SPEECH NOTES FOR DFL FUNDRAISER
AUG. 6-1970

NICOLLET, SIBLEY, AND BLUE EARTH COUNTIES

Cliff Adams

I. Good to be here in farm country. I know what it's like.

Rural Development

II. I also know what it's not like. It is not like representing the country clubs and shore line of Lake Minnetonka. That is what MacGregor has done for the last decade.

U.S. News

III. Incredible that a man with MacGregor's record would seek to represent the entire state.

Parity -
72%

IV. He has had plenty of chance to show how he feels about farmers. Ten years since Democrats tried to reverse Benson programs.

Family Farmer
 Nixon messages

Here is how he voted: See Insert "A" attached.

If Congress followed MacGregor's voting pattern --- would have cost Minnesota farmers tens of millions of dollars. He is an expensive Congressman.

VII. When farmers are in trouble in Minnesota --- eve ryone is, even the Republican's country club.

INSERT "A"

NO - on Food Stamp plan

- "--- NO to the 1961 Emergency Feed Grain Bill that meant millions of dollars to the Minnesota farmers.
- "--- NO to full funding of the Agricultural Conservation program, which is crucial to the conservation of soil and water in Minnesota.
- "--- NO to the 1962 wheat and feed grain bill which, if passed, would have given farmers the chance to build stronger, income-boosting supply-management programs. Thanks to Republican votes like MacGregor's, the bill and Minnesota farmers suffered.
- "--- NO to the 1963 voluntary feed grain bill which became law over MacGregor's negativism.
- "--- NO to the 1964 Tariff Act amendment which protects livestock producers from the price-depressing effects of unlimited meat imports.
- "--- NO and YES to the Agricultural Act of 1965 which established the 4 year price support and acreage reduction programs for wheat, feed grains, cotton, and rice. First he voted to kill the bill --- then he voted for passage --- the quick switch which puts a Congressman on both sides of an issue. But farmers know where his heart is, and I know where his heart is: at the Republican country clubs in fancy neighborhoods. "

1-14-65

INVEST IN
AGRICULTURE

NO to the 1992 Energy Feed Grain and Oilseed
Allocation of Dollars to the Producers Act.

NO to full funding of the Agricultural Conservation
Program, which is critical to the conservation of
our country's natural resources.

NO to the 1992 Feed and Seed Grain Bill which, if
passed, would have given farmers the choice to
build their own, flexible, on-farm management
programs. Many agricultural workers and processors
the bill and producers farmers opposed.

NO to the 1992 Voluntary Feed Grain Oil which begins
the "Market Access" program.

NO to the 1992 Farm Bill Amendment which provides
livestock producers from the mid-section with
of unlimited meat imports.
