Beef Replacement Heifer Weights

In 2023 the maximum weight for Replacement Heifers will be 1700 lbs.

Market Animal Limit

After some discussion the Ag Committee voted to keep rules in place allowing exhibitors to show a Market Swine project and a Beef Replacement Heifer together in 2023. Any future changes will be announced 14 months prior to fair.

JLA Auction 2023

We are making plans for a 2 (two) ring auction in 2023! We will also be making some changes to show even more appreciation to our buyers!

Prop 12. and Market Swine

We are keeping up to date with information from CDFA. Truth is, there is not a system in place for certifying Prop 12 compliant swine breeders at this time; however state law requires pork going into the food supply chain to be from Prop 12 compliant breeders. Clear as mud! These regulations could impact our resale Market Swine. We hope to have more information in the 1st quarter of 2023, and will keep you updated as we receive more details!

Champion Drive

The Champion Drive will be retuning in 2023, which will mean some schedule changes. Our tentative change will be a full “Market day” which will move the Market Steer Show to Tuesday, July 25th. Official schedule forthcoming!

Market Goat Weights

There will be a small change for Market Goat weights in 2023. Top pay weight will change from 105 lbs. to 100 lbs. The top show weight remains at 110 lbs.

Heifer Project Paperwork

Expect to see some changes in the Heifer Paperwork for our 2023 Fair. We are working to streamline this process, so keep an eye out for our **ONLINE** Project Agreement form!!
Coming VERY SOON!

Market Steers

Our Market Steers are required to enter the Carcass Class; however we have noticed several exhibitors missed this 2nd entry. Beginning in 2023, our Market Steer entry fee will increase to \$14 which will cover entry in the Market and Carcass classes.
One and Done!
