

## **NOTICE OF PUBLIC HEARING**

The Mid-Peninsula Water District (MPWD) has resolved to change the way in which members of its Board of Directors are elected. Beginning in November 2022, members of the MPWD Board of Directors will be elected from divisions within the MPWD service area, as opposed to at-large elections.

The MPWD welcomes the public to participate in the three (3) public hearings listed below and provide input in the creation of the five (5) election divisions that comply with both the Federal and California Voting Rights Acts. The public hearings will be held during a scheduled regular Board meeting that will be **virtual**. Meeting link information will be available at the MPWD website at [www.midpeninsulawater.org](http://www.midpeninsulawater.org), or by contacting General Manager Tammy Rudock at [tammyr@midpeninsulawater.org](mailto:tammyr@midpeninsulawater.org) or 650-591-8941.

At the first public hearing on January 27, 2022, the MPWD, with the assistance of its demographer consultant, will present the updated census data for the MPWD's service area, identification of significant neighborhoods and communities, and two (2) draft maps of the five (5) potential election divisions. The second public hearing scheduled for February 24, 2022, will allow for a second presentation of MPWD draft map options and further opportunity to provide input. One of the map options will be considered for further discussion.

The third and final public hearing scheduled for March 24, 2022, the Board of Directors will review the final draft map and consider approval.

The draft maps and related information to the MPWD's redistricting process will be available for public review in advance of the scheduled public hearings and posted at the MPWD's website: [www.midpeninsulawater.org](http://www.midpeninsulawater.org)
