Weight (g)	500
Trade	£ 89.90

**DESCRIPTION**

Add a sleek, modern touch to your lighting setup with this 2-metre modular white aluminium profile for LED strips. With a compact 35x35mm size, this profile is perfect for shallow lighting installations and provides the necessary heat dissipation to extend the life of your LED strip. The included mounting accessories and end caps make installation a breeze, while the modular design allows you to add multiple lengths together to create a seamless, continuous lighting solution. Achieve a linear effect with LED strips with over 60 LEDs per metre and elevate your space with this versatile, high-quality profile.
