Key Officer
Recommendations

Abolish Jacks

Abolish Picket designs
& CAP vs. picket designs

Adhere more closely to
principle of area responsibility

If bodies are picked up in street
and then their guys
resp. is

Intercept with minimum
no. of fighters to do jobs

Can get reliable altitude
on S.M. beyond 50 miles.

T.F. can be coordinated offensively
more than defensively

Not interfere with us
to what plane to send &
where to send them!

CTF 38. - Idea is
to have Force not interfere
with - Ask anyone interested
