairy Lane location either on Tuesday, April 26, 2016, or Wednesday, April 27, 2016. More discussion will follow at the Board meeting.

BOARD DEVELOPMENT SPECIAL MEETING

A Special Meeting for Board development is proposed in May and dates will be discussed at the meeting for coordination purposes.

BOARD ANNUAL PLANNING SCHEDULE

A Board Annual Planning Schedule is under development by staff and a DRAFT will be presented at the meeting.

3-MONTH "LOOK AHEAD"

President Zucca requested a summary list of upcoming business items:

APRIL

- Award Construction Contract for Alameda de las Pulgas Water Main Replacement Project.
- Finalize MPWD 5-Year CIP and determine program funding level and financing plan.
- Finalize Implementation Plan and Management Process for CIP.
- Receive report on seismic evaluations of Dekoven and Hallmark tank sites.
- Approve GM Evaluation tool linked to 2016 MPWD Strategic Plan.
- Deliver first annual "State of the MPWD Address."

<u>MAY</u>

- Special meeting for Board development.
- Confirm water revenue requirement for FY 2016/2017 budgeting purposes.
- Develop notice for FY 2016/2017 rates adjustment(s) to customers, and mail out no later than May 30th.

JUNE

- Approve FY 2016/2017 Operations and Capital Budget.
- Approve New MPWD Personnel Manual.
- Approve 2015 UWMP and transmit to CA DWR by June 30th.

MEETINGS

DATE	EVENT
February 25 th	Attended safety session with staff and
	facilitated GM rap session.
March 2 nd	Attended PWWA Quarterly Meeting in South
	San Francisco with Lead Operators.
March 3 rd	Attended BAWSCA Water Management
	meeting in Foster City.

DATE	EVENT
March 3 rd (continued)	Attended HIA meeting in Belmont.
	Participated in 2015 UWMP progress meeting.
March 8 th	Attended MPWD Community Meeting for
	Alameda de las Pulgas Water Main
	Replacement Project.
March 10 th	Attended XiO presentation with Operations staff
	regarding new SCADA system maintained and
	managed in the Cloud.
	Attended safety session with staff and
	facilitated GM rap session.
March 11 th	Attended SAMCEDA Annual Innovators Awards
	Luncheon at Oracle in Belmont.
March 14 th	Met with Board President for agenda review.
March 17 th	Attended Water Education Foundation's 33 rd
	Annual Executive Briefing "Defining the New
	Normal" in Sacramento.

UPCOMING MEETINGS/EVENTS

- 1. Scavenger Hunt on Monday, March 28th.
- 2. We continue to celebrate birthdays.

TO: Board of Directors

FROM: Rene A. Ramirez, Operations Manager

DATE: March 24, 2016

OPERATIONS REPORT – February 2016

Projects:

- Held Community Meeting for the Alameda de las Pulgas project on Tuesday, March 8, beginning at 6:30 in the Board Room. An advertisement was developed and mailed to all customers before the meeting. One (1) person showed up. He represented Sam-Trans and was interested in planned detours;
- AMI: Emphasis has been placed on installing meters with routine maintenance having been completed in past months. The latest staff work efforts indicate a total of 455 AMI meters have been installed in Zone 1 with another 57 left to install, but these remaining meters will be the toughest because they are larger meters with most requiring a by-pass (for future calibration/testing) that is not there now. Staff continues to accommodate the customer's needs before and after the new meter is installed:
- Abandoned the 12-inch water main under Karen (left the 8-inch in service) as part of the pre-construction efforts in order to see if this 12-inch pipe could be used as a carrying conduit for the new 8-inch line that is the Karen Road CIP;
- Constructed new water service for 1804 Miller;
- Installed new fire service at 740 El Camino Real:
- Making plans to install a 2-inch water line some 250 feet down Civic Lane to improve water quality for two customers. The existing 8-inch water line will remain in service for fire protection on this dead-end line;
- Continuation of field coordination with the City of Belmont's sewer project contractor; and
- The biannual leak survey continues. Subtronic has completed their work in Zones 3, 4, 5, 6, 7, 8 and 2, and is nearing completion in Zone 1. To date, they have confirmed leaks at 17 residences and 1 irrigation service. These 18 leaks were all on the customer side of the service. So far, only 2 leaks have been found on the District's side of a residential meter. The consultant expects to complete the survey by the end of March, weather permitting.

Maintenance:

- Routine maintenance tasks continue, but Operations Staff's priority has been in support of AMI meter installations;
- Responded to and completed 151 USA (underground service alerts) requests and identified infrastructure;
- Continued to perform normal maintenance and exercised water system pressure regulating valves;
- The 12-volt batteries for the Exbourne Tank site stand-by generator were replaced;
- Watching customer consumption trend, storage turn-over and water quality in Zone 3 where the East Dekoven Tank has been out of service, and we are not ready to put back into service;
- Repaired damaged service line at Ponce and Cipriani;
- Repaired and gathered insurance information from driver of vehicle who hit
 hydrant at Cipriani and Newlands. The person hit the hydrant and reported to the
 Police Department and stayed to share information;
- Forty-four water samples for bacteriological testing all samples were normal and showed no signs of coliform bacteria;
- Water system dead-ends continue to be monitored for disinfectant residual, and where needed, we flowed water into landscapes, street sweepers or sewer flushing trucks versus monitoring for discharge into the storm water systems to improve water quality; and
- Monitoring for signs of nitrification within our tanks continues as a part of regular water quality monitoring.

System Repairs;

Location	Event	Material	Installation Date	Estimated Water Loss (Gals.)
1519 Folger Dr.	Main Break - Ring	CIP	1949	24,000
45 Karen Rd.	Main Break- Split	CIP	1952	2,800
3411 Plateau	Main Break - Split	CIP	1956	500
3608 Hillcrest	Main Break - Split	CIP	1956	500
Cipriani & Newlands	Hydrant Hit	N/A	N/A	116,000

Development:

 Staff is currently working with developers on nine (9) development projects located at:

- 576-600 El Camino Real currently reviewing their plans;
- o 400-490 El Camino Real there is nothing to report out at this time;
- 1401 Shoreway Road awaiting their schedule for work;
- o 1201 Shoreway Road there is nothing to report out at this time;
- 360-380 Industrial Road awaiting sub-contractor replacement of walkway;
- 2177 Carlmont Avenue awaiting payment of installation fees;
- 2113 Coronet awaiting scheduling of work by contractor;
- o 1710 Valley View awaiting scheduling by contractor; and
- o 2828 Monte Cresta awaiting payment of installation fees.

Administration:

- Ops Staff meetings held during month;
- Attended the monthly BAWSCA meeting;
- Prepared District office and shop for visit by ACWA President Tiegs;
- Met with local consultant to discuss potential improvements to the District's main office building:
- Power use monitoring continues for pumping with positive results and no net effect on the water system;
- Participated in meeting with Sensus representatives to receive a proposal on a customer portal;
- Ops Manager, the General Manager and Board Member Vella all attended the State of the City presentation by Belmont's Mayor;
- Ops Manager and Supervisors, and General Manager met with District Engineer and his staff to discuss the plans for the Alameda de las Pulgas and Karen Road pipeline projects;
- Staff participated in a "kick-off" meeting with Wulff Hansen regarding potential funding options for the 5-year Capital Improvement Plan;
- Operations staff rebuilt the pump control valve and solenoid for the #2 pump at the Hannibal Pump Station;
- Staff continues to work with SFPUC staff to address the occasional high pressures in Zone 1 attributed to their operations;
- Participated in the monthly status report for the Urban Water Management Plan update;
- Attended an Operations Luncheon sponsored by Pakpour Consulting Group at the Purissima Hills Water District and discussed working together to create maintenance task sheets both districts can use;
- Provided information to County consultant for our portion of Local Hazardous Mitigation Plan and work on the next phase of the plan;
- Attended Water Quality Committee meeting in Redwood City;
- Begin gathering water use data from 2015 to submit an annual report to the State Water Resources Control Board, the report is due by April 1; and
- Pakpour Consulting Group set up a lunch-time presentation in the shop on "Fusible PVC Pipe" from Underground Solutions and Roberts & Brune.
