## DESCRIPTION

Enhance the look and feel of your space with the Single Colour LED Strip, designed to deliver a powerful, yet energy-efficient lighting solution. With a power output of 5 W/m, this LED strip features an IP65 rating for protection against water and dust, making it ideal for both indoor and outdoor use. Operating at 24V, it emits a warm 2200K light, providing a cozy and inviting atmosphere. With 280 LEDs per metre and a color rendering index (CRI) of 97, you can expect crisp and accurate color reproduction, making it perfect for accent lighting or to highlight specific features. The 10-metre length of this LED strip makes it easy to install and customize, providing you with ample coverage for your lighting needs.
