Dear Lottie -

I do hope this will
be delivered promptly, before you
move out - as I receive the new
address! I'm delighted that the
weekend promises well -

Re trains - I've just checked &
see there's the same one on the
Springfield line which leaves N. Y.
at 11:30 a.m. Standard - i.e. 12:30
& arrives in Framingham at 4:35 -
which is 5:35 daylight - why don't
we leave it that if I don't
hear from you I'll meet that
train?

There's an early one 7:15 i.e. 8:15 - but
I can't imagine you'd want to get
ready for that hour after your
strenuous morning! Of course there
are lots of slow line trains - but
the other route really is the shortest
for Wellesley -

Pursue for Friday - much love

Margaret

Dear Lorraine -

We're going to begin to
think each other myths before long!
Liz thought so often that I wanted
to have you here - but Liz been
so pushed this year it has been
out of the question to have any
weekend guests while college was
running - but now, happy thought,
the end is in sight! This is just
a line, as Liz on the fly - to
ask whether you could spend the
weekend of the 19th with me? K.
Baldevston will be away - I'll have
the appt. to myself & we could have
some walks in the country & a
good visit - I do hope it will

fit in with your dates - The 17th - 18th
might be possible if the weekend itself
is not good for you - but I hope
it will be - Drop me a line when
you know so it's amazing how
the plot gets complex - even
without classes - and I want to
keep the slate clean for a
visit with you!

Much love & haste
Margaret

Hope I'm right that you're back in
that delightful apt. -

in fact, I am out every evening. Perhaps with hot weather all will quiet down.

Several friends inquire about you, and wonder just what you are doing about your compositions. Wish you would have some published whether I can play them or not.

This evening I am going over to Truogs for a picnic supper and cards. Trust I will have some luck.

It is time dear to dress so I will have to leave you.

Loads of love and the best of luck.

Your devoted
Aunt Laura.

LMA Louise dear:

Your fine letter came several days ago and pleased me very much. Had quite a time locating you as your mother told me you were expected in Little Falls for your birthday. Then came word that you had changed your mind. Anyway, I hoped the earnings would reach you safely and in time.

Yes, your father had a grand time in Iowa City and in Muscatine. It is wonderful how young he keeps and so interested in every thing. We had such a pleasant time, and believe it or not, I won every game of double dummy. Was sorry I could not entertain for him at home. Edith is not

able to do much and I simply cannot get any other help there.

Roger tried he would be in K.C. and if convenient would like to come out to the house. He came and is looking fine. Is quite heavy and wants to reduce, but finds it a hard task. He was here to testify for his company.

I am very proud of Mary C. and her children. They are really darlings and I am so surprised that Mary C. can manage her home and family so nicely. Al is a busy fellow and is making good. He works very hard.

This has been a day of rain. All are so thankful for the crops have been in great need of moisture. This rain is

a life saver for the lawns also. Thank many here to cut the grass more often, but he does not mind too much.

I am so glad you have made new friends in the music world. I know you appreciate good friendships and friendships. Hope you will have a very happy time up to the time you leave. Perhaps we can have a good old visit in August. I must write to Dr. Jettel and learn the exact date of his vacation trip. One of my friends at the Curtis is taking treatments of Dr. Jettel and told me he was planning to go away in August.

There has been much doing socially

LMA Lottie dear:

I trust you will be
very understanding and for-
give me for being so slow in
writing to thank you for the
beautiful compact and also
for your fine letter.

Have been having sores in
my shoulder and that hinders
my writing. Then at present I have
a mean cold. My voice is un-
certain, my nose is wet like a
dog's at times and this Virus X
makes me feel tough. I am
taking liver shots three times
a week. Dr McPherson comes out
to the house which certainly
is considerate. Soon I hope
to be quite O.K. Well, that is
enough about my ailments.

Had expected the Hattigs to
spend the week end, but they are
