Trade	£ 122.90

DESCRIPTION

Enhance your space with a high-quality Single Colour LED Strip. With 12 W/m power and a brightness of 60 LEDs/m, this LED strip delivers an outstanding lighting performance that is perfect for both indoor and outdoor use. Its IP20 protection rating makes it suitable for use in a variety of environments, and its 24V operating voltage ensures a safe and stable operation. With a colour temperature of 2700K, this LED strip produces a warm and cozy ambiance that is perfect for relaxing and unwinding after a long day. With a color rendering index (CRI) of 92, you can expect vibrant and accurate colour representation that is perfect for accent lighting, under-cabinet lighting, and more. This 10-metre LED strip is ideal for large-scale projects, offering ample coverage and flexibility.
