## Saving 10% Can Go a Long Way MEETING THE CHALLENGE FOR 2021

The MPWD has adopted a long-term vision of water conservation – inline with the State of California’s own road map – to ensure we will all have enough water now and in the future. Since 2015, the MPWD has taken important steps to manage water loss through program management, water audits-data sources, validation, and report preparation. This is in addition to consistent water conservation messaging and resources that have helped MPWD customers meet past conservation goals.

After two, consecutive dry winters, the MPWD is setting forth a new challenge to keep the momentum going. Customers are encouraged to continue their part in voluntary water conservation by **reducing water usage by 10% or more**, which will go a long way to forestalling state mandated conservation during non-drought years. This translates to a goal of about 80 gallons per capita per day (GPCD) total usage. Let’s make it a “California Way of Life!” For more information, please visit [MidPeninsulaWater.org/waterconservation](http://MidPeninsulaWater.org/waterconservation) and learn about all the water conservation resources available to you through the MPWD.

FISCAL YEAR  
2019-2020

## LOOKING BACK

- 💧 New online Leak Detection Tool unveiled at [MidPeninsulaWater.org/leakdetect](http://MidPeninsulaWater.org/leakdetect)
- 💧 Hands-on workshops focusing on water-efficient gardening and landscaping go virtual through 2021. Go to [MidPeninsulaWater.org/workshops](http://MidPeninsulaWater.org/workshops) for info.
- 💧 2020 Water Awareness Calendar Contest.  
*Due to COVID-19, the 2021 Water Awareness Calendar Contest was suspended, but will be back next year for 2022.*
- 💧 Smart Controller Irrigation Rebate Program.

FISCAL YEAR  
2020-2021

## LOOKING AHEAD

- 💧 Updated Urban Water Management Plan (UWMP) and Water Shortage Contingency Plan (WSCP).
- 💧 Expansion of the rain barrel, cisterns, and rain gardens rebate programs.
- 💧 Free, large landscape audit programs for commercial properties and HOAs looking to reduce their water use.

## COVID-19 UPDATES: MPWD CARES ABOUT YOU

As Californians continue to meet the ever-changing challenges of COVID-19, the MPWD is committed to serving you safely while also protecting its employees and families. MPWD facilities remain closed to in-person business and public meetings until further notice. You can still contact the MPWD via email, phone, or website. For COVID-19 related updates, go to [MidPeninsulaWater.org/covid](http://MidPeninsulaWater.org/covid)
