### REGULAR MEETING **BOARD OF DIRECTORS** THURSDAY, AUGUST 27, 2015 - 6:30PM 3 DAIRY LANE, BELMONT CALIFORNIA

### **AGENDA**

### 1. OPENING

- A. Call to Order
- B. Establishment of Quorum
- C. Pledge of Allegiance

Members of the public may address the Board on any item of interest within the jurisdiction of the Board 2. PUBLIC COMMENT but not on its agenda today. In compliance with the Brown Act, the Board cannot discuss or act on items not on the agenda. Please complete a speaker's form and give it to the District Secretary. Each speaker is limited to three (3) minutes.

- 3. AGENDA REVIEW: ADDITIONS/DELETIONS AND PULLED CONSENT ITEMS
- 4. ACKNOWLEDGEMENTS/PRESENTATIONS

Henry Young, Field Operations Supervisor: 15-Year Service Anniversary

All matters on the Consent Agenda are to be approved by one motion. If Directors wish to discuss a 5. CONSENT AGENDA consent item other than simple clarifying questions, a request for removal may be made. Such items are pulled for separate discussion and action after the Consent Agenda as a whole is acted upon.

- A. Approve Minutes for the Regular Board Meeting of July 23, 2015
- B. Approve Expenditures from July 17, 2015, through August 19, 2015
- 6. HEARINGS AND APPEALS

None.

### 7. DROUGHT AND WATER CONSERVATION

A. Water Conservation Progress Report

### 8. REGULAR BUSINESS AGENDA

- A. Progress Report on MPWD 2015 Strategic Plan and Process Follow-Up by Julie Brown
- B. Consider Resolution 2015-16 Accepting as Complete the Buckland Tank Driveway Repaving Replacement Project and Authorizing the Recordation of a Notice of Completion for the Project

- C. Consider Resolution 2015-17 Authorizing an Additional FY 2015/2016 Capital Project Totaling \$40,000: MPWD Dairy Lane Premises Cabling/Wiring Installation for Telephone and Data Systems Transition to Digital Platform (from Analog), and Approving Installation by Stepford,
- D. Consider ACWA's Call for President and Vice President Candidate Nominations for the 2016/2017 Term
- E. BAWSCA Update

### 9. MANAGER'S AND BOARD REPORTS

- A. General Manager's Report
  - 1. Supplemented by Administrative Services Manager's Report
  - 2. Supplemented by Operations Manager's Report
  - 3. Supplemented by District Engineer's Report
- B. Financial Reports
- C. Director Reports

10. FUTURE AGENDA ITEMS

Requests from Board members to receive feedback, direct staff to prepare information, and/or request a formal agenda report be prepared and the item placed on a future agenda. No formal action can be taken.

### 11.COMMUNICATIONS

### 12. ADJOURNMENT

This agenda was posted at the Mid-Peninsula Water District's office, 3 Dairy Lane, in Belmont, California, and on its website at www.midpeninsulawater.org.

Upon request, the Mid-Peninsula Water District will provide written agenda materials in appropriate alternative formats, or disability-ACCESSIBLE PUBLIC MEETINGS related modification or accommodation (including auxiliary aids or services), to enable individuals with disabilities to participate in public meetings. Please contact the District Secretary at (650) 591-8941 to request specific materials and preferred alternative format or auxiliary aid or service at least 48 hours before the meeting.

Next Board Meeting: September 24, 2015, at 6:30PM

|  |    |   |

F. Approve Service Agreement for the Provision of Election Services between the MPWD and San Mateo County Chief Elections Officer & Assessor for the November 3, 2015 Election

Director Stuebing moved to approve the Consent Agenda, less Consent Agenda Item 5.D., Director Warden seconded, and it was unanimously approved by all four present Board members.

Consent Agenda item 5.D. was then discussed and considered separately.

D. Approve Contract for Professional Services in the amount of \$65,800 with John Davidson d/b/a Jrocket77 Design & Marketing for Public Outreach/Education/Relations Services and MPWD Website Updates

Vice President Zucca said he would like a more definitive scope of professional services than what was provided with the contract, detailing out exactly what the consultant would be doing for MPWD. He felt that since the value of the contract exceeded the signature authority of the General Manager, it would be difficult for the Board to award the contract without more specific scope of services information. Director Warden appreciated Vice President Zucca's comments and added that General Manager Rudock also makes sure the detail of the consultant's work is detailed on the invoices. Director Warden asked that an example of the invoice be shown to the Board at the next Board Meeting if the scope of services wasn't updated. President Linvill agreed with Vice President Zucca's comments. General Manager Rudock explained that the consultant's public relations/outreach services are not typically based upon time and materials commitments but driven by the MPWD environment and critical needs and staff direction. That was why there was an estimate for not only the consultant's monthly work hours but the printing costs for deliverables. Director Stuebing expressed that he thought the Board was attempting to micro-manage staff with regard to the contract's provisions.

Vice President Zucca moved to approve Consent Agenda 5.D., Director Warden seconded, and it was unanimously approved by all four present Board members.

### 6. HEARINGS AND APPEALS

None.

### 7. DROUGHT AND WATER CONSERVATION

A. Water Conservation Progress Report
General Manager Rudock discussed the 31.0% reduction in water consumption during
the month of June 2015 compared with 2013, which is a new record for the month of
June in MPWD's history since tracking started in 1961. Last year's June percent change
was -7.2%. She explained the addition of the 2015 chart added to her report, and
mentioned there will be a graph presented starting next month which will track both
water consumption and water purchased. There were six complaints in June. She then
turned the report over to Jeanette Kalabolas, Water Conservation Specialist, who
discussed the 2015 Second Quarter Water Conservation Staff Report.

Jeanette Kalabolas reported that one of the complaints involved a customer that was not complying with the watering schedule mandated by the 2015 ordinance. The process in

place for those who are not adhering to the new ordinance are as follows: 1) Educate the offender; 2) Send a written warning advising to cease and desist; 3) Give a 48-hour onsite citation; 4) Impose a \$500 fine; and 5) Terminate water service until compliance is achieved. Staff has verbally reached out to the customer to remind them about the 2015 ordinance and outdoor watering restrictions, and advised them to cease watering outside the mandated schedule for all customers. It is time now for the written warning to be sent advising to cease and desist the violation(s), which staff is drafting in consultation with District Counsel.

Jeanette Kalabolas discussed the rebate program, and offered a chart that showed the trend over the past three years showing results of each of the four rebate programs. She commented on the four new promotional items to be purchased to encourage conservation, along with the purchase of new MPWD tablecloths and reusable signage for community and educational events in the community. She commented on the Fall 2015 "Waterline" Newsletter under development, and what content will be included. She discussed options for home water use report software that staff has been reviewing with consultants. Once implemented, the report would be accessible to customers through MPWD's website. She summarized the School Audit and Retrofit Pilot Program and MPWD's specific involvement in that program. She discussed Belmont's "National Night Out" and MPWD's participation. She shared the California State "Save Our Water" Summer 2015 Campaign, noting that the telephone survey that was conducted across the State of California revealed interesting findings—one of which was that when the drought is over, many consumers said they would put their grass back in place, because these consumers associate grass with "curb appeal," which they believe is important for resale of their properties.

Vice President Zucca commented that Jeanette's report was excellent—one of the best the Board has received on Water Conservation—and to keep up the good work.

### 8. REGULAR BUSINESS AGENDA

### A. Consider CSDA 2015 Board Elections and Mail Ballot for Seat A on the Coastal Network

General Manager Rudock deferred to the Board for its consideration of the CSDA ballot. General Manager Rudock reported that she transmitted the ballot to Directors Stuebing and Warden for their advance review since they are the Directors assigned to CSDA matters. She further mentioned that Elaine Magner introduced herself to General Manager Rudock during the recent CSDA Legislative Days in Sacramento and asked for the MPWD's support during the election. Director Stuebing voiced support for Elaine Magner, because she made an effort to reach out, he liked her candidate statement, and he believes she has the qualifications for the position. Director Warden mentioned that Robert Blair also seemed to be a viable candidate. Director Stuebing moved to nominate Elaine Magner for CSDA Board of Directors, Coastal Network/Seat A for the 2015 election, Director Warden seconded, and it was unanimously approved by all four present Board members.

### B. BAWSCA Update

Postponed until next month.

### 9. MANAGER'S AND BOARD REPORTS

 MPWD to the SWRCB on July 22, 2015, and directive #4 is due for action next year during the preparation of the 2015 Consumer Confidence Report. The Board asked staff for a copy of the Corrective Action Plan. Lastly, a water quality complaint on the 1500 block of El Camino Real exposed a blow-off valve in the alley with signs of tampering, or potential unauthorized water use. Staff also found a fire hydrant with a loose cap. In response to this discovery, letters were sent to several business owners and residents in the area making them aware of the apparent tampering, and asking them to report any suspicious activity to either the MPWD or the Belmont Police Department. Staff coordinated with the Belmont Police Department in case they are contacted.

3. Supplemented by District Engineer's Report

District Engineer Brandon Laurie reported that the Zone 1 Modeling is on schedule and will be complete by the August 2015 Board Meeting. The Buckland Tanks driveway has been completed, and a full update will be presented at the August Board Meeting. General Manager Rudock added that MPWD would like to do a small ribbon cutting at the Buckland Tank site, inviting the City of San Carlos and San Carlos Chamber of Commerce, as well as surrounding neighbors, to attend. Staff will coordinate scheduling that ribbon cutting event.

### B. Financial Reports

General Manager Rudock briefly discussed the year-end financial results, noting that operating revenue was 87.9% of budget and operating expenditures were 91.6% of budget. However, depreciation is included in the operating budget, which transfers to capital expenditures. So the actual operating expenditures are in line with revenues. Administrative Services Manager Pina added the final financial reporting for 2014/2015 will be provided after the audit is complete.

### C. Director Reports

Director Stuebing shared that a neighbor approached him about recycled water use. He investigated and found that Redwood City's recycled water is only for Redwood City customers. District Treasurer Ira mentioned that in the future, water districts may be forced to put in purple pipe to use the recycled water being produced. The goal is to use 100% of the recycled water instead of putting in back into the waterways.

President Linvill encouraged those present to consider reading the book *Cadillac Desert* by Marc Reisner, a history book about how water shaped California and its population, why dams were built, who drove the charge, and why the government acts the way it does today as a result of past water policy. She said it is a "must read" for anyone who lives in California.

### 10. <u>FUTURE AGENDA BUSINESS ITEMS</u>

None.

### 11. COMMUNICATIONS

General Manager Rudock distributed the ACWA Region 5 "Save the Date" Meeting notice and preliminary agenda—October 25-26, 2015, in Buellton.

General Manager Rudock distributed the 2014 Customer Confidence Report (CCR) and explained that it was timely submitted to the State Water Resources Control Board (SWRCB), posted to the MPWD website, and mailed to customers by the July 1st deadline. She shared President Linvill's ideas during the monthly agenda review meetings between the General Manager and Board President, including not only reviewing the current month's agenda but also the following month's agenda. Progress on the MPWD Strategic Plan will also be discussed. President Linvill further suggested that the Board meeting Minutes be ready for the agenda review meeting. Because of the tight schedule with all who need to review the minutes prior to them being finalized, it may not be viable, but staff will make every effort to try to accomplish this goal. Regarding the CSDA General Manager Summit she attended, General Manager Rudock reported that it was well attended and that there are a few legislative items being considered, one of which was more pension reform by the former Mayor of San Jose and colleagues. She will have more information to share next month. She pointed out that the CSDA Annual Conference will be held from September 21-24 in Monterey and Administrative Services Manager Pina and General Manager Rudock will be attending it.

### 1. Supplemented by Administrative Services Manager's Report

Administrative Services Manager Pina reminded the Board the Audit will start the following week, with three days of actual field testing. President Linvill then asked about the email she received from the auditors with questions she will need help in answering. She will forward the email to General Manager Rudock and Administrative Services Manager Pina will follow up with the auditors.

### 2. Supplemented by Operations Manager's Report

Operations Manager Ramirez started by saying he is excited to be at MPWD, that he likes the size of our organization. He then commented that in larger organizations, there are some who are not willing to work outside their "job description" but that he has found a very different attitude here at MPWD. Instead, he has found staff eager to assist in any way possible.

He highlighted the recent reorganization, and mentioned by name those who are his direct reports. He reiterated that even though each employee has their area of responsibility, they are working together to assist one another in service to MPWD's customers. He then presented an updated AMI Meter installation map which showed the AMI Meters already installed, and those being installed for Fiscal Year 2015/2016. The AMI Meters targeted this year are the Zone 1 commercial and industrial customer sites. These are MPWD's largest revenue customers. He expressed appreciation to Field Operations Supervisor, Brent Chester, for managing the AMI Meter installation project and map. He then discussed System Maintenance, highlighting that 50 system valves had been exercised in Zone 8. He also discussed the water sampling process, which is conducted each week by Water Quality and Safety Lead Operator, Rick Bisio. He mentioned the MPWD is required to sample for lead and copper in the customer plumbing and that we are looking for 30 volunteers. So far, we have 11 volunteers. Several of the Board Members volunteered to participate in the study if their pipes qualify. Operations Manager Ramirez then discussed the SWRCB Citation No. 02-17-15C-004 related to the untreated water incident from the Regional Water System (RWS) managed by the SFPUC on March 3, 2015. Three of the five citation directives have been completed by the MPWD. Directive #2, the Corrective Action Plan, was submitted by the

| 252 | President Linvill asked how to properly note the Closed Session in the agenda, noting that |
|-----|--|
| 253 | using the word Adjournment may not be the correct term. Instead, using the word "recess    |
| 254 | may be more appropriate. District Counsel Sherman replied either way was proper            |
| 255 | protocol - the Board could recess to the Closed Session or adjourn to the Closed Session   |
| 256 | but that the meeting would not be formally adjourned until after the Closed Session item   |
| 257 | and reporting out. Director Warden suggested that Closed Session matters be scheduled      |
| 258 | at the beginning of the Board meeting.   |
| 259 | The Board recessed into Closed Session at 7:54PM to discuss one matter.                    |

### AGENDA ITEM NO. 7.A.

DATE:

August 27, 2015

TO:

**Board of Directors** 

FROM:

Tammy Rudock, General Manager

SUBJECT: DROUGHT AND WATER CONSERVATION PROGRESS REPORT

### RECOMMENDATION

Receive progress report on drought and water conservation activities.

### DISCUSSION

Activities completed since the July 23<sup>rd</sup> Board meeting:

- 1. June 1, 2015 was the start of the SWRCB's measurement period for the 2015/2016 statewide water conservation goals. The measurement period ends February 29, 2016. As previously reported, the MPWD system conservation goal is 20% when compared to 2013 water consumption.
- The report due August 15<sup>th</sup> to the SWRCB was timely submitted. July's water consumption was 105,639 units—the lowest July since 1995! The <u>reduction</u> (compared with 2013) measured 32.3%! *The July 2014 PERCENT CHANGE was -13.7% and the R-GPCD was 106.*

MPWD's cumulative water savings (since tracking started on June 1, 2015) total - 31.7%, which is 11.7% greater than the established MPWD system conservation goal of 20%.

\*Compared to 2013.

The R-GPCD (Residential-Gallons Per Capita Day) calculations are highlighted in yellow. The SWRCB performance standard for indoor use is 55GPCD. (Note: For 2015/2016, the SWRCB formula for calculating the R-GPCD included MPWD factors: 85% residential use of total production, and 2014 population projection—26,730—from 2010 Urban Water Management Plan.)

3. MPWD started tracking water waste complaints in July 2014. All were investigated and resolved through communications and education.

- 4. The SWRCB media release dated July 30, 2015, and entitled "California Water Use Drops 27.3% Exceeds 25% Mandate for June," and statewide Emergency Conservation Regulation Update dated August 4, 2015, is attached for information.
- 5. Attached for information is the August 5, 2015, Belmont Parks and Recreation Commission "Water Conservation Strategy Update" staff report by Jonathan Gervais, Parks and Recreation Director. Staff will work with Belmont City Parks and Recreation staff to identify partnership opportunities with regard to the turf transition projects identified in the report.

### **BACKGROUND**

The following Calendar Year 2014 and 2015 tables reflect MPWD's water system purchases in units (1 unit = 748 gallons), percentage change comparison, and cumulative average savings (highlighted in blue).

### CALENDAR YEAR 2015 - JANUARY THROUGH MAY

### Media Release

### CALIFORNIA WATER USE DROPS 27.3 PERCENT, EXCEEDS 25 PERCENT MANDATE FOR JUNE

For Immediate Release July 30, 2015

Contact: George Kostyrko gkostyrko@waterboards.ca.gov

SACRAMENTO – With record-breaking heat throughout much of the State in June, Californians continued to conserve water, reducing water use by 27.3 percent and exceeding Governor Edmund G. Brown Jr.'s 25 percent mandate in the first month that the new emergency conservation regulation was in effect.

"Californians understand the severity of the drought and they are taking action, as shown by the numbers released today," said Felicia Marcus, Chair of the State Water Resources Control Board. "We didn't know if the positive showing in May was due in part to cooler temperatures. This report shows that residents knew they had to keep conserving even during the summer heat and they kept the sprinklers off more than they would in a normal year. That's the right attitude as we head into August and September heat--in the drought of the century with no certain end date."

Despite being the hottest June on record, California's urban water suppliers exceeded the statewide conservation goal, saving 59.4 billion gallons (182,151 acre-feet), as compared to the same time in 2013. June conservation efforts put the State on track to achieve the 1.2 million acre-feet savings goal by February 2016, as called for by the Governor in his April 1 Executive Order.

Water suppliers have made significant Investments in their education and outreach programs to communicate the need to conserve to their customers. June's enforcement statistics highlight the growing awareness of how water is used locally as a result of these programs. Water suppliers reported that their compliance and enforcement programs saw an almost two-fold increase in the number of complaints of water waste which resulted in a big jump in reported penalties.

### **Media Release**

Monthly water use reports are required by the <u>emergency water conservation regulation</u>, and are provided to the State Water Board by urban water suppliers. Urban water suppliers are expected to meet, or exceed, their <u>individual conservation standard</u> starting in June and continuing through February 2016. The year 2013 serves as the baseline for determining water savings statewide. The current report is posted <u>here</u>.

### June Highlights:

- The percent of water saved by the State's large urban water agency suppliers decreased from 29.1 percent in May to 27.3 percent in June, in same-month water use comparisons of 2015 to 2013. June 2015 was the warmest June on record.
- The amount of water saved in June 2015 (59.4 billion gallons) is six times more than the amount of water saved during the same month in 2014 (9.6 billion gallons), when the State's voluntary 20 percent conservation goal was in effect.
- The June 2015 savings are 15 percent of the statewide savings goal of 1.2 million acre-feet of water needed by February 2016.
- 265 water suppliers, serving 27.2 million people met or exceeded their conservation standard. Almost 40 percent of all urban water suppliers reduced their water use by 30 percent or more.

See the how the hydrologic regions did for the month of June here.

### Local Enforcement Data Indicates Increased Awareness and Response

In April, water suppliers began reporting on their compliance and enforcement efforts to promote conservation and reduce water waste. The June statistics demonstrate community and water supplier commitment to identify and correct wasteful practices:

- 43,942 water waste complaints were reported statewide (by 371 suppliers), compared with 28,793 complaints reported in May (by 353 suppliers);
- 35,295 formal warnings were issued for water waste statewide (by 307 suppliers), compared with 36,082 formal warnings in May (by 279 suppliers); and
- 9,582 penalties were issued statewide (by 52 suppliers), compared with 1,928 penalties issued in May (by 49 suppliers).

By the end of June, four suppliers (one percent) had not imposed mandatory irrigation restrictions, and 19 suppliers (five percent) reported that they still allow outdoor watering seven days a week.

The June urban water supplier enforcement statistics can be found here.

### **Media Release**

### **June's Top Performers**

"In normal years, water use rises dramatically in the hot summer months. But this year, during the hottest June on record, Californians proved that that they have the ingenuity and commitment to meet this challenge," said Marcus. "Agencies have stepped up to the plate to engage with their customers and it shows. The public knows how bad the drought is, and agencies need to help them know what to do. Letting lawns go golden, taking shorter showers, and other actions can pay off in greater urban water security in the event of more dry years, but, at the same time, we need to be clear that trees should be watered."

Dozens of communities achieved conservation levels of more than 30 percent in June 2015. Some of these stand-out communities include: Menlo Park (Bay Area), California Water Service – Antelope Valley (High Desert) and Arvin Community Services District (Tulare Lake Region). These high achievers include both inland and coastal communities, proving that it can be done.

Suppliers demonstrating remarkable performance included:

- Los Angeles County's Antelope Valley Waterworks District (District #40) realized a
  42 percent reduction in June water use, nearly doubling the 22 percent savings
  achieved in May. The District has implemented penalties for excessive water use and a
  drought surcharge to discourage excess water use.
- San Gabriel Valley Water Company reduced water use by 35 percent in June,
   1.5 times greater than the 23 percent reduction recorded in May. San Gabriel Valley's
   Stage 2 drought restrictions and penalties were approved by the California Public
   Utilities Commission on June 22, 2015.
- Santa Clara Valley Water District set a 30 percent savings goal for its service area in March 2015 and 9 of its 11 urban water suppliers, including the San Jose Water Company and the City of San Jose, exceeded the 30 percent goal in June, leading to an overall savings rate of 35 percent for the District.
- Yorba Linda Water District implemented Stage 3 of its drought ordinance effective
  June 1st, creating penalties for excessive water use, and working closely with its cities,
  homeowner associations, and school districts to curb water use. The result was a
  38 percent reduction in use, surpassing its 35 percent reduction achieved in May.

## **Media Release**

## **Compliance Statistics**

Of the 405 water suppliers reporting, 265 suppliers (65 percent) met, or were within one percent of, their conservation standard; 53 suppliers (13 percent) are between one and five percent of meeting their conservation standard; and 71 suppliers (18 percent) are between five and 15 percent of meeting their conservation standard.

However, there are 16 suppliers (four percent) that are more than 15 percent from meeting their conservation standard. The State Water Board will be contacting all suppliers more than one percent away from meeting their conservation standard and requiring many to provide information about their existing conservation programs and the steps they are taking to boost conservation. The suppliers furthest from meeting their conservation standard will be directed to take additional actions, such as imposing further restrictions on outdoor irrigation and increasing outreach and enforcement. The State Water Board cannot delay in using its enforcement tools to ensure water suppliers reach their mandated reductions.

## Background

In his April 1 <u>Executive Order</u>, Governor Brown mandated a 25 percent water use reduction for cities and towns across California.

In May, the State Water Board adopted an <a href="mailto:emergency regulation">emergency regulation</a> requiring an immediate 25 percent reduction in overall potable urban water use. The regulation uses a sliding scale for setting conservation standards, so that communities that have already reduced their residential gallons per capita per day (R-GPCD) through past conservation will have lower mandates than those that have not made such gains since the last major drought.

Each month, the State Water Board compares every urban water supplier's water use with their use for the same month in 2013 to determine if they are on track for meeting their conservation standard. Local water agencies determine the most cost effective and locally appropriate way to achieve their standard. The State Water Board will work closely with water suppliers to implement the regulation and improve local efforts that are falling short.

California has been dealing with the effects of an unprecedented drought. To learn about all the actions the state has taken to manage our water system and cope with the impacts of the drought, visit <u>Drought.CA.Gov</u>.

Every Californian should take steps to conserve water. Find out how at <u>SaveOurWater.com</u>.

## STAFF REPORT

Meeting Date: August 5, 2015 Agenda Item #5B

Agency:

City of Belmont, Parks and Recreation Commission

Staff Contact:

Jonathan Gervais, Parks and Recreation Director, jgervais@belmont.gov

Daniel Ourtiague, Parks Manager, dourtiague@belmont.gov

Agenda Title:

Water Conservation Strategy Update

Agenda Action:

Discussion & Direction

Recommendation

Update to the Commission on water conservation actions being implemented by the City and an opportunity to provide input on additional proposed measures.

Background

Due to the lack of sufficient rainfall during the current and previous four winter seasons, the State of California has passed emergency legislation to reduce water usage. While the entire state is impacted, decisions about water use policies are often made at a regional level or by individual agencies that manage water distribution systems. The supplier of water in Belmont is the Mid-Peninsula Water District which receives its water from the City and County of San Francisco's Regional Water system which is operated by the San Francisco Public Utilities Commission (SFPUC). The State Water Resources Control Board (SWRCB) issued 2015 regulations to address the statewide drought emergency and has called on Mid-Peninsula Water District customers to save 20%. Mid-Peninsula Water District is prohibiting the following activities during the 2015 drought:

- Watering outdoor landscapes during and within 48 hours after measurable rainfall.
- Outdoor watering of ornamental landscapes or turf more than two days per week.
- Irrigation of ornamental turf on public street medians.
- Serving drinking water other than upon request in eating or drinking establishments.
- Outdoor landscape watering between 10 a.m. and 6 p.m.
- Landscape irrigation that causes runoff onto non-irrigated areas.
- The washing of vehicles without a positive shut-off nozzle attached to hose.
- Cleaning off driveways, sidewalks, patios, or parking areas with water.
- Operation of a non-recirculating fountain or other decorative water feature.

**Analysis** 

The City of Belmont is the largest consumer of water in Belmont including managing water use in City buildings, parks, City and School District athletic fields, medians and Right-of Way's. In June 2014, the Department presented to the Commission recommended strategies to reduce water usage. The strategy has three major goals:

To conserve water

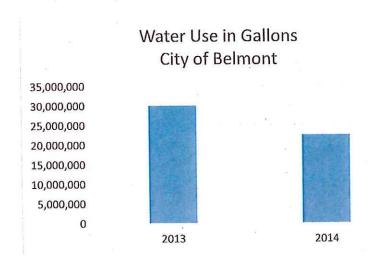

- 2. To control water costs
- 3. To be more environmentally sustainable

The recommendations included a comprehensive program for landscaped area managed by the department. Each park, median, athletic field was assessed and placed into a category that allows for water resources to be strategically allocated by priority. Priorities were established by considering use, aesthetics, safety and the value of the investment. For example, although water requirements are very high for athletic field turf, the alternative and costs associated with having to replace large acres of athletic field turf is not feasible or economical. In addition, healthy grass is needed to make athletic fields safe and playable. Through prioritization, some areas have been irrigated to maintain healthy levels (green), others have been reduced to non-fatal stress levels (yellow), while others are no longer irrigated (brown). A high priority area like athletic fields, permit picnic areas, new plantings are being maintained as green and healthy. Areas with shrubs and trees, medians and ornamental turf are being watered to keep the plants alive but watering has been reduced to manageable stress levels. Established trees and shrubs are no longer being irrigated.

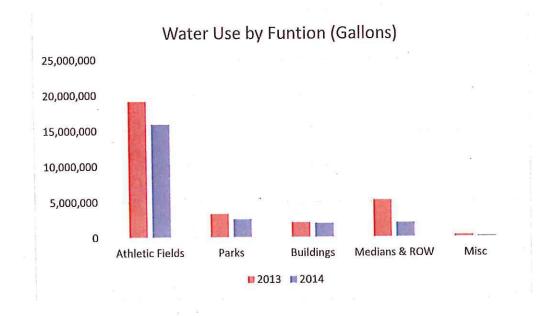

In addition to reducing irrigation, the strategy also included employing additional measures, including:

- > Installing Climate Logic Controllers that have the ability to measure temperature, wind, precipitation, daylight hours, evaporation, and adjust watering programs according to weather conditions
- > Actively monitoring systems for broken irrigation lines, valves or heads, runoff, oversaturation and making repairs/adjustments quickly
- > Planting drought tolerant plant species
- > No daylight watering unless checking a system
- > Using mulch/chips to improve water retention in shrub & tree beds and medians
- > Removing or replacing old and underperforming plants which require significant amounts of water
- > Replacing spray heads with drip irrigation or bubblers where appropriate

The efforts over the past two years have yielded significant water savings. In 2013, the City used 40,204 units (30,072,592 gallons) of water in City buildings, parks, City and School District athletic fields, medians and right-of way's. In 2014, the City used 30,148 units (22,550,704 gallons) of water, a savings of 25% compared to 2013.

The usage pattern has also changed from 2013 to 2014. The graph below shows the water consumption based on function.

Early results indicate that water savings are continuing into 2015 and the Department plans to carry on with the measures in place. In addition, the department is looking at additional measures to reduce water usage, including:

- 1. Consider replacing small patches of grass with native plants, hardscape, or synthetic turf in the following areas:
  - a. Front of City Hall
  - b. Adjacent to the Senior Center
  - c. Buckeye Picnic Area

- d. Twin Pines Entrance
- e. O'Donnell Park
- f. Hiller Triangle
- g. College View Park
- 2. Perform water audits of existing systems to improve on watering uniformity and efficiency
- 3. Consider reducing watering to the edges of the athletic fields- areas outside of the playing field
- 4. Placing reminders in buildings to reduce water and install water reduction plumbing fixtures when possible
- 5. Consider the installation Water Management Systems which have the ability turn off systems when high flow is detected from breaks or leaks
- 6. Include educational opportunities with these projects including signage and outreach

## **Attachments**

A. None

**Fiscal Impact** 

For Fiscal Year 2016, the City estimates spending \$211,700 on water. In Fiscal Year 2015 the estimated total is \$189,700. The increase is estimated due to anticipated increases in the cost of water.

## AGENDA ITEM NO. 8.A.

DATE:

August 27, 2015

TO:

**Board of Directors** 

FROM:

Tammy Rudock, General Manager

SUBJECT: PROGRESS REPORT ON MPWD 2015 STRATEGIC PLAN AND

PROCESS FOLLOW-UP BY JULIE BROWN

## RECOMMENDATION

Receive progress report on MPWD 2015 Strategic Plan and process follow-up by Julie Brown.

## FISCAL IMPACT

Staff time for development of progress report, checklist, and action plan calendar.

Approximately \$1,000 for Julie Brown's professional services.

## DISCUSSION

During the MPWD 2015 strategic planning earlier this year, it was recommended that there be a mid-year progress report. This was quite a task because of the plan's format. Staff learned a lot through the updating process.

Attached first is a Progress Checklist that summarizes 2015 Strategic Plan key action items and their status, including a calendar for a chronological view of action items remaining to be completed this fiscal year. Next is the detailed 2015 Strategic Plan Progress Report, including the Action Plan.

From this exercise, it was noteworthy that:

Most items included with the Basic Measures are ongoing standard operating procedures.

The majority of independent Basic Measure action items were completed as itemized on the Project Checklist. A couple items (e.g., customer satisfaction survey and solar power exploration) are projected as "not likely to be completed" this calendar year.

The remaining Action Plan Items are included on the Project Checklist and were either noted as completed or indicated their target completion date, and were added to the calendar.

Some duplication was discovered.

Staff believes the strategic plan format is cumbersome. Action Plan Items should be the strategic priorities and Basic Measures should be itemized elsewhere if even necessary to be included since most are standard operating procedures.

Staff will present progress highlights at the Board meeting. (Note: The Operations Manager's name was substituted on action items within the Action Plan where appropriate.)

Julie Brown will facilitate a dialogue with the Board and staff on the strategic planning process and format in preparation for next year.

\*Basic Measures of Success include 2015 items highlighted in blue. \*\*\*Described in detail within the attached Action Plan document.

# **ACTION PLAN FOR 2015 STRATEGIC PRIORITIES**

# Strategic Element #1- External Relationships and Customer Service

- A. Work with City of Belmont to coordinate capital projects, MPWD Urban Water Management Plan (UWMP) update and Belmont's General Plan update and related development policies
  - > Board Liaison-All Directors involved

# Key Steps

- Complete water hydraulic modeling
- Develop Capital Improvement Plan
- Update MPWD Urban Water Management Plan (UWMP) and coordinate with City of Belmont General Plan update and related development policies
- Identify and act on appropriate actions to collaborate with the City of Belmont on shared accountabilities/projects

# Target Completion Date-Ongoing

# B. Complete and launch new MPWD website

➢ Board Liaison-Tammy Rudock

#### Key Steps

- Finalize website content transfer
- Coordinate elements with Special District Leadership Foundation transparency best management practices
- Present to Board of Directors for input on 2/26/15
- Incorporate feedback and suggested revisions
- Launch new website by 4/15/15

# Strategic Element #2-Resource Management

# A. Complete Nitrification Monitoring Plan

Board Liaison – Henry Young

### Key Steps

- Develop internal working draft
- Include key standard operating procedures
- Submit draft to the State Water Resources Control Board/Division of Drinking Water for review 4/1/15
- Present vetted plan to the Board of Directors for approval 5/1/15

# B. Finalize Indoor / Outdoor Water Use Efficiency Ordinances

Board Liaison- Tammy Rudock/District Counsel

#### Key Steps

- District Counsel update to Board of Directors on meeting with Belmont's City Attorney regarding enforcement challenges
- Finalize "one-stop shop" processes with City of Belmont and City of San Carlos
- Develop flowchart describing applicant procedures

Mid-Peninsula Water District BOD Strategic Planning 1-13-15 Julie M. Brown and Associates

- Present cost-of-service fee to Board of Directors for approval
- Incorporate into Belmont/San Carlos coordination efforts

# Target Completion Date-12/1/15

# C. Commence UWMP (Urban Water Management Plan) update

Board Liaison- Matt Zucca/Tammy Rudock/Rene Ramirez

### Key Steps

- Develop and issue Request for Proposal (RFP)
  - Select appropriate consultant after development of criteria for plan needs
  - Create contract and initiate work
- Initiate planning process with consultant
  - Create alignment during MPWD plan development as possible with Belmont's general plan process and zoning ordinance change processes; also include San Carlos as part of effort
  - Develop workshops for staff and presentations to BOD (Board of Directors) regarding plan development, status and recommendations
  - Schedule and develop plan for public review of draft
  - Complete public hearing and incorporate appropriate feedback
  - Submit in appropriate format after Board approval

# Target Completion Date-6/30/16

# Strategic Element #3-Infrastructure Management and Operations

# A. Finalize Operations & Maintenance (O&M) Manual

- Board Liaison-Rene Ramirez
  - O& M manual → Present progress report monthly beginning 2/26/15

# B. Complete the MPWD water hydraulic model

➢ Board Liaison-District Engineer/Tammy Rudock/Rene Ramirez

#### Key Steps

- Carry forward assessment work in progress to identify additional needs by zone
  - Zone 8 by 2/26/15
  - Zone 2 by 5/28/15
  - Zone 1 by 8/20/15
- Complete all water hydraulic modeling and mapping and integrate needs into one plan
- Identify and prioritize projects for in-house construction by operations
- Prioritize capital projects for Capital Improvement Program (CIP) development

# C. Complete development of CIP/Master Plan

Board Liaison-District Engineer/Tammy Rudock/Rene Ramirez/Candy Pina

#### Key Steps

- Finalize development of 5-year CIP
- Assess financial impact on agency operations
- Link capital needs to 5-year rate study activity (Proposition 218)
- Determine ability to incorporate information into July 1, 2015 rates/5-year program
- Present to Board of Directors for approval

### Target Completion Date-10/22/15

# Strategic Element #4-Human Resource Management

- A. Finalize key organizational policies/manuals
  - o Finish Human Resources (HR) Manual
    - > Board Liaison- Tammy Rudock/Candy Pina/District Counsel

# Key Steps

- Complete draft manual
- Review draft with District Counsel
- Meet and confer with MPWD Employee Association for review and input
- Present HR manual to Board of Directors for review and approval by 6/25/15

### Target Completion Date - 6/25/15

- Create Board of Directors Bylaws
  - Board Liaison-Matt Zucca/Betty Linvill/District Counsel

### Key Steps

- Develop necessary content framework
- Obtain comparable bylaws for review
- Create draft bylaws
- · Revise drafts based on legal counsel input
- Submit to the full Board of Directors for approval by 12/16/15

Target Completion Date -12/16/15

# Strategic Element #5-Financial Management

# A. Complete rate study and Proposition 218 process

Board Liaison- Tammy Rudock/Candy Pina/Henry Young/District Treasurer/District Counsel/District Engineer/Bartle Wells

#### Key Steps

- Create schedule for study and process for implementation by 7/1/15
- Develop rates at levels adequate to fund costs of providing service, including long-term operating and capital needs
- Consider financial challenges: SFPUC wholesale water purchase rate increases, capital improvement needs, reduced water sales, and ongoing operating costs inflation
- Financial Plan:
  - Develop 10-year financial projections to determine annual revenue needs
  - Evaluate financial scenarios and rate increase alternatives
- Water Rate Analysis:
  - Evaluate rate structure alternatives or modifications as directed
  - Analyze customer and usage data
  - o Develop new rates based on a cost-of-service approach
  - Develop emergency water shortage rates to support financial stability during periods of reduced water sales
- Phase in rate adjustments over time to minimize the annual impact on ratepayers
- Build consensus for final recommendations
  - Conduct public rates workshop

Mid-Peninsula Water District BOD Strategic Planning 1-13-15 Julie M. Brown and Associates

- o Incorporate feasible input
- Finalize rate study and new rate schedule
- Proposition 218 process:
  - o Create customer protest hearing notice
  - Conduct public hearing
  - Board approval of new rate schedule
- Implement new rates by 7/1/15

# B. Miscellaneous fees update/fee schedule

> Board Liaison- Tammy Rudock/Candy Pina/Rene Ramirez/District Treasurer/District Counsel/Bartle Wells

#### Key Steps

- Identify operational activities for inclusion into updated fee schedule
- Consider cost-of-service approach
- · Benchmark charges by similar agencies
- Draft proposed fee schedule
- Complete after agency rate study by 10/1/15

# C. Implement new financial management system

Board Liaison- Candy Pina/Tammy Rudock/Rene Ramirez/District Treasurer/External Consultant

### Key Steps

- Develop and issue RFP
- · Select responsive proposal
- Create contract to present to BOD for approval
- Schedule kickoff meeting and create project timeline
- Coordinate system components with staff
- Develop system transition schedule
- · Train staff on new system
- Implement new financial management system by 12/1/15

# D. Develop/finalize financial control policies and procedures, including implementation of inventory controls and policy

- Board Liaison- Tammy Rudock/Candy Pina/Rene Ramirez/District Counsel/District Treasurer
  - Financial Control and Inventory Control Manuals
     Key Steps
    - Coordinate financial control and inventory control manuals with staff
    - Review drafts with District Counsel and District Treasurer
    - Present policy manuals to Board of Directors for review and approval
      - Financial control manual by 6/1/16
      - Inventory control policy by 6/1/16

# **RESOLUTION NO. 2015-16**

# ACCEPTING AS COMPLETE THE BUCKLAND TANK DRIVEWAY REPLACEMENT PROJECT AND AUTHORIZING THE RECORDATION OF A NOTICE OF COMPLETION FOR THIS PROJECT

\* \* \*

# MID-PENINSULA WATER DISTRICT

WHEREAS, on June 17, 2015, the Mid-Peninsula Water District ("District") entered into a construction contract with Stoloski and Gonzalez, Inc. in the amount of \$32,950.00 for the Buckland Tanks Driveway Replacement Project; and

WHEREAS, one change order was issued during the course of the Project, increasing the contract price by \$1,132.50 for a total contract amount of \$34,082.50; and

WHEREAS, the Project Manager has determined that the work required under this contract has been completed in accordance with the contract plans and specifications and the contractor has submitted record drawings to the District; and

WHEREAS, a recommendation has been presented to the Board of Directors of the District to accept the project as complete and to authorize the recordation of a Notice of Completion with the County Recorder.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Mid-Peninsula Water District as follows:

- The Buckland Tanks Driveway Replacement Project is hereby accepted as complete; and
- The General Manager is hereby authorized and directed to record a Notice of Completion with the County of San Mateo evidencing acceptance and completion of this project.

Code § 6103 & 27383 NOTICE OF COMPLETION Notice is hereby given that: 1. The undersigned is an authorized agent of the owner of the hereinafter described property. 2. The full name of the undersigned owner is: CITY AND STATE **ADDRESS** NAME Belmont, CA 94002 3 Dairy Lane Mid-Peninsula Water District 3. On August 27, 2015, there was completed on the hereinafter described real property located in the City of San Carlos, California, the Contract for the construction of the Buckland Tank Driveway Replacement Project. The work consisted generally of the driveway replacement to the tank site. 4. The name of the prime contractor for the work is: CITY AND STATE **ADDRESS** NAME Half Moon Bay, CA 94019 727 Main Street Stoloski and Gonzalez, Inc. The real property herein referred to is located in the City of San Carlos, County of San Mateo, California. VERIFICATION I, Candy Piña, declare that I am the Secretary of the Mid-Peninsula Water District and am authorized to make this verification for that reason. I have read said Notice of Completion and know the contents thereof to be true and correct to my knowledge. I declare under penalty of perjury that the foregoing is true and correct. , California Executed on (place where signed)

Candy Piña, Secretary of the District

# AGENDA ITEM NO. 8.C.

DATE:

August 27, 2015

TO:

**Board of Directors** 

FROM:

Tammy Rudock, General Manager

SUBJECT: CONSIDER RESOLUTION 2015-17 AUTHORIZING AN ADDITIONAL

FY 2015/2016 CAPITAL PROJECT TOTALING \$40,000: MPWD DAIRY

LANE PREMISES CABLING/WIRING INSTALLATION FOR

TELEPHONE AND DATA SYSTEMS TRANSITITON TO DIGITAL

PLATFROM (FROM ANALOG), AND APPROVING INSTALLATION BY

STEPFORD, INC.

# RECOMMENDATION

Approve Resolution 2015-17 authorizing an additional FY 2015/2016 Capital project totaling \$40,000: MPWD Dairy Lane Premises Cabling/Wiring Installation for Telephone and Data Systems Transition to Digital Platform (from Analog), and approving installation by Stepford, Inc.

# FISCAL IMPACT

\$40,000 added Capital cost, which will be included within an Amended FY 2015/2016 Capital Budget next month. Capital funding will be freed due to an unplanned postponement of the Alameda de las Pulgas Water Main Replacement project (\$800,000) because of significant logistical challenges this fiscal year.

Stepford's attached installation proposals total \$36,093.

# BACKGROUND

A new telephone system (Ricoh/Fonality) was installed at the MPWD Dairy Lane premises in June 2013 for a cost of \$22,402. (Ricoh ceased partnership with Fonality last year.)

A few months ago, we received numerous complaints from the Belmont Police Dispatch (they handle the MPWD's after-hours service calls) that there was extreme difficulty hearing customer calls on a call or that they could not hear at all because of static or distortion. Callers complained about the similar poor call quality. As previously reported to the Board, we temporarily adjusted our procedures for MPWD calls received after-hours and requested callers to hang up and dial the Belmont Police Dispatch telephone number directly with any emergencies or water service interruptions.

Over the past several months, staff has been investigating and troubleshooting the problem among itself, the telephone manufacturer, and the MPWD's IT consultant, Stepford, Inc. Many resources, including manpower and additional technological upgrades, have been exhausted to no avail. The problem continues to exist and no other solutions were identified within the Ricoh/Fonality telephone system.

**DISCUSSION** 

Staff is confident that a likely concern is the MPWD's analog platform. Rather than spend any more resources with the Ricoh/Fonality telephone system, the time has come to upgrade the MPWD's Dairy Lane premises and transition the telephone and data systems to digital. This means the MPWD would convert to a hosted VoIP (Voice over Internet Protocol running on Ethernet versus ISDN (Integrated Services Digital Networks) using T-carrier (T1) protocols, and change telephone service providers to Comcast Business Services.

The telephone system provided by Comcast is pure IP (Internet Protocol)-based from the telephone to the PSTN (public switched telephone network). Comcast provides everything but the wiring and network switches used on premises. Since the system is hosted by Comcast, any failure within our premises does not result in a failure of the telephone system. Calls will be handled by an auto-attendant and can be routed to voicemail or picked up by an alternate telephone anywhere in the world using settings that come with the telephone system.

Having the system running off-site delivers business continuity for short-term disruptions such as power outages and disaster recovery for situations where an outage exists for an extended period of time. In an outage, as long an Internet connection is available, the telephone services can be accessed or alternate services can be set up.

Staff contacted other public agencies that utilize Comcast business telephone services and they were satisfied and reported very few disruptions.

Once the Comcast system is installed and tested, staff will contact the Belmont Police Dispatch and restore the standard operating procedures for after-hours callers.

The cabling/wiring installation will also upgrade the MPWD's data system.

Staff will add this capital project to the proposed Amended FY 2015/2016 Capital Budget next month.

#### RESOLUTION NO. 2015-17

AUTHORIZING AN ADDITIONAL FY 2015/2016 CAPITAL PROJECT TOTALING \$40,000: MPWD DAIRY LANE PREMISES CABLING/WIRING INSTALLATION FOR TELEPHONE AND DATA SYSTEMS TRANSITION TO DIGITAL PLATFORM (FROM ANALOG), AND APROVING INSTALLATION BY STEPFORD, INC.

# \* \* \* MID-PENINSULA WATER DISTRICT

WHEREAS, the Board of Directors for the Mid-Peninsula Water District ("District") approved its FY 2015/2016 Capital Budget on June 26, 2015, totaling \$1,570,000; and

WHEREAS, over the past few months, the District's telephone system and services have degraded in quality resulting in a chronic after-hours transfer problem that despite best efforts has gone unresolved; and

WHEREAS, the District intends to finally resolve the telephone system problem by transitioning to a VoIP digital platform, which involves a major wiring and cabling installation project and \$40,000 capital investment at the Dairy Lane premises; and

WHEREAS, the District's IT services provider, Stepford, Inc., provided proposals totaling \$36,093 to perform the wiring and cabling services for the conversion to a VoIP digital platform; and

WHEREAS, the project should be included within the FY 2015/2016 Capital Budget, which will be considered by the Board for amendment at its September 24, 2015, regular meeting.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Mid-Peninsula Water District as follows:

- The MPWD Dairy Lane Premises Cabling/Wiring Installation for Telephone and Data Systems Transition to Digital Platform (from Analog) project totaling \$40,000 is authorized to be included within the District's FY 2015/106 Capital Budget, which will be considered for amendment at the Board's September 24, 2015, regular meeting; and
- 2. The installation by Stepford, Inc. at a total cost of \$36,093 is approved.
- 3. The General Manager is hereby authorized to sign the proposals.

REGULARLY passed and adopted this 27th day of August, 2015.

# MEMORANDUM

TO:

**ACWA Public Agency Members** 

General Managers and Board Presidents

CC:

**ACWA Board of Directors** 

FROM:

**ACWA Nominating Committee** 

DATE:

June 3, 2015

SUBJECT:

Call for Candidate Nominations for the 2016-2017 Term

ACWA's Nominating Committee is responsible for submitting a slate for the Association's statewide positions of president and vice president to the general membership meeting at Fall Conference.

Nominations must be received in the ACWA office by Tuesday, September 1, 2015, to be considered by the committee.

The following criteria must be met for names to be considered:

- Only elected or appointed member of the governing body or commission (as appropriate) of a member agency of the Association shall be eligible for election to the officer positions.
- Nominations of qualified candidates are encouraged from all member agencies.
- All nominations for the positions of ACWA President and Vice President shall be accompanied by an official nominating resolution from the ACWA member agency on whose board the nominee serves. Said resolution shall be signed by an authorized signatory of the member agency's Board of Directors.
- A resume of the candidate, highlighting qualifications for the position, shall accompany each nomination.

Additional letters or resolutions of support from other agencies may be submitted but are not required.

ACWA's Bylaws and Board policies establish the criteria outlined above, which also govern nominations from the floor. Board policy requires that all nominations received for the positions of ACWA President and Vice President shall be accompanied by a nominating resolution from

ACWA Public Agency Members
General Managers and Board Presidents
Call for Candidate Nominations
June 3, 2015 – Page 2

the ACWA member agency on whose board the nominee serves, and signed by an authorized signatory of the Board of Directors. This policy applies to nominations received in the ACWA office prior to elections, as well as to all nominations received from the floor at general session during the floor nomination process.

We appreciate your interest and participation in this process to find the best qualified individuals to serve in representing the statewide membership of ACWA.

Nominating Committee members include:

- Judith Mirbegian, Region 1
- Eric Larrabee, Region 2
- Joe Parker, Region 3
- Shauna Lorance, Region 4
- Lesa McIntosh, Region 5
- Matthew Hurley, Region 6

- William Taube, Region 7
- Stephen Cole, Region 8
- Harvey Ryan, Region 9
- Linda Ackerman, Region 10
- Randy Record, At-large representative
- Paul Kelley, At-large representative

We ask that Nominating Committee members not be approached to solicit their support of any candidate.

# **IMPORTANT DATES**

- Tentative date for candidate interviews: Wednesday, September 16, 2015
- Election of ACWA's President and Vice President: Wednesday, December 2, 2015, at Fall Conference

Should you have any questions regarding this process, please contact Clerk of the Board Donna Pangborn at the ACWA office at 916-441-4545 or <a href="mailto:donnap@acwa.com">donnap@acwa.com</a>

### **Enclosures:**

- Basic Information for ACWA Officer Nominees
- Sample Resolution to Nominate Candidate for ACWA President or Vice President

# BASIC INFORMATION FOR ACWA OFFICER NOMINEES

# 1.1 Board Officers

The president and vice president of the Association shall be the elected officers of the Association.

# 1.1.1 President

# 1.1.1.1 Purpose

The president is an elected officer of the Association and presides at all meetings of the Board of Directors, the Executive Committee, and the general membership and is responsible to the Board of Directors and the general membership for the duties established by ACWA's Bylaws.

# 1.1.1.2 Duties and Authority

Within the limits of ACWA's Bylaws and the Duties and Authorities established for ACWA Board members, and in coordination with the executive director, the president:

- Serves on the ACWA Board and presides at all meetings.
- Serves as the chair of the Executive Committee and presides at all meetings.
- Schedules special Board and Executive Committee meetings.
- Presides over all general membership meetings.
- Serves as a non-voting ex officio member of each committee, but shall not be an ex officio member of the Nominating Committee or the region boards.
- Appoints members of all committees upon recommendation from members and regions as communicated by the region chairs.
- Appoints the chair and vice chair of each committee, each of whom shall be ratified by the Board of the Directors.
- Appoints special committees, work groups, and task forces from time to time as needed to accomplish a specific task or assignment, consistent with and supportive of the mission of the Association.
- Participates in the Association's spring and fall conferences.
- Represents and supports ACWA's official policies and positions when acting in capacity of ACWA
   President.
- Represents and promotes ACWA's purposes, policies, and goals at a variety of ACWA
  functions/events, including visits to member agencies for ceremonies, meetings, and retention
  efforts in coordination with the executive director.

- Represents and promotes ACWA's purposes, policies, and goals at a variety of external functions/events, including speaking engagements, event participation, and news media and other contacts in coordination with the executive director.
- Performs other responsibilities assigned by the Board.

# 1.1.1.3 Qualification

The president shall be an elected or appointed member of the governing body or commission of a member agency of the Association at the time of his/her election.

# 1.1.1.4 Term of Office

The president shall be elected by the members of the Association at its fall conference in each oddnumbered year and shall take office on January 1 of the calendar year following election. The president shall hold office until December 31 of the following odd numbered year two years later or until his/her successor takes office or is appointed. An elected president shall not be permitted to succeed himself/herself to that office.

# 1.1.1.5 Vacancy

Should a vacancy occur in the president's office, the ACWA vice president shall assume the duties of that office and succeed the president for the unexpired term. Should the vice president not be able to assume this role, the Board of Directors shall appoint a person to fill the office for the unexpired term thereof.

# 1.1.1.6 Compensation

ACWA's president shall serve without compensation. The president shall be allowed reasonable reimbursement of expenses incurred in the performance of his/her duties while on Association business. The president will be reimbursed for expenses incurred for attending conferences, meetings, seminars, workshops or other events, which are mutually beneficial to the officer and the Association and have been authorized by either the Board of Directors or the executive director.

# 1.1.2 Vice President

# 1.1.2.1 Purpose

The vice president is an elected officer of the Association and is a voting member of the Board of Directors. The vice president is responsible to the Board of Directors and the general membership for the duties established by ACWA's Bylaws.

# 1.1.2.2 Duties and Authority

Within the limits of ACWA's Bylaws and the Duties and Authorities established for ACWA Board members, and in coordination with the executive director and president, the vice president:

- Serves as a voting member of the Board of Directors.
- Serves as a voting member of the Executive Committee.

# BASIC INFORMATION FOR ACWA OFFICER NOMINEES

- Performs the duties of the president in the president's absence.
- Succeeds the president for an unexpired term if vacancy occurs.
- Serves on ACWA/JPIA's Executive Committee.
- Participates in the Association's spring and fall conferences.
- Represents and supports ACWA's official policies and positions when acting in capacity of ACWA Vice President.
- Represents and promotes ACWA's purposes, policies, and goals at a variety of ACWA functions/events, including visits to member agencies for ceremonies, meetings, and retention efforts in coordination with the executive director.
- Represents and promotes ACWA's purposes, policies, and goals at a variety of external functions/events, including speaking engagements, event participation, and news media and other contacts in coordination with the executive director.
- Serves as a chair/vice chair or participant on committees or task forces as appointed by the president or Board of Directors.
- Performs other responsibilities assigned by the Board or president.

# 1.1.2.3 Qualification

The vice president shall be an elected or appointed member of the governing body or commission of a member agency of the Association at the time of his/her election.

# 1.1.2.4 Term of Office

The vice president shall be elected by the members of the Association at its fall conference in each oddnumbered year and shall take office on January 1 of the calendar year following election. The vice president shall hold office until December 31 of the following odd numbered year two years later or until his/her successor takes office or is appointed.

# 1.1.2.5 Vacancy

Should a vacancy occur in the vice president's office, the Board of Directors shall appoint a person to fill the office for the unexpired term thereof.

# 1.1.2.6 Compensation

ACWA's vice president shall serve without compensation. The vice president shall be allowed reasonable reimbursement of expenses incurred in the performance of his/her duties while on Association business. The vice president will be reimbursed for expenses incurred for attending conferences, meetings, seminars, workshops or other events, which are mutually beneficial to the officer and the Association and have been authorized by either the Board of Directors or the executive director.

JUL 27 2015

Ms. Tammy Rudock Mid-Peninsula Water District PO Box 129 Belmont, CA 94002 MILI-PENINSULA WATER DISTRICT

Dear Ms. Rudock,

It is my pleasure to inform you that the Cucamonga Valley Water District took action at our July 14, 2015 board meeting to support Director Kathleen Tiegs in her bid for the Association of California Water Agencies (ACWA) President.

I have had the opportunity to work alongside Director Tiegs for a number of years. Her passion is contagious and her commitment to the water industry is tireless. She has a high level of integrity and excellent leadership skills that build coalitions and collaboration; which is evident from her time on the board as well as her experience with ACWA. Over the past two years Director Tiegs has served in the role of ACWA Vice-President working together with the other ACWA board members and staff, ensuring the highest level of ACWA member engagement and interaction.

I am contacting you to request your agency's support of Director Tiegs' nomination by adopting a resolution endorsing her nomination as ACWA President. Attached you will find a sample resolution. If your board takes action, please forward your resolution of support to our offices by August 14, 2015. We will include your resolution in her submittal packet to ACWA. Should your board not be able to take action by that time, please forward a copy of your resolution to our offices as well as to the ACWA offices at 910 K Street, Suite 100, Sacramento, California 95814.

Thank you so much for your consideration; the future of the ACWA organization could not be in better hands than those of Director Kathleen Tiegs. Should you have any questions, please contact Taya Victorino at (909) 987-2591.

Sincerely,

James V. Curatalo, Jr.

President

Enclosure: 2

# **Kathleen Tiegs**

For

# 2015-2016 Association of California Water Agencies President

July 20, 2015

My Fellow ACWA Member:

I am pleased to share with you my interest in serving as President of the Association of California Agencies (ACWA). Over the past two years I have had the pleasure to serve in the capacity as ACWA Vice-President working closely with President John Coleman, Past President Randy Record and my other colleagues on the ACWA board of directors. As a team, we work collaboratively engaging in issues that are critical to the water community as well as to the ratepayers that we represent at each of our agencies.

My experience with ACWA began on a regional basis having served on the ACWA Region 9 Board of Directors beginning in 2008. I also had the

opportunity to serve as the Vice-Chair of the Federal Affairs Committee, and served on the Local Government and the Groundwater Committees. My active participation in the committees and the Region 9 board provided a strong foundation as I began to pursue other avenues to expand my understanding and knowledge of the ACWA organization. The experience I have gained over the past two years has well-equipped me to effectively dialogue with the Administration, regulatory agencies, and other special interest groups that impact our industry. More importantly it has given me the experience to lead our organization, and build upon the accomplishments of those that came before me.

Currently, I serve as the Chair of the Sustainable Groundwater Management Act Implementation Policy Group. The Group has provided a critical role working closely with the Administration and the Department of Water Resources to ensure members concerns are clearly voiced as the law is implemented.

As Vice-President I believe it is important to engage at all levels of the organization so I can better understand the issues in all of our regions to more effectively represent our members. I regularly attend ACWA committee meetings, as well as regional events so I can have a two-way conversation with members and hear what is important to them and their regions.

Currently, I serve on the Cucamonga Valley Water District (CVWD) Board of Directors. I was elected to CVWD in November 2005 and have served as both President and Vice-President of the Board of Directors. Prior to my serving on the CVWD Board, I enjoyed a career in water resources management for a local wholesale water agency for over 30 years. In April 2011, I was honored by State Assembly Member Mike Morrell as the 63<sup>rd</sup> Assembly District Woman of the Year.

There are many wonderful characteristics about ACWA, but the ones that I cherish the most are the diverse perspectives of our members. We have built a collaborative and supportive community that works together on solving issues that have lasting benefits to the regions and areas that we serve as elected officials. We have accomplished so much over these last two year, with actions taken that will forever change our industry and how we do business. There are many more challenges before us that will require a style of leadership that seeks to find solutions that benefit our industry and our ratepayers. I am completely committed, willing and able to continue a legacy of leadership that helps resolve issues and provides a better future for generations that will come after us.

I respectfully request your support to represent you and your organization and the millions of people that rely on our foresight and leadership to provide a high quality and reliable water to our customers. I look forward to the opportunity to represent you and the water industry of California. Thank you for allowing me to share with you my experience, leadership and knowledge. Please feel free to contact me directly at (909) 635-4177.

Thank you in advance for your consideration.

Kathleen Tiegs

# **RESOLUTION NO. XXX**

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE (Name of Agency) SUPORTING THE NOMINATION OF DIRECTOR KATHLEEN TIEGS AS THE ASSOCIATION OF CALIFORNIA WATER AGENCIES PRESIDENT

WHEREAS, the (Name of Agency) Board of Directors are active participants in the Association of California Water Agencies (ACWA), and

WHEREAS, Director Kathleen Tiegs has expressed her interest in serving as the ACWA President for the 2015 – 2016 term, and

WHEREAS, Director Kathleen Tiegs has served in a variety of leadership positions in ACWA, including Vice-President of the Board, the Local Government Committee, the Groundwater Committee, Vice-Chair of the Federal Affairs Committee, Region 9 Board of Directors, and as a member of ACWA/JPIA Executive Committee, and

WHEREAS, Director Kathleen Tiegs is committed to advancing ACWA's Policy Principles and finding common ties between members to develop a long-term strategy that provides a sustainable water future for all members and their constituents.

NOW, THEREFORE, BE IT RESOLVED THAT THE (Name of the Agency) BOARD OF DIRECTORS:

 Does hereby place its full and unreserved support of the nomination of Director Kathleen Tiegs as President of the Association of California Water Agencies for the 2015-2016 term.

ADOPTED this XX day of XX, 2015.

#### Brent Hastey for ACWA Vice President, 2016-2017

Brent Hastey was born and raised in the Plumas Lake area, representing the fifth generation of his family to live in Yuba County, California. He grew up irrigating pasture and swimming in the ditches on the ranch. Becoming active in politics in college, Mr. Hastey was first elected to public office in 1987, when he won an election for a seat on the Board of Reclamation District 784. He served in this position for six years, during three of which he chaired. In 1992, he was elected to the Board of Supervisors of Yuba County, on which he served until 2000. As a County Supervisor, he also served on the Boards of the Yuba County Water Agency

(YCWA), Yuba County LAFCO, Regional Council of Rural Counties (RCRC), and The Sacramento Area Council of Governments (SACOG). In 1994, he became the founding Chairperson of the Yuba Sutter Economic Development Corporation (YSEDC), which he Chaired until 1996.

Brent Chaired the YCWA Board in 1996 and 1997, which was during the devastating flooding of 1997. He led the Board through this trying time, and testified before the United States Congress on the causes and emergency management of the flood. In response to this disaster and state water needs, the voters of California passed Proposition 13, which authorized the sale of \$1.97 billion dollars in bonds to support safe drinking, water quality, flood protection, and water reliability projects. Brent strongly supported the approval. In 2014, Brent was reelected to the Yuba County Water Agency Board of Directors. He currently serves on the ACWA Region 2 board, and is active on the following Committees: Local Government, Groundwater, and Energy.

In addition to his service in areas of water management in California, Brent has worked in the service of higher education both locally and on a statewide level. In 2010, He was elected to the Yuba Community College District, a district which serves eight counties and spans nearly 4,200 square miles of rural northern California. Recently, Brent was elected to the California Community College Trustee Board (CCCT). CCCT represents and acts in the best interest of California's 72 Community College Districts

Brent is also the founding Director of the Bank of Feather River, which started in 2007. He has been Chairman of the board since 2010. Bank of Feather River is a community bank specializing in agriculture lending.

In addition to his political service, he has long-valued the opportunity for community and global service through Rotary International. A member of South Yuba County Sunrise Rotary Club since 1986, Brent works to live out the organization's motto in everyday life: "Service Above Self."

Brent and his wife Alisan, a music educator in the Marysville Unified School District, have been married 32 years. They own and operate Plumas Lake Self Storage. Brent and Alisan have raised four amazing children, plenty of dogs, a few horses, and a donkey.

Brent has been involved with the Association of California Water Agencies throughout his tenure as a member of the Board of Directors of YCWA (an ACWA member). In addition to serving on the ACWA Region 2 Board, he has regularly attended ACWA spring and fall conferences, region meetings and programs and other ACWA workshops and programs. He views ACWA as the leading voice on California water issues and will make sure that leadership continues into the future.

#### **RESOLUTION NO. 2015-16**

## A RESOLUTION OF THE BOARD OF DIRECTORS OF THE YUBA COUNTY WATER AGENCY TO NOMINATE AND SUPPORT BRENT HASTEY AS A CANDIDATE FOR THE POSITION OF ACWA VICE PRESIDENT

BE IT RESOLVED by the Board of Directors of the Yuba County Water Agency as follows:

WHEREAS, ACWA has announced that a Nominating Committee has been formed to develop a slate for the Association's statewide positions of President and Vice President; and

WHEREAS, the individual who fills an officer position will need to have a working knowledge of water industry issues and concerns, possess strength of character and leadership capabilities, and be experienced in matters related to the performance of the duties of the office; and

WHEREAS, this person must be able to provide the dedication of time and energy to effectively serve in the capacity; and

WHEREAS, Brent Hastey has served in a leadership role as a member of the Yuba County Water Agency Board of Directors since 2015; and

WHEREAS, Brent Hastey was first elected in 1997 to Reclamation District 784, where he served until 1993 and served as Chairman for 3 years; and

WHEREAS, Brent Hastey was elected to the Yuba County Board of Supervisors in 1992 and also served as a Board member of the Yuba County Water Agency where he served until 2000.

WHEREAS, Brent Hastey serves as Board member on the ACWA Region 2 Board; and

WHEREAS, Brent Hastey serves on ACWA Groundwater, Energy and Local Government Committees; and

WHEREAS, Brent Hastey has demonstrated outstanding effort and support of local and regional water issues; and

WHEREAS, it is the opinion of the Yuba County Water Agency Board of Directors that Brent Hastey possesses all of the qualities needed to fulfill the duties of the office of ACWA Vice President.

NOW, THEREFORE, BE IT RESOLVED THAT THE BOARD OF DIRECTORS OF YUBA COUNTY WATER AGENCY does hereby nominate and support Brent Hastey as candidate for the office of Vice President, pledging the Agency's support of his endeavors in fulfilling the duties of this office if elected.

PASSED AND ADOPTED by the Board of Directors of the Yuba County Water Agency on the 23<sup>th</sup> day of June, 2015, by the following vote:

#### CONTRACT FOR PROFESSIONAL SERVICES

THIS AGREEMENT is made as of the 23<sup>rd</sup> day of July 2015, by and between the MID-PENINSULA WATER DISTRICT ("DISTRICT") and JOHN DAVIDSON D/B/A JROCKET77 DESIGN & MARKETING ("CONSULTANT").

WHEREAS, the DISTRICT desires to obtain professional public relations and outreach and web design services for the DISTRICT which CONSULTANT is qualified to provide; and

WHEREAS, CONSULTANT has experience and familiarity with providing such services to the DISTRICT and desires to do same.

NOW, THEREFORE, the parties agree as follows:

- 1. RENDITION OF SERVICES. The CONSULTANT agrees to provide professional services to the DISTRICT in accordance with the terms and conditions of this Agreement ("Services"). In the performance of its Services, CONSULTANT represents that it has and will exercise that degree of professional care, skill, efficiency and judgment ordinarily employed by consultants providing similar services. CONSULTANT further represents and warrants that it holds currently in effect all licenses, registrations, and certifications in good standing that may be required under applicable law or regulations to perform these services and agrees to retain such licenses, registrations, and certifications in active status throughout the duration of this engagement.
- 2. <u>SCOPE OF SERVICES</u>. The scope of the CONSULTANT's Services for FY 2015/2016 shall consist of public relations/outreach and MPWD website professional services outlined in the attached proposal identified as Exhibit A, and the related public relations/outreach printing services estimate attached as Exhibit B.

#### TERM.

This Agreement will commence upon its Effective Date and shall continue until the services set forth in Section 2 are successfully completed, as determined by the DISTRICT.

It is understood that the term of this Agreement is subject to the DISTRICT's right to terminate the Agreement in accordance with Section 13 of this Agreement.

#### COMPENSATION.

The CONSULTANT agrees to perform all of the professional services included in Section 2's Exhibit A for the not-to-exceed amount of \$40,800. Compensation shall be based upon the time devoted to the work by CONSULTANT at the hourly rate of \$85 hour.

CONSULTANT further agrees to coordinate the printing services identified in Section 2's Exhibit B for the estimated amount of \$25,000.

The agreed upon hourly rate shall include all direct labor, taxes, overhead, insurance, employee benefits, and other costs and expenses incurred by the CONSULTANT necessary for the performance of all the services called for under this Agreement. The hourly rate shall remain firm during the entire term of this Agreement. CONSULTANT may also seek

reimbursement for direct out-of-pocket expenses, without mark-up, for long distance phone calls and travel, lodging, parking and other direct costs incurred in the performance of the services as may be approved by the DISTRICT's General Manager.

5. MANNER OF PAYMENT. CONSULTANT shall submit invoices to DISTRICT on a monthly basis. Invoices shall itemize the number of hours devoted by CONSULTANT to work under this Agreement, applicable hourly rates in accordance with the fee schedule described in Section 4, and those out-of-pocket expenses incurred in the performance of work hereunder. The DISTRICT's General Manager will review and approve invoices prior to submission for payment. DISTRICT shall render payment within thirty (30) days of receipt of approved invoices.

All invoices should be sent to:

Mid-Peninsula Water District 3 Dairy Lane P.O. Box 129 Belmont, CA 94002 Attn: General Manager

The DISTRICT reserves the right to withhold payment to the CONSULTANT if the DISTRICT determines that the quantity or quality of the work performed is unacceptable. The DISTRICT shall provide written notice to the CONSULTANT within ten (10) business days of the DISTRICT's decision not to pay and the reasons for non-payment.

- 6. <u>CONSULTANT'S KEY PERSONNEL</u>. It is understood and agreed by the parties that at all times during the term of this Agreement that John Davidson shall serve as the primary project person of CONSULTANT to undertake, render and oversee all of the services under this Agreement.
- 7. <u>DISTRICT REPRESENTATIVE</u>. Except when approval or other action is required to be given or taken by the Board of Directors of the DISTRICT, the General Manager of the DISTRICT, or such person or persons as he shall designate in writing from time to time, shall represent and act for the DISTRICT.
- 8. <u>CONSULTANT'S STATUS</u>. Neither the CONSULTANT nor any party contracting with the CONSULTANT shall be deemed to be an agent or employee of the DISTRICT. The CONSULTANT is and shall be an independent contractor, and the legal relationship of any person performing services for the CONSULTANT's shall be one solely between said parties.
- 9. OWNERSHIP OF WORK. All reports, designs, drawings, plans, specifications, schedules, and other materials prepared, or in the process of being prepared, for the Services to be performed by CONSULTANT shall be and are the property of the DISTRICT. The DISTRICT shall be entitled to access to and copies of these materials during the progress of the work. Any property of the DISTRICT in the hands of the CONSULTANT or in the hands of any subcontractor upon completion or termination of the work shall be immediately delivered to the DISTRICT. If any property of the DISTRICT is lost, damaged or destroyed before final delivery to the DISTRICT, the CONSULTANT shall replace it at its own expense and the CONSULTANT hereby assumes all risks of loss, damage or destruction of or to such materials. The CONSULTANT may retain a copy of all material produced under this agreement for its use in its general business activities.

Any and all rights, title, and interest (including without limitation copyright and any other intellectual-property or proprietary right) to materials prepared under this Agreement are hereby assigned to the DISTRICT. The CONSULTANT agrees to execute any additional documents which may be necessary to evidence such assignment.

The CONSULTANT represents and warrants that all materials prepared under this Agreement are original or developed from materials in the public domain (or both) and that all materials prepared under and services provided under this Agreement do not infringe or violate any copyright, trademark, patent, trade secret, or other intellectual-property or proprietary right of any third party.

- within the scope of work and Services described in this Agreement. If such changes cause an increase in the budgeted cost of or the time required for performance of the agreed upon work, an equitable adjustment as mutually agreed shall be made in the limit on compensation as set forth in Section 4 or in the time of required performance as set forth in Section 3, or both. In the event that CONSULTANT encounters any unanticipated conditions or contingencies that may affect the scope of work or Services and result in an adjustment in the amount of compensation specified herein, CONSULTANT shall so advise the DISTRICT immediately upon notice of such condition or contingency. The written notice shall explain the circumstances giving rise to the unforeseen condition or contingency and shall set forth the proposed adjustment in compensation. Such notice shall be given the DISTRICT prior to the time that CONSULTANT performs work or services related to the proposed adjustment in compensation. Any and all pertinent changes shall be expressed in a written supplement to this Agreement prior to implementation of such changes.
- and save harmless the DISTRICT, and the DISTRICT members, officers, agents and employees against any and all suits, claims or actions arising out of any injury to persons or property that may occur, or that may be alleged to have occurred, arising from the performance of this Agreement by the CONSULTANT caused by an act or omission of the CONSULTANT or its employees, subcontractors or agents. CONSULTANT further agrees to defend any and all such actions, suits or claims and pay all charges of attorneys and all other incurred costs and expenses. If any judgment be rendered against the DISTRICT or any of the other individuals enumerated above in any such action, CONSULTANT shall, at its expense, satisfy and discharge the same. This indemnification shall survive termination of this Agreement.

#### 12. <u>INSURANCE</u>.

A. <u>Workers' Compensation</u>. If CONSULTANT employs any person to perform work in connection with this Agreement, CONSULTANT shall procure and maintain at all times during the performance of such work, Workers' Compensation Insurance in conformance with the laws of the State of California and Federal laws when applicable. Employers' Liability Insurance shall not be less than One Million Dollars (\$1,000,000) per accident or disease. Prior to commencement of work under this Agreement by any such employee, CONSULTANT shall deliver to the DISTRICT a Certificate of Insurance which shall stipulate that thirty (30) days advance written notice of cancellation, non-renewal or reduction in limits shall be given to the DISTRICT. Such insurance shall also contain a waiver of subrogation in favor of the Mid-Peninsula Water District and its Directors, officers, agents and employees while acting in such capacity, and their successors and assignees, as they now, or as they may hereafter be constituted, singly, jointly or severally.

Commercial General and Automobile Liability Insurance. CONSULTANT shall also procure and maintain at all times during the performance of this Agreement Commercial General Liability Insurance covering CONSULTANT and the DISTRICT for liability arising out of the operations and activities of CONSULTANT and any subcontractors. CONSULTANT shall also procure and maintain during the entire term of this Agreement Automobile Liability Insurance which shall include coverage for all vehicles, licensed or unlicensed, on or off the DISTRICT's premises, used by or on behalf of CONSULTANT in the performance of work under this Agreement. The Commercial General Liability Insurance policy shall be subject to a limit for each occurrence of One Million Dollars (\$1,000,000) naming as an additional insured, in connection with CONSULTANT's activities, the DISTRICT, and its Directors, officers, employees and agents. The Automobile Liability Insurance policy shall be subject to a limit for each occurrence of One Hundred Thousand Dollars (\$100,000) naming as an additional insured, in connection with CONSULTANT's activities, the DISTRICT, and its Directors, officers, employees and agents. The Insurer(s) shall agree that its policy(ies) is Primary Insurance and that it shall be liable for the full amount of any loss up to and including the total limit of liability without right of contribution from any other insurance covering the DISTRICT.

Inclusion of the DISTRICT as an additional insured shall not in any way affect its rights as respects to any claim, demand, suit or judgment made, brought or recovered against CONSULTANT. The policy shall protect CONSULTANT and the DISTRICT in the same manner as though a separate policy had been issued to each, but nothing in said policy shall operate to increase the Insurer's liability as set forth in the policy beyond the amount or amounts shown or to which the Insurer would have been liable if only one interest had been named as an insured. Such insurance shall also contain a waiver of subrogation in favor of the Mid-Peninsula Water District and its Directors, officers, agents and employees while acting in such capacity, and their successors and assignees, as they now, or as they may hereafter be constituted, singly, jointly or severally

Prior to commencement of work hereunder, CONSULTANT shall deliver to the DISTRICT a Certificate of Insurance which shall indicate compliance with the insurance requirements of this paragraph and shall stipulate that thirty (30) days' advance written notice of cancellation, non-renewal or reduction in limits shall be given to the DISTRICT.

C. <u>Deductibles and Retentions</u>. CONSULTANT shall be responsible for payment of any deductible or retention on CONSULTANT's policies without right of contribution from the DISTRICT. Deductible and retention provisions shall not contain any restrictions as to how or by whom the deductible or retention is paid. Any deductible or retention provision limiting payment to the Named Insured is unacceptable.

In the event that the policy of the CONSULTANT or any subcontractor contains a deductible or self-insured retention, and in the event that the DISTRICT seeks coverage under such policy as an additional insured, CONSULTANT shall satisfy such deductible or self-insured retention to the extent of loss covered by such policy for a lawsuit arising from or connected with any alleged act or omission of CONSULTANT, subcontractor, or any of their officers, directors, employees, agents, or suppliers, even if CONSULTANT or subcontractor is not a named defendant in the lawsuit.

13. <u>TERMINATION</u>. The DISTRICT shall have the right to terminate this Agreement at any time by giving written notice to the CONSULTANT. In the event of termination for any reason other than the fault of the CONSULTANT, the CONSULTANT shall be compensated in

accordance with the provisions of Sections 4 and 5 for the services performed and expenses incurred to the date of such termination, plus any reasonable costs and expenses which are reasonably and necessarily incurred by CONSULTANT to effect such termination. For termination for default, the DISTRICT shall remit final payment to CONSULTANT in an amount to cover only those services performed and expenses incurred in accordance with the terms and conditions of this Agreement up to the effective date of termination.

14. <u>NOTICES</u>. All communications relating to the day to day activities of the project shall be exchanged between the DISTRICT's General Manager and the CONSULTANT's Principal, Connie Davidson.

All other notices and communications deemed by either party to be necessary or desirable to be given to the other party shall be in writing and may be given by personal delivery to a representative of the parties or by mailing the same postage prepaid, addressed as follows:

If to the DISTRICT:

Mid-Peninsula Water District

3 Dairy Lane P. O. Box 129

Belmont, California 94002 ATTENTION: General Manager

If to the CONSULTANT:

Jrocket77 Design & Marketing

829 Nottingham Drive Redlands, CA 92373

ATTENTION: John Davidson

The address to which mailings may be made may be changed from time to time by notice mailed as described above. Any notice given by mail shall be deemed given on the day after that on which it is deposited in the United States Mail as provided above.

15. <u>EQUAL EMPLOYMENT OPPORTUNITY</u>. In connection with the performance of this Agreement the CONSULTANT shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, gender identity, disability or national origin. The CONSULTANT shall take affirmative actions to insure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, disability or national origin. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. CONSULTANT further agrees to include a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials.

#### 16. MISCELLANEOUS

A. Records. During the term of this Agreement, CONSULTANT shall permit representatives of the DISTRICT to have access to, examine and make copies, at the DISTRICT's expense, of its books, records and documents relating to this Agreement at all reasonable times.

- B. <u>District Warranties</u>. The DISTRICT makes no warranties, representations or agreements, either express or implied, beyond such as are explicitly stated in this Agreement.
- C. <u>Release of Information</u>. CONSULTANT shall not release any reports, information or promotional materials prepared in connection with this Agreement without the approval of the DISTRICT's General Manager.
- D. <u>Use of Subcontractors</u>. CONSULTANT shall not subcontract any Services to be performed by it under this Agreement without the prior written approval of the DISTRICT, except for service firms engaged in drawing, reproduction, typing and printing. CONSULTANT shall be solely responsible for reimbursing any subcontractors and the DISTRICT shall have no obligation to them.
- E. <u>No Assignment</u>. CONSULTANT shall not assign any of the rights nor transfer any of its obligations under the Agreement without the prior written consent of the District.
- F. <u>Attorney's Fees</u>. If any legal proceeding should be instituted by either of the parties to enforce the terms of this Agreement or to determine the rights of the parties under this Agreement, the prevailing party in said proceeding shall recover, in addition to all court costs, reasonable legal fees.
- G. <u>Applicable Law</u>. This Agreement, its interpretation and all work performed thereunder, shall be governed by the laws of the State of California.
- H. <u>Binding on Successors</u>. All of the terms, provisions and conditions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors, assigns and legal representatives.
- I. <u>Waiver</u>. Any waiver of any breach or covenant of this Agreement must be in a writing executed by a duly authorized representative of the party waiving the breach. A waiver by any of the parties of a breach or covenant of this Agreement shall not be construed to be a waiver of any succeeding breach or any other covenant unless specifically and explicitly stated in such waiver.
- J. <u>Entire Agreement; Modification</u>. This Agreement, including any attachments, constitutes the entire Agreement between the parties with respect to the subject matter hereof, and supersedes any prior understanding or agreement, oral or written, with respect to such subject matter. It may not be amended or modified, except by a written amendment executed by authorized representatives by both parties. In no event will the Agreement be amended or modified by oral understandings reached by the parties or by the conduct of the parties.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement by their duly authorized officers as of the day and year first above written.

TEAM BUILDING ACTIVITIES:
On August 27<sup>th</sup>, we will be celebrating Henry Young's 15-year anniversary with the District.

TO:

**Board of Directors** 

FROM:

Rene A. Ramirez, Operations Manager

DATE:

August 27, 2015

#### **OPERATIONS REPORT**

#### Projects:

 AMI: received a shipment of 42 large meters for Zone 1 commercial/industrial customers on August 12, 2015, and we received a shipment of some 290 water meters 1-inch and smaller on August 17. Staff will work their installation and integration into its work schedule and report out;

SCADA Master Plan draft document: the draft is complete and undergoing staff

review and comment;

 Programmed SCADA for the Hannibal and Exbourne Pump Stations so that default pumping to occur during "Off-Peak" hours; at the Ralston Regulator Station replaced the pressure transducer and edited SCADA logic to include the pressure reading;

Order materials to build several automatic flushing valve devices to provide automatic flushing at several dead-ends – device uses a battery operated valve

with a timer to open/close the gate valve and flush dead-end line;

 Initiated contact with 35 customers for the purpose of seeking sample sites at homes for conducting Lead and Copper Rule samples and testing; and

 Met with District Engineer and Staff to discuss the Zone 1 model calibration and the potential capital projects that evolve from information derived from the model.

#### **Maintenance:**

- Staff has been cleaning screens on larger meters, meters 2-inches and larger. The screens are an internal component of the meter. We have found that cleaning these screens as a part of annual maintenance ensures proper flow and accuracy through meter;

During July staff exercised 91 water system valves in Zone 8 and we are

continuing to exercise Zone 8 valves;

#### **MEMO**

Agency:

Mid-Peninsula Water District

Date

August 18, 2015

Attn:

**Board of Directors** 

**Project Name:** 

Buckland Tank Driveway Replacement Project

Project No.

10012.06

Reference:

Project Update and Progress Payment No. 1

From:

Joubin Pakpour, P.E. – District Engineer 97

#### **Construction Status**

On May 15, 2015, the Mid-Peninsula Water District (District) awarded Stoloski and Gonzalez (SG) the Buckland Tank Driveway Replacement Project. The contract was executed on June 17, 2015 and a preconstruction meeting was held on June 4, 2015. The Notice to Proceed was issue for June 26, 2015.

The homeowners next to the tanks were notified and were very cooperative and understanding as they parked their vehicle on Buckland Avenue during construction.

The first day of construction was June 29, 2015 when SG began to remove the existing pavement and worked on the storm drain structure. Wood forms were set for the driveway during the week. The driveway was poured on July 2, 2015 prior to the  $4^{th}$  of July weekend.

The City of San Carlos inspected the driveway and signed off the permit on July 6, 2015. Homeowners were allowed to use the driveway the same day.

The project was deemed substantially complete on July 13, 2015 after no correction items were found. We followed up with the homeowners and both were very happy with the driveway and relief.

#### Change Order No. 1 (Sweeper and 3-in PVC Extension) and Final Summary

There were a total of two items added to the project per the attached change order (CO). These items are summarized below:

- On July 7, 2015 the project site needed to be cleaned from debris and rather than cleaning the site with water due to the drought, the District requested the contractor to provide a regenerate air sweeper. The cost of the sweeper was provided and paid on a time and material basis per the project specifications. The sweeper was on site on July 8, 2015 and cleaned Buckland Avenue to satisfaction of the District.
- On July 1, 2015 the 3-in storm drain had to be extended by an additional 15-ft to provide a
  positive drainage flow. This item was negotiated with SG and an agreement was reached with
  no major issues.

The total cost for CO No. 1 is \$1,132.50. The District reviewed and authorized the cost as shown on the attached progress payment.

Summarized below is an analysis of the change order with respect to the project's overall cost.

The change order increased the project cost by \$1,132.50 or 3.44 % of the original contract price. The project is below the standard 10% allowable variance cost in construction projects.

| Change Order Description – Total     | Total Amount  | % Increase over Original Contract* | % of Total<br>Change Order ** |
|--------------------------------------|---------------|------------------------------------|-------------------------------|
| Owner requested changes              | \$ 632.50     | 1.92 %                             | 55.85 %                       |
| Unforeseen Site Conditions           | NA            | NA                                 | NA                            |
| Plans & Specifications change orders | \$ 500.00     | 1.52 %                             | 44.15 %                       |

| Total:                               | \$ 1,132.50** | 3.44 %                             | 100%                          |

<sup>\*</sup> Original Contract Amount: \$32,950.00

#### Project Schedule and Request for Progress Payment No. 1 - Project Acceptance and Retention Amount

As of end of July, the contractor has completed 100% percent of the contractual work (\$34,082.50).

With the final permit from the City of San Carlos and no pending items, we recommend the District acceptance of this project and the filling a Notice of Completion (NOC) with San Mateo County. A resolution has been prepared and attached to this package.

Enclosed please find Progress Payment No. 1 due SG for this period for \$32,378.50 (value of work minus 5 percent retention). The performed work to date has been satisfactory and payment is recommended.

Total retention held on this project is \$1,704.00 which will be released 25 calendar days after the NOC and after we verify that all vendors and subcontractors have been confirmed paid by SG with no pending liens.

#### Mid-Peninsula Water District **Buckland Tank Driveway Replacement Project** Project No. 10012.06

Change Order No. 1 Stoloski and Gonzalez, Inc. (SG) July 14, 2015

Item No. 1 - Sweeper

On July 7, 2015, rather than cleaning the Job site with water due to the drought, the District Engineer requested Stoloski and Gonzalez (SG) to provide a vacuum sweeper to clean up the debris at the entrance of the tank on Buckland Avenue. On July 8, 2015 SG provided a regenerated vacuum sweeper and cleaned the roadway to the satisfaction of the District. The cost for the sweeper was provided and reviewed for compliance to the project specifications on July 13, 2015.

Total Cost of Item No. 1 -Total Increase of Working Days for Item No. 1 - \$ 632.50 0 Day

Item No. 6 - 3-in PVC Storm Drain

On July 1, 2015 the linear footage of the 3-in storm drain was increased to provide a positive drainage to daylight slope.

The original contract amount for Bld Item No. 6 was increased by:

\$500.00

Total Cost of Change Order No. 1: Overall Increase of Working Days for Change Order No. 1 \$ 1.132.50 0 Day

#### Other Terms Remain in Effect

This Change Order No. 1 fully resolves all cost and time issues related to the work described above, including any indirect effects or the effect of this Change Order on any other work performed by Stoloski and Gonzalez, Inc. This Change Order does not modify or supersede any provision of the Contract, unless, and only to the extent, explicitly stated in this Change Order.
