Trade	£ 121.90

DESCRIPTION

Enhance the look and longevity of your LED lighting with this 2 Metre Modular Double-Width Recessed Black Aluminium Profile. The 35x65 mm profile is designed for heat dissipation, prolonging the life of your LED strips. This set includes all necessary mounting accessories and end caps, one with a hole punch for cable feedthrough. Achieve a linear lighting effect when used with LED strips featuring more than 60 LEDs per metre. The modular design allows for easy connection of multiple profiles to create a seamless, continuous length.
