

RESOLUTION NO. 2026-17

**ESTABLISHING THE APPROPRIATIONS LIMIT APPLICABLE TO THE MID-PENINSULA
WATER DISTRICT DURING FISCAL YEAR 2026/2027**

* * *

MID-PENINSULA WATER DISTRICT

WHEREAS, the Board of Directors of the Mid-Peninsula Water District (MPWD) established the appropriations limit applicable to the MPWD during the Fiscal Year 2025/2026 as \$4,583,681; and

WHEREAS, Article XIIIB of the California Constitution and Sections 7902(b) and 7910 of the Government Code require that each local agency subject thereto establish by resolution the applicable appropriations limit on an annual basis by applying to the previous year's appropriations limit two factors, as issued by the California Department of Finance, reflecting changes in the California per capita personal income and in population; and

WHEREAS, the calculations showing the applications of those factors have been provided to the Board of Directors for review, and have been made available for public inspection at least fifteen (15) days prior to the date hereof; and

WHEREAS, the applicable factors for Fiscal Year 2026/27 are as follows: (1) the change in the California per capital personal income was 4.95%; and (2) the applicable change in population from January 2025 to January 2026 was -2.97%.

NOW, THEREFORE, BE IT RESOLVED BY THE Board of Directors of the Mid-Peninsula Water District that the appropriations limit for Fiscal Year 2026/2027 is established as \$4,667,851.

REGULARLY PASSED AND ADOPTED this 25th day of June 2026 by the following vote:

AYES: 5

NOES: 0

ABSTENTIONS: 0

ABSENCES: 0

President, Board of Directors

ATTEST:

District Secretary

Mid-Peninsula Water District

NOTICE OF DETERMINATION OF APPROPRIATIONS LIMIT FOR FISCAL YEAR 2026/2027

State law (Section 7910 of the governmental Code) requires each local government agency to determine during each fiscal year the appropriations limit pursuant to Article XIII B of the California Constitution applicable during the following fiscal year. The limit must be adopted at a regularly scheduled meeting or a noticed special meeting and the documentation used for determining the limit must be made available for public review fifteen (15) days prior to such meeting.

Set out below is the methodology proposed to be used to calculate the Fiscal Year 2026/2027 appropriations limit for the District. The limit as set forth below will be considered and adopted at the regular meeting of the Board of Directors on June 25, 2026.

FY 2025-26	Appropriations Limit	\$	4,583,681
	Change in Per Capita Personal Income		4.95%
	Per Capita converted to a Ratio		1.0495
	Change in population		-2.97%
	Population converted to a Ratio		0.9703
	Calculation of Factor	(1.0495 x 0.9703316)	<u>1.0184</u>
FY 2026-27	Appropriation Limit	\$	<u>4,667,851</u>

The establishment of the appropriations limit for the following fiscal year is required by each agency per Article XIII B of the California Constitution-Gann Initiative. Because the District straddles multiple jurisdictions it uses the population change related to the County as a whole as it is representative of the Districts population change. The rates for the changes in population and per capita provided by the State of California Department of Finance is attached to this notice.

Dated and posted: June 9, 2026

May 1, 2026

Dear Fiscal Officer:

Price Factor and Population Information

Appropriations Limit

California Revenue and Taxation Code section 2227 requires the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2026, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2026–27. Attachment A provides the change in California's per capita personal income and an example for utilizing the factors to calculate the 2026–27 appropriations limit. Attachment B provides the city and unincorporated county population percentage change. Attachment C provides the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. [California Revenue and Taxation Code section 2228](#) provides additional information regarding the appropriations limit. [Article XIII B, section 9\(C\) of the California Constitution](#) exempts certain special districts from the appropriations limit calculation mandate. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

Population Certification

The population certification program applies only to cities and counties. California Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2026.** Please note: The prior year's city population estimates may be revised. The per capita personal income change is based on historical data.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2026–27 appropriation limit is:

Per Capita Personal Income	
Fiscal Year (FY)	Percentage change over prior year
2026-27	4.95

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2026–27 appropriation limit.

2026–27:

Per Capita Cost of Living Change = 4.95 percent
Population Change = -0.14 percent

Per Capita Cost of Living converted to a ratio: $\frac{4.95 + 100}{100} = 1.0495$

Population converted to a ratio: $\frac{-0.14 + 100}{100} = 0.9986$

Calculation of factor for FY 2026–27: $1.0495 \times 0.9986 = 1.0480$
