MID-PENINSULA WATER DISTRICT

WHEREAS, the Board of Directors of the Mid-Peninsula Water District ("District") is authorized to establish and modify, as necessary, the rates and charges imposed for the provision of water service to its customers; and

WHEREAS, these rates and charges are set forth in Attachment "A" to the Water Service Ordinance No. 103, and include Miscellaneous Fees and Charges; and

WHEREAS, based upon available research, the Miscellaneous Fees were adopted at various times and the last amendments are estimated to have been made in 2005; and

WHEREAS, since the last adjustment to Miscellaneous Fees and Charges, the District continues to experience and anticipates further service level increases in its costs to sustain operations and services to its customer base and accommodate new development; and

WHEREAS, in order for the District to maintain its operations and address existing service level deficiencies, the recommended increases are necessary to the Miscellaneous Fees and Charges, effective January 1, 2019, which increases are compliant with the District's methodology to reasonably and equitably recover costs from each ratepayer based on the service provided, while consistent with industry-standard methodology and compliant with applicable sections of the California Government Code; and

WHEREAS, having considered the entire record, including all financial analyses and budget projections, the Board of Directors has determined that the proposed changes in the Miscellaneous Fees and Charges are necessary and appropriate to recover a proportionate share of costs for providing the identified services.

NOW, THEREFORE, BE IT ORDAINED by the Board of Directors of the Mid-Peninsula Water District as follows:
