OF THE UNITED STATES PACIFIC FLEET  
HEADQUARTERS OF THE COMMANDER

4 May 1944.

Mr. Norman H. Davis,  
President American Red Cross,  
Washington, D.C.

Dear Mr. Davis:

I thought you might be interested in an indication of the high regard for the American Red Cross in the South Pacific Area under the command of Admiral Halsey.

This has taken very definite form in the response to the enclosed general letter issued in accordance with a dispatch of the Commander in Chief, U.S. Pacific Fleet, to all units in the South Pacific as to participation in the War Fund Drive.

The response as of this date has totaled fifty seven thousand dollars. Enclosed herewith you will find some pertinent comments by units forwarding their funds.

The Red Cross activities as a whole have been well conducted and appreciated. The conscientious, cheerful and efficient efforts of Collette Ryan, René Guthman, and Isobel Lee, who were among the very first Red Cross personnel to arrive in the South Pacific a year and a half ago, are worthy of special commendation and have been directly commented upon by Admiral Halsey.

I trust this letter finds you in good health and will look forward to seeing you personally after the war.

Sincerely,

H. E. STASSEN.

OF THE UNITED STATES PACIFIC FLEET  
HEADQUARTERS OF THE COMMANDER

4 May 1944.

The Honorable Melvin J. Maas,  
House Office Building,  
Washington, D.C.

Dear Mel:

Pleased to receive your letter and will look forward to seeing you personally if you can ever pry yourself out of Washington and set a course out this way.

I would appreciate it very much if you or Charlie can take care of something for me. Here's the situation. Captain Ralph E. Wilson, U.S. Navy, Admiral Halsey's Operations Officer, who is one of those rugged destroyer skippers of the early Solomon's Slot campaigns, has a son, Ralph E. Wilson, Jr., who wants to enter the Naval Academy with the June 1945 Class.

Captain Wilson has been out here in the Pacific so long that he does not have many contacts to arrange this for him back on the mainland. Furthermore, if they keep our Skipper fighting, there is not much possibility of Captain Wilson getting back during the coming months.

This son will be 18 on April 3rd 1945 and since his birth date is just after the 1st of April, he is not eligible in the June 1944 Class. On the other hand he will be subject to the draft after April 1st, 1945 and can not take the presidential examination until the middle of April 1945. This all adds up to it being very important that he secure an appointment this summer to the June 1945 Class.

I understand that he is now at the Admiral Farragut Academy and stands 5th in his class. If he is any kind of a chip off the old block, he certainly is a lad we will want to have in the Academy and in the Navy. The son's address is, 821 Ross Avenue, Drexel Hill, Pennsylvania. They formerly lived in Oregon and the Captain was appointed to the Academy from there and knew the late Senator McNary.

Please give this special attention and get him an appointment some way through someone who has an opening.

In addition to all the very good reasons I have given, Captain Wilson is a good friend of mine and has given me a lot of help on the Staff here. So I will appreciate it if you give this the well known, "Maas energetic attention" with the diplomatic "Jordan follow up".

Will close with the usual report that I am in good health and continuing to enjoy and appreciate my assignment on Admiral Halsey's Staff.

You might also bend an extra elbow for me on one of these May evenings when you congregate.

MEMORANDUM TO: Lieutenant Commander E. A. Niemier, U.S.N.R.

1. It is regretted that a reply to your memorandum of 12 April has been so delayed, but it was only yesterday that we could get things straightened out in order to assign the yeoman to you.

2. We have issued orders for URRUTIA, CY, to report to your Flag Allowance for duty. As you know, URRUTIA has about 16 months outside the United States and normally would be due to go home for leave and reassignment, but he has expressed the desire to see some of the more forward area and also the desire to spend some time aboard ship. I explained to him some of the possibilities that may take place in the future and he volunteered to be transferred to your Flag Allowance.

3. It goes without saying, that URRUTIA is tops in shorthand, and for this reason he would like very much to be assigned to some duties that would involve shorthand.

4. You might be interested to know that Chamberlain was appointed Ship's Clerk as of 29 February.

Sincerely yours,

H. C. CARROLL,  
Assistant Flag Secretary.

THIRD AMPHIBIOUS FORCE

Office of the Commander

Serial

12 April 1944

MEMORANDUM for: Lieut. Comdr. STASSEN, Flag Secretary, Comsopac.

You kindly told me at one time or another that if you could help me out down there you would be glad to do so.

We are in a pretty tough spot with respect to our yeomen. All the responsible yeomen of this organization have 20 months or better with this command. Naturally it is only fair to attempt to send some of them back to the States.

The only people we have been able to get for yeomen were seamen from the Amphibious Training Center, Tulagi. In practically all cases it has been necessary to teach them to type and while they are making good progress, I cannot possibly foresee they will be qualified for another eight months to do a good all around job. None of them know shorthand.

I am particularly worried about the personnel department, comprising one first class yeoman and two strikers of the kind mentioned above. The first class has in 22 months and I am anxious to send him to Shorthand School. There is no one here competent to take over personnel work. The only other yeoman I had so qualified has been evacuated due to illness.

Therefore, if you could possibly extend me the favor, I would be much indebted for a good yeoman, preferably one trained in personnel work. It is a heavy job and one calling for a good bit of naval background. There are two men in your command whom I know would be excellent for this work. One is Chief Yeoman Chamberlain and the other Chief Yeoman Urrutia. However, I believe the latter is about due to go back to the States.

If you can help me out I shall be very grateful. Will you please let me know by return mail, and if possible order a yeoman up here via first available transportation.

With kindest regards and best wishes, I remain,

Sincerely,

E. A. NIEMEIER.

MEMORANDUM TO LIEUTENANT (JG) H.C. CARROLL:

In view of the short time now necessary for completing my eighteen months I feel that it would be of little value to any command for me to take over a completely new job. It is therefore requested that I be returned to a receiving station in the Continental United States for reassignment.

MEMORANDUM TO: Lieutenant E. C. Twichell, U.S.N.R.

1. In my memorandum of 8 April 1944, it was requested that certain gear at the Admiral's Camp be brought to Noumea by our men when they returned.

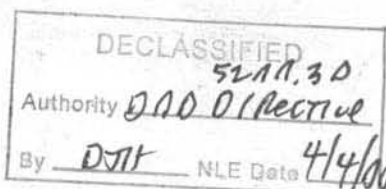

2. Two days ago Hoover and the other men arrived here without the equipment. Hoover told me that this gear consisting of five (5) boxes and one seabag, was turned in to the Army Transportation Officer and that officer was supposed to forward it via ~~hono~~ *air*.

3. To date we have no record of this equipment being sent. Some of this gear is needed at the Headquarters and it would be appreciated greatly if you would check with the Army Port Transportation Officer and try to hurry them up a bit. It would also be appreciated if you could let me know by memorandum on what date this gear is to be shipped and by what means.

Sincerely,

H. C. CARROLL,  
Assistant Flag Secretary.

Secretary.

Subject: Commander South Pacific Camp, Guadalcanal.

Reference: (a) Your letter Confidential Memorandum to  
Lt. Twichell of 8 April 1944.

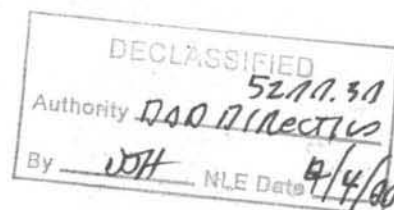

1. Referenced letter mentioned that Commander Naval Bases Forward Area had been instructed to return the ComSoPac personnel, at the Admiral's Camp, to Noumea. To date, Commander Naval Bases Forward Area has not received any such instructions, nor have any such orders been received by any activity I have been able to contact. In case they have been lost, please send duplicate orders with a copy to me.

2. As to the equipment mentioned in the referenced letter, I will be sure to see that it is sent down with the men.

3. I have on hand a quantity of dishes, cups, etc., which I have been holding waiting instructions from Lieutenant Kitchell. If this gear is not needed, it could be used very advantageously at this Base.

4. If the Camp is to be closed, please inform me as to who is to be responsible for the maintenance of the Camp until it is taken over by some unit.

Mr. Earle D. Norton

Dear Mr. Norton:

Admiral William F. Halsey, Jr., USN, has directed me to acknowledge the receipt of your letter of 10 February, and to express his regret that his duties require him to decline your kind invitation to serve on your Honorary Committee. The Admiral believes that his responsibilities are such that he should not accept membership on any committee of organizations outside of the Navy Department or other government bodies.

The Admiral has also directed me to ask you to renew your request for a statement at a later date when the plans for your convention have been settled, and to forward your letter via this office. He does not consider it advisable to prepare a statement so far in advance of the date of the convention.

Sincerely yours,

Dear Mr. Vrettos:

At the direction of Admiral William F. Halsey, Jr., USN, I am writing you to express the Admiral's regrets that he cannot comply with your request. So many similar requests are received by him, that he has been forced to adopt a policy of issuing only those statements required in the prosecution of his official duties.

I am sure that you will understand the necessity for the adoption of this policy by the Admiral.
