Wednesday

Satsie darling.

I am a seat for not
having written you,
but I see how the
well-known idolat
mist as well as a lot
to do.

Bermuda was so
marvellous and you
must go sometime for
its experience

Bill is still first and
we came down last
week-end to see me.
We had much fun.
Sat. night he took
me to see "Patience"
given by the N' York
Cantu Opera Co.
Then Sunday we went
on a rifty picnic
together. You will
meet him in June
for his coming down
to New York to
see us off.

of its own kind. On the
boat going down there
were seven girls to
each boy! Most of the
girls seen after the
boys and it was all
most amusing.

I met some rifty
boy, and Peter Rigg
from Princeton was
one of the nicest. He
has asked me down
for House Parties
at Princeton and I'm
going again this week-
end!

aren't you getting
very excited about
this summer?

Now Solie do you
think they'll let us
sail in the fine
series of Europe,
so that we'll really
know what good
mine is? I hope so
for the water is not
too safe.

I hope there will
be some mighty people
on the boat so we'll

have fun going over.

I heard my dear Helen
play with the
symphony a few
weeks ago and she
was superb on even.

Now I work don't
worry myself out
working, recreation
and preserving
that excellent
complexion of yours

are much more important.
By the way of a great
surprise, I got A in
modern Drama
course for spring
semester. Didn't know
the old girl had it
in her did you?

Write me bientôt
and let me know
the score - any grip
& such.

Much love,

Mary

Tuesday

Sadie darling,

Well I'm back at
college and am trying
to get used to it. It
seems odd that my best
friends have graduated.

Last Sat. night we
gave the freshmen a
big party with various
skits for entertainment.
I was in the style show

Satsie I think you took
my Schumann pieces. I
would appreciate having
them if they did get
mixed up with your
music.

It is so beautiful here,
for the leaves have all
turned but not fallen
and it is almost like
fairyland with the
variegated coloring.

I am taking advanced
psychology this year at

I am liking it tremendously.
Our professor teaches at
Harvard too, his very modern
and interesting.

Please write me soon
and let me know how
you are getting along -

Dearest love,

Mary

and felt very foolish.
and I also had to direct
a bad fire drill.

Bonnie Faber is here
this year, it ~~at~~ seems
she flunked out of
Smith College. She asked
about you. I think
she is one of the most
attractive freshmen.
She seems very sophisti-
cated. But I guess we
all go through that
stage.
