

PRECISION IS OUR PROFESSION

## Introduction to Precision Measuring Instrument Solutions

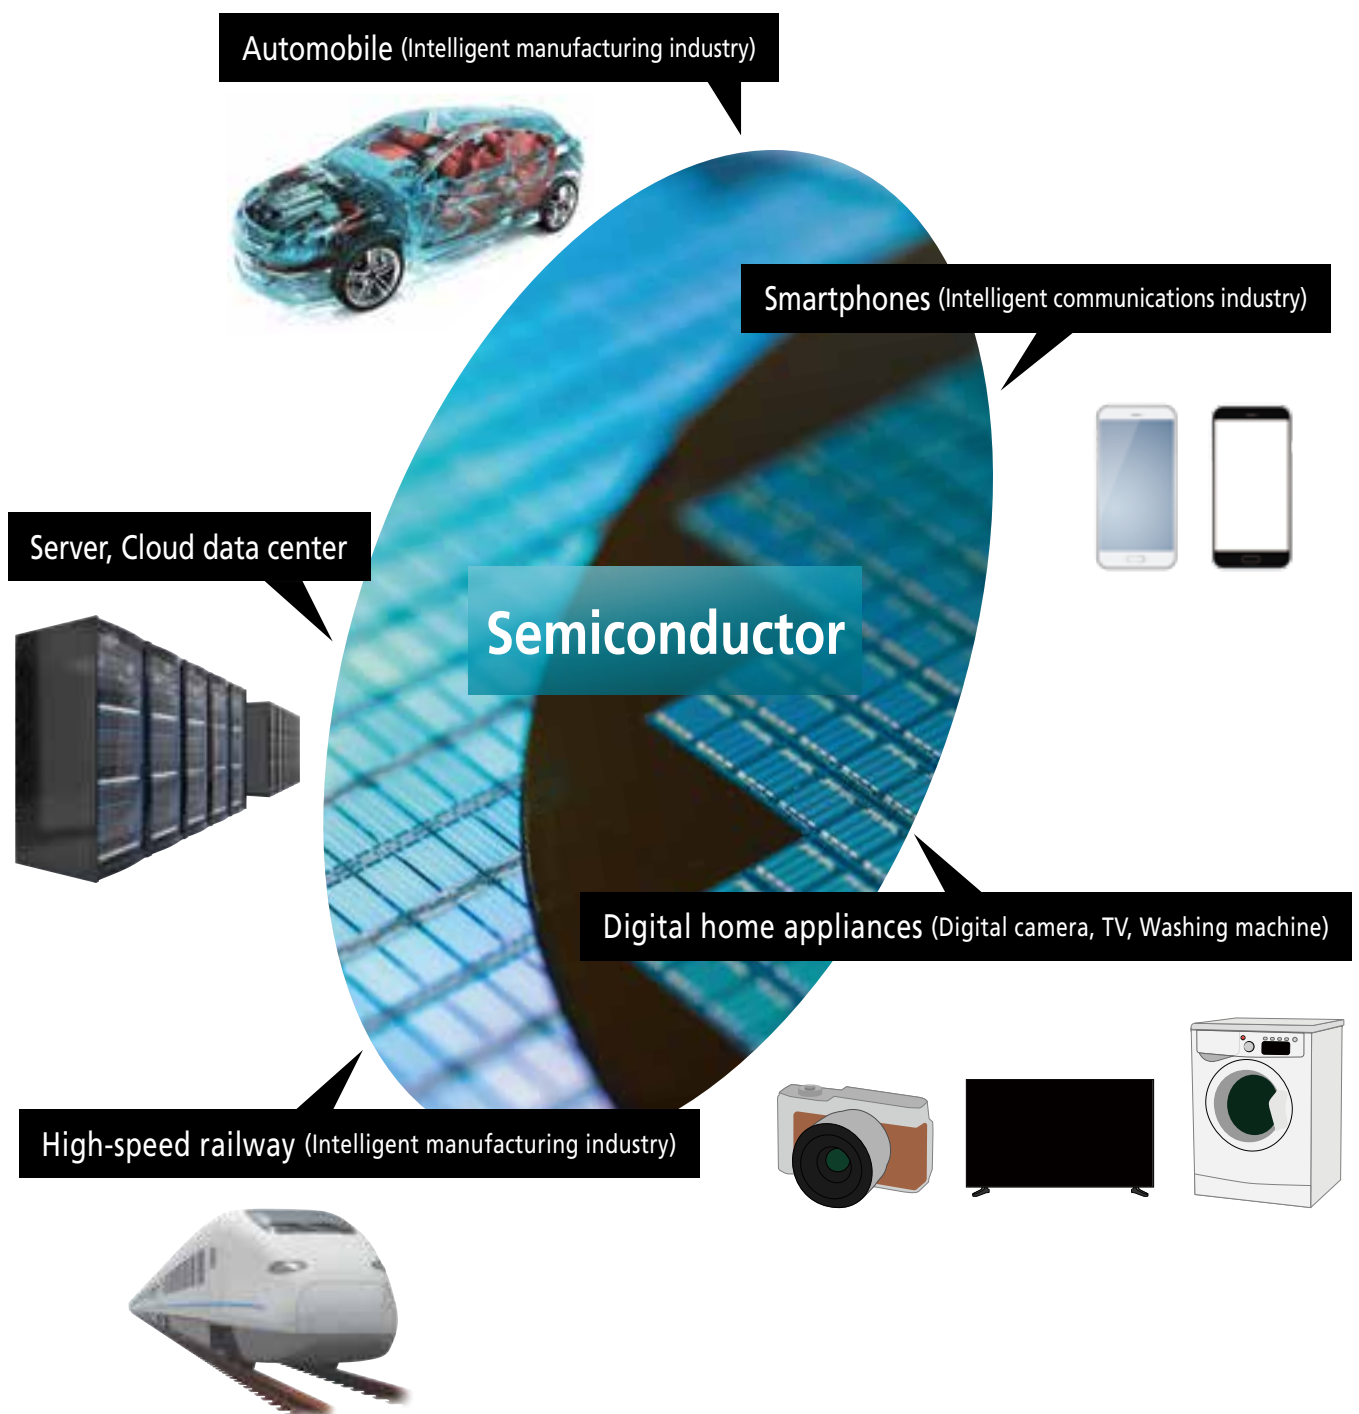

— Semiconductor Industry Measurements —

**Mitutoyo**

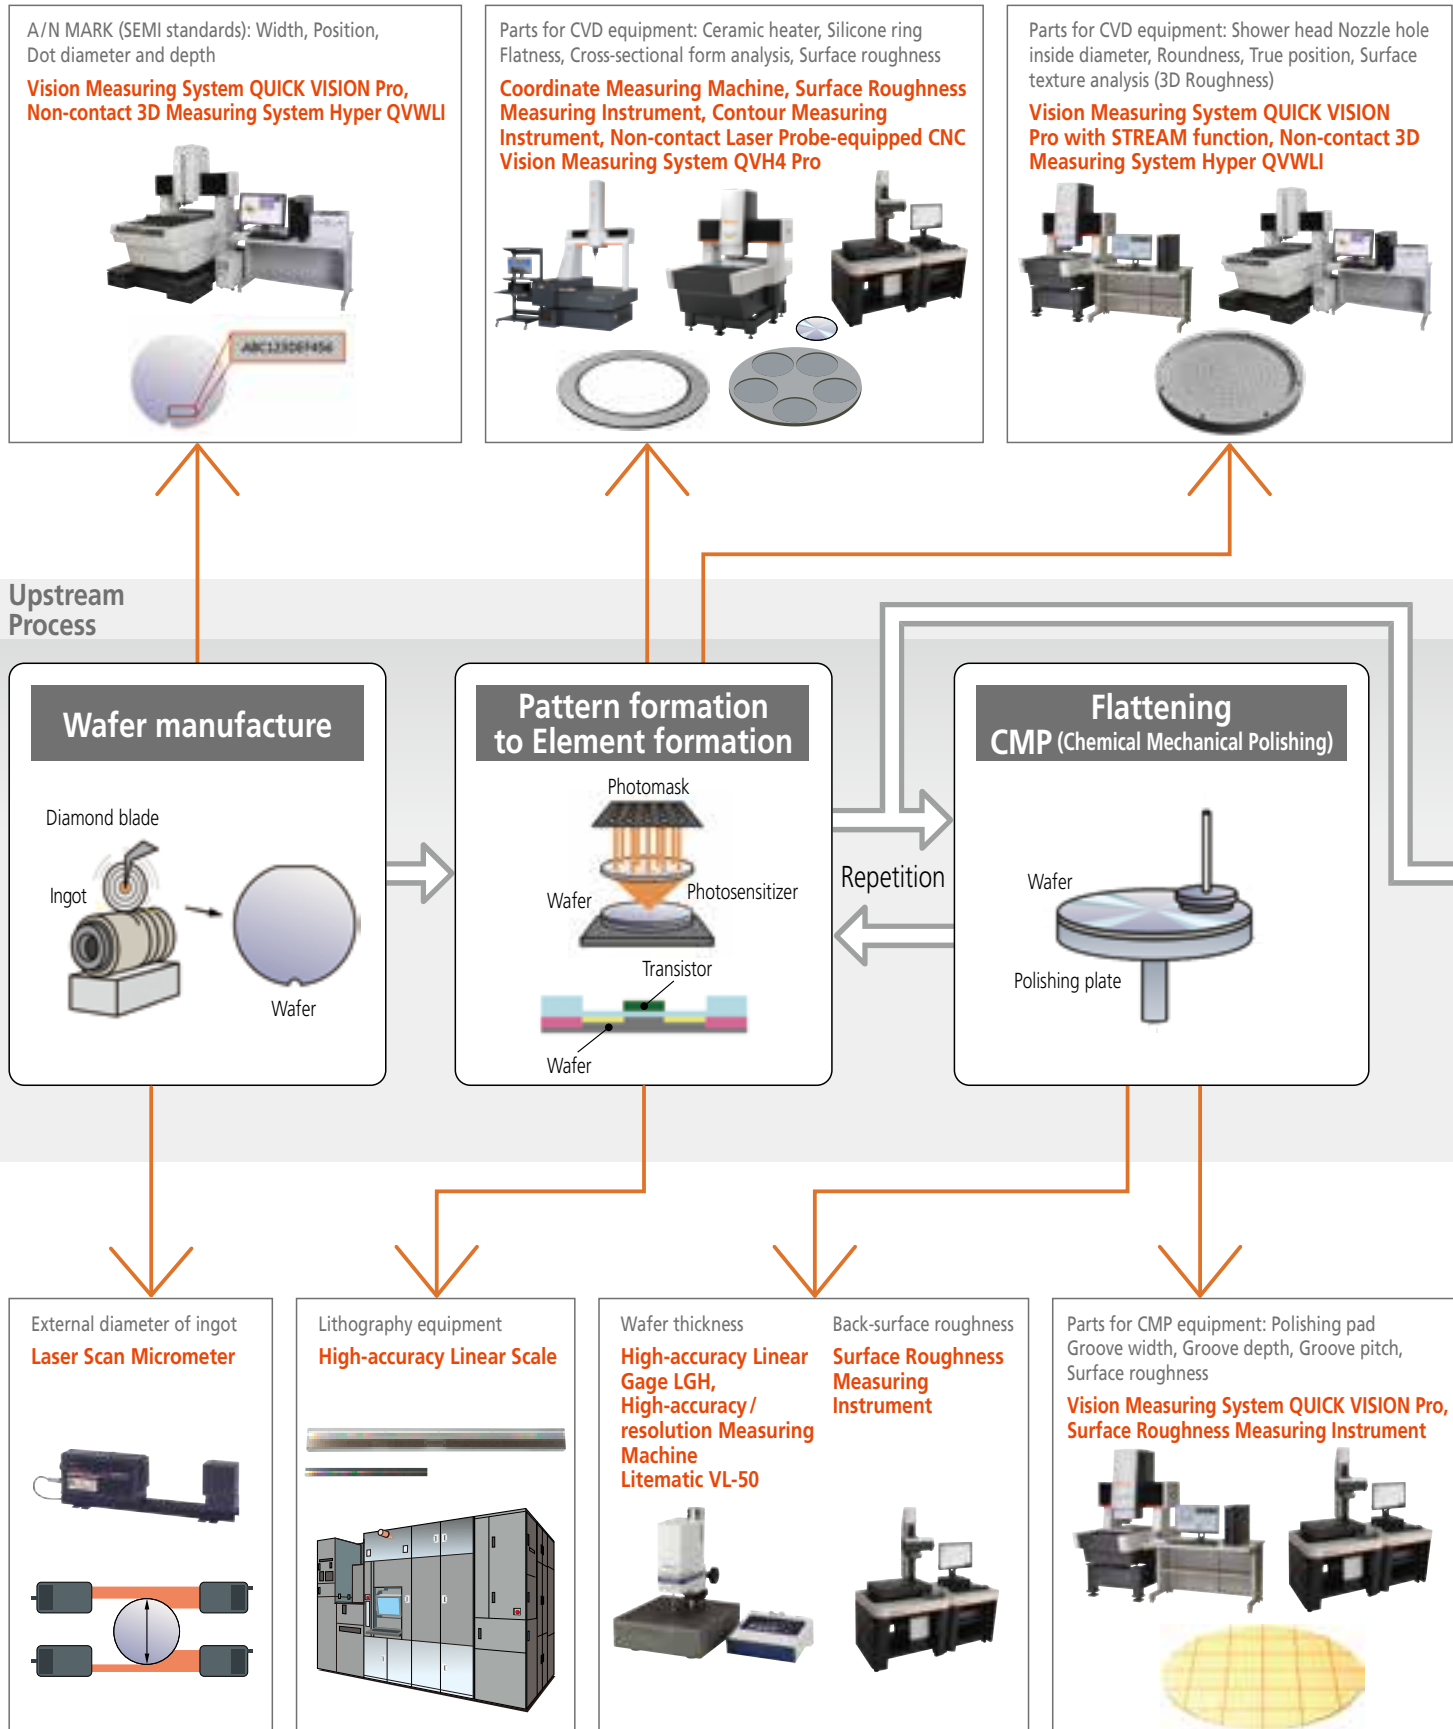

## Measurement Solutions for Semiconductor Manufacturing Processes

Measurement solutions for a wide range of fields in the semiconductor manufacturing industry, which is growing rapidly following a shift to production of electric vehicles, expansion of services in line with the implementation of 5G, etc.

### Industries Using Semiconductors

# Measurement Solutions for Upstream Semiconductor Manufacturing Processes

Parts for etching equipment: Electrostatic chuck, Silicone ring Flatness, Cross section, Surface roughness

Coordinate Measuring Machine, Surface Roughness Measuring Instrument, Contour Measuring Instrument, Non-contact Laser Probe-equipped CNC Vision Measuring System QVH4 Pro

Probe card, IC test socket

Vision Measuring System QUICK VISION Pro with STREAM function, Measuring Microscope

Wiring formation

Wafer inspection

To Downstream Process

Parts for etching equipment: Shower head Nozzle hole inside diameter, Roundness, True position, Surface texture analysis (3D Roughness)

Vision Measuring System QUICK VISION Pro with STREAM function, Non-contact 3D Measuring System Hyper QVWLI

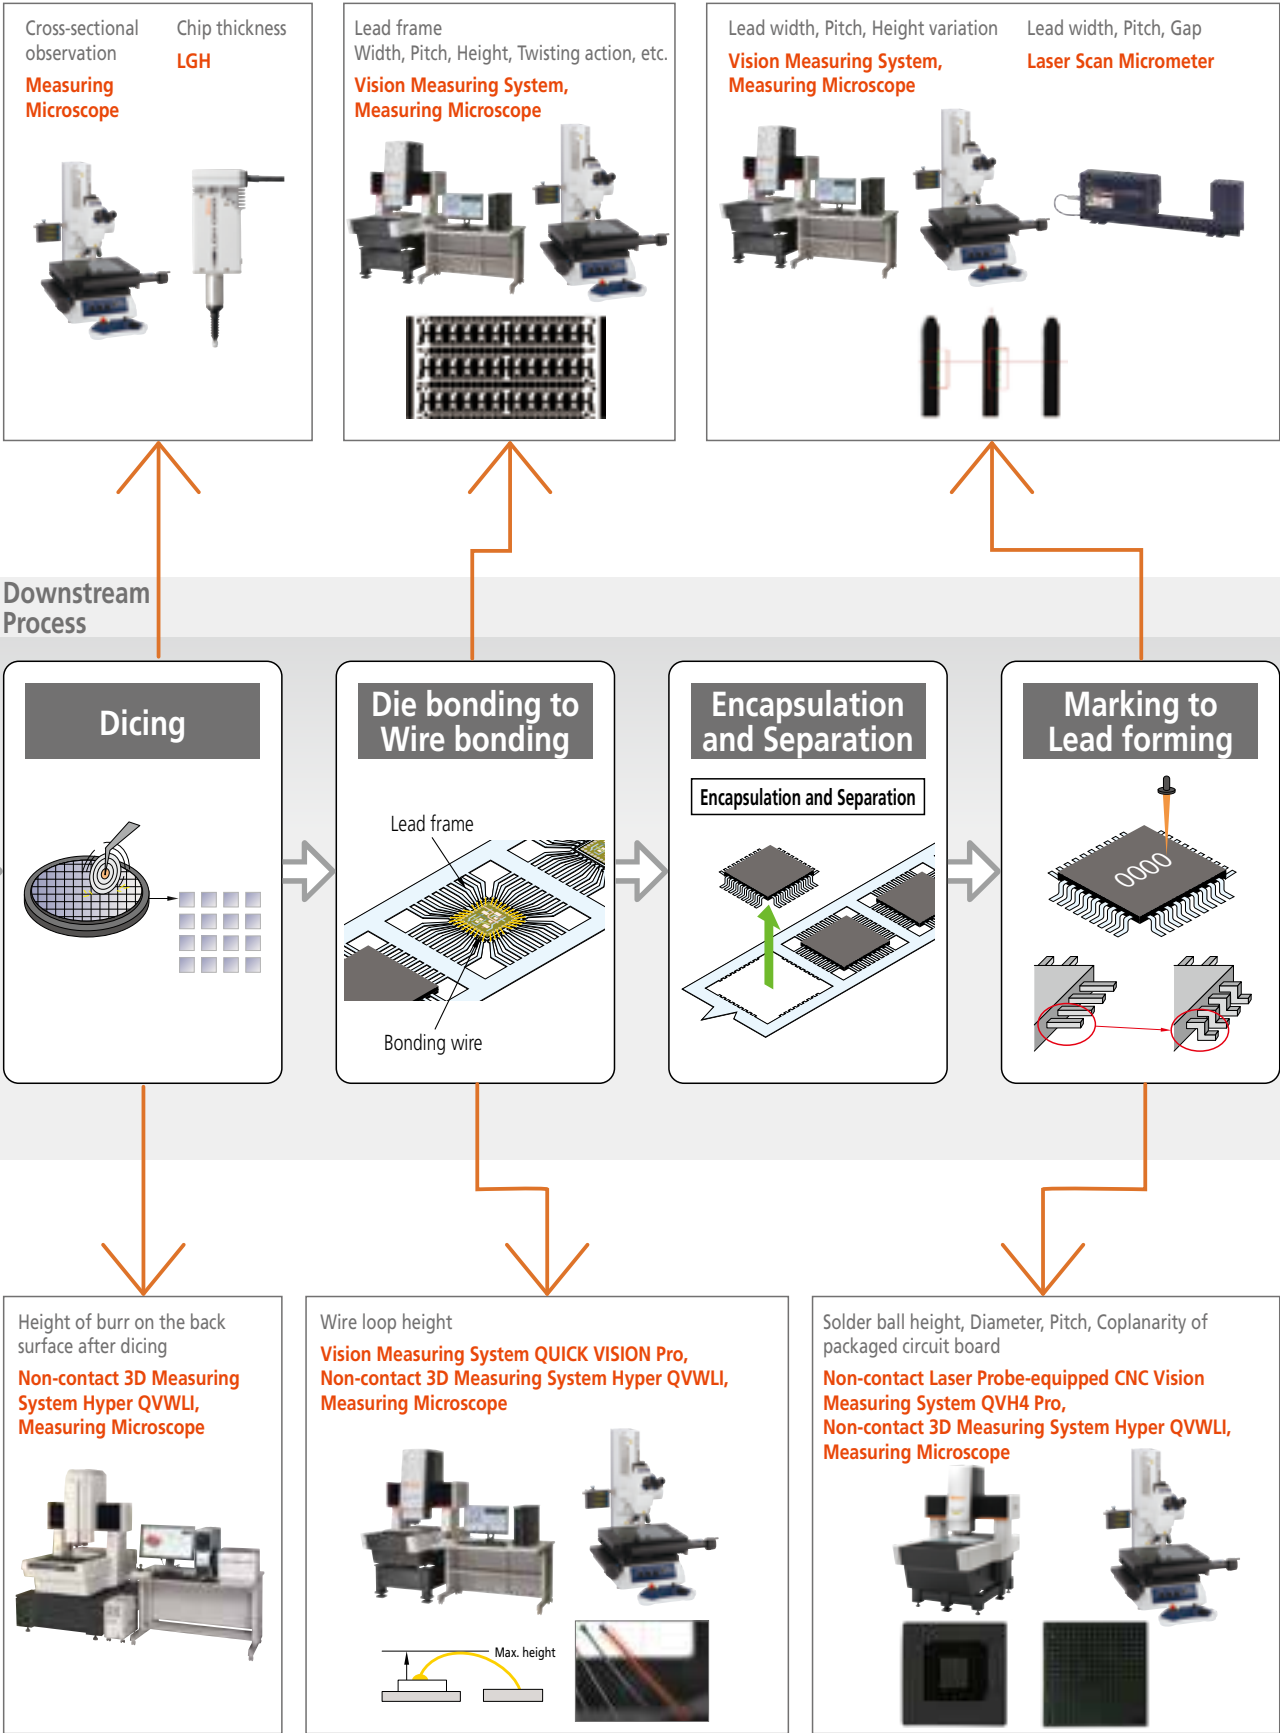

Wafer prober, Probe needle

Microscope Unit, Measuring Microscope, Profile Projector

Measurement Solutions for Downstream Semiconductor Manufacturing Processes

**Whatever your challenges are, Mitutoyo supports you from start to finish.**

Mitutoyo is not only a manufacturer of top quality measuring products but one that also offers qualified support for the lifetime of the equipment, backed up by comprehensive services that ensure your staff can make the very best use of the investment.

Apart from the basics of calibration and repair, Mitutoyo offers product and metrology training, as well as IT support for the sophisticated software used in modern measuring technology. We can also design, build, test and deliver measuring solutions and even, if deemed cost-effective, take your critical measurement challenges in-house on a sub-contract basis.

Note: Product illustrations are without obligation. Product descriptions, in particular any and all technical specifications, are only binding when explicitly agreed upon.

MITUTOYO and MICAT are either registered trademarks or trademarks of Mitutoyo Corp. in Japan and/or other countries/regions. Other product, company and brand names mentioned herein are for identification purposes only and may be the trademarks of their respective holders.

Our products are classified as regulated items under Japanese Foreign Exchange and Foreign Trade Law. Please consult us in advance if you wish to export our products to any other country. If the purchased product is exported, even though it is not a regulated item (Catch-All controls item), the customer service available for that product may be affected. If you have any questions, please consult your local Mitutoyo sales office
