Palto*STATEMENT BY THE VICE PRESIDENT - July 9, 1966

I have a sincere friendship and high regard for Governor Karl Rolvaag; but the principle of party endorsement is a well established tradition in the DFL Party. Every office holder carrying the DFL label has been a convention-endorsed candidate. In respect for that tradition I have announced my support for the endorsed DFL candidate.

I do not intend to campaign in the primary.

I would urge upon Governor Rolvaag, Lt. Governor Keith and their supporters that the primary campaign be fought out along positive and constructive lines. If this is adhered to, the primary can strengthen our cause rather than weaken it. The Republican Party and its candidates will supply the negative criticism and carry on the attack.

I urge, finally, that all DFL'ers keep in mind that the objective of our party must be the winning of the general election in November and that they conduct themselves accordingly.
