↳ IT'S A GREAT PRIVILEGE TO SPEAK BEFORE THE MEN AND
WOMEN WHO REPRESENT THE PEOPLE OF OKLAHOMA.

↳ OVER A DECADE AGO THE AMERICAN PEOPLE ELECTED

A PRESIDENT WHO PLEDGED TO MOVE THIS NATION TO A NEW

FRONTIER. AND TODAY OKLAHOMA IS STILL ON THE FRONTIER OF

CHANGE AND PROGRESS. OKLAHOMA IS THE TOMORROW COUNTRY.

↳ OKLAHOMA IS A YOUNG STATE NOT SHACKLED BY OUTMODED TRADITIONS

AND PRACTICES. THEY ARE IMAGINATIVE. They are builders and Producers

OKLAHOMANS
THEY ARE BUILDERS

↳ THE LAND IS FERTILE and RICH IN

RESOURCES. THIS IS A GREAT STATE FILLED WITH NEW OPPORTUNITY,

AND NEW HOPES FOR THE FUTURE.

(the land of Today & Tomorrow)

L BUT LIKE THE REST OF THE COUNTRY, OKLAHOMA HAS ITS
PROBLEMS, ^{and} THEY'RE TOUGH PROBLEMS--~~AND ALL CRUCIAL PROBLEMS~~ ^{and}

~~ARE TOUGH TO SOLVE.~~

But *
OUR COUNTRY HAS HAD TOUGH PROBLEMS BEFORE, AND, WE
HAVE SOLVED THEM.

L WE STAND FIRST AMONG NATIONS OF THE WORLD NOT BECAUSE
OF A MIGHTY MILITARY MACHINE. !

~~L NOT BECAUSE OF FACTORIES, FARMS, OR MINES.~~

~~NOT BECAUSE OF GREAT INSTITUTIONS AND~~ BUT

BECAUSE OF THE ^{Energy} ENERGY AND WILL OF OUR PEOPLE.

L THE GREAT AMERICAN ENGINE OF PRODUCTIVITY IS DRIVEN
 BY THE DEDICATED, HARDWORKING, PROUD MEN AND WOMEN WHO
 TOIL IN OUR FACTORIES, ~~OUR~~ MINES, ~~OUR~~ OFFICES, AND ~~OUR~~
farm and ranches.

L THEY ARE THE HEART OF AMERICA! ~~THEY ARE ITS SOURCES~~
~~OF LIFE, THE VERY PULSE OF AMERICAN CREATIVENESS.~~

PEOPLE-- *- We the People*

~~YES, PEOPLE~~ *yes,*

JUST PEOPLE. *- white, Black, Indian, Hispanic Mexican American*

L AND OKLAHOMA ITSELF HAS A HISTORY OF MEETING PROBLEMS
 AND OVERCOMING ADVERSITY.

L WHETHER IT'S DROUGHT, CROP FAILURES, TORNADOES, OR
HARD TIMES, THE PEOPLE OF OKLAHOMA HAVE MET THESE PROBLEMS
WITH RESOLVE AND DETERMINATION.

L THIS IS THE KIND OF FIGHTING SPIRIT ~~MANY THINK WE HAVE~~
LOST IN THIS COUNTRY. *I seek to rekindle in our country!*

~~← AND IF WE'VE LOST OUR SPIRIT, IT'S NOT THAT OUR VALUES
HAVE CHANGED OR THAT WE HAVE LOST OUR WAY. IT'S THAT WE
HAVE NEVER ANSWERED THE FUNDAMENTAL QUESTION FACING OUR~~

~~PEOPLE.~~ *We need to ask ourselves some questions*

L WHAT KIND OF LIFE DO WE WANT IN THIS NATION?

WHAT KIND OF LIFE DO WE WANT HERE IN OKLAHOMA?

L WHEN YOU TRAVEL ACROSS THIS NATION YOU SEE THE GREAT
 BEAUTY, THE GREAT WEALTH OF OUR LAND, ABUNDANCE IS EVERYWHERE!

yet - it is not fully stored.

L IS IT ~~TOO~~ TOO MUCH TO EXPECT THAT WE CAN END POVERTY
AND HUNGER IN AMERICA? !

L IS IT TOO MUCH TO EXPECT THAT ALL OF OUR CHILDREN
RECEIVE THE BEST EDUCATION POSSIBLE?

L IS IT TOO MUCH TO EXPECT THAT ALL OF OUR PEOPLE HAVE
GOOD HOMES AND QUALITY HEALTH CARE.

L IS IT TOO MUCH TO EXPECT THAT OUR FARMERS WILL HAVE
DECENT INCOMES AND WON'T BE FORCED OFF THEIR LAND?

L IS IT TOO MUCH TO EXPECT THAT OUR CITIES BE MADE SAFE
FROM CRIME AND DRUG ABUSE? - *Safe Neighborhoods*

AND IS IT TOO MUCH TO EXPECT THAT WE CAN BE ONE
 NATION ~~WITH DIVIDED PEOPLE~~ AT PEACE WITH OURSELVES AND
 THE NATIONS OF THE WORLD?

I BELIEVE ALL THESE THINGS ARE WITHIN OUR REACH.

But THESE THINGS CANNOT JUST BE PROMISED. THEY ARE RIGHTS AND

be determined to secure
 GOVERNMENT SHOULD ~~GUARANTEE~~ THEM *for* THE AMERICAN PEOPLE!

~~BUT TODAY GOVERNMENT HAS FAILED THE PEOPLE--IT HAS
 FAILED TO RESPOND TO THEIR MOST PRESSING NEEDS.~~

THERE ARE THINGS TO BE DONE IN THIS COUNTRY AND
 THE GREAT TASKS AHEAD CAN ONLY BE ACHIEVED BY A NEW
 PARTNERSHIP OF GOVERNMENT AND THE PEOPLE.

↳ LET ME TELL YOU WHAT IT DOES.

--IT PROVIDES A NEW METHOD OF RURAL FINANCING TO PAY
FOR THE PRESSING PUBLIC NEEDS OF OUR RURAL TOWNSHIPS AND
MUNICIPALITIES--SCHOOLS, HOSPITALS, COMMUNITY CENTERS
WITH A BORROWER-OWNED \$2 BILLION CREDIT SYSTEM.

UNDER THE SOIL CONSERVATION SERVICE AND ESTABLISHES FEDERAL
COST SHARING FOR DEVELOPMENT OF MUNICIPAL AND INDUSTRIAL
WATER SUPPLIES.

--IT REORGANIZES THE DEPARTMENT OF AGRICULTURE TO GIVE
IT THE PRIME RESPONSIBILITY FOR RURAL DEVELOPMENT PROGRAMS.

--IT PROVIDES \$50 MILLION FOR GRANTS TO THE LAND GRANT
UNIVERSITIES SO THAT THEY CAN ESTABLISH RURAL DEVELOPMENT
EXTENSION PROGRAMS, RESEARCH AND TRAINING FOR RURAL DEVELOPMENT
AND SMALL FARMERS.

THIS LEGISLATION IS A MAGNA CARTA FOR RURAL AMERICA.

IT WILL CONTRIBUTE SUBSTANTIALY TO HALTING THE FLOW OF
PEOPLE OUT OF RURAL REGIONS. / HOPEFULLY IT WILL BEGIN
ATTRACTING BACK MANY OF THOSE WHO HAVE LEFT. / AND IT WILL
BE IMPORTANT IN ACHIEVING THE GOAL OF A MORE BALANCED
NATIONAL GROWTH AND DEVELOPMENT PATTERN IN THE UNITED STATES.

L THIS BILL WILL BE BEFORE THE CONGRESS IN THE NEXT
FEW WEEKS. IT NEEDS THE SUPPORT OF OKLAHOMANS LIVING IN
RURAL AREAS AND IN CITIES.

L THE REVITALIZATION OF RURAL AMERICA WILL PROVIDE THE
FOUNDATION FOR BUILDING A BETTER AMERICA.

L BUILDING A BETTER AMERICA MEANS THAT OUR PEOPLE MUST
HAVE THE OPPORTUNITY TO WORK, TO HAVE JOBS, TO EARN, TO
SAVE--WITHOUT THE FEAR THAT ECONOMIC CATASTROPHES WILL
DARKEN THEIR LIVES.

L BUILDING A BETTER AMERICA MEANS TAX REFORM. IT MEANS
CLOSING TAX LOOPHOLES, ENDING UNFAIR TAX PRIVILEGES, LIFTING
THE PROPERTY TAX BURDEN FROM THE HOMEOWNER.

Okla. Legis.
Okla. City, Okla.
March 23, 1972

It's a great privilege to speak before the men and women who represent the people of Oklahoma.

Over a decade ago the American people elected a President who pledged to move this nation to a new frontier. ^{And today Oklahoma is still} ~~this~~ ^{is the} ~~Oklahoma~~ tomorrow country. ^{It is a} ~~A~~ young state not shackled by outmoded traditions and practices. Its people are imaginative.

They are builders.

They are producers. The land is fertile, rich in resources. This is a great state filled with new opportunity, and new hopes for the future.

But like the rest of the ^{country,} Oklahoma has its problems. They're tough problems--all ^{of} ~~great~~ ^{of} ~~great~~ problems are tough to solve.

Our country has had tough problems before. And, we have solved them.

We stand first among nations of the world not because of a mighty military machine, ^{not} because of factories, farms, or mines. ^{not} because of great institutions and traditions, but because of the energy and will of our people. ^{The} great American engine of productivity is driven by the dedicated, hardworking, proud men and women who toil in our factories, our mines, our offices, and our fields.

They are the heart of America. They are its source of life--the very pulse of American greatness.

People--

Yes, people

Just people.

still
is the
Oklahoma
part of
the
program

And Oklahoma itself has a history of meeting problems and overcoming adversity.

Whether it's drought, crop failures, tornadoes, or hard times, the people of Oklahoma have met these problems with resolve and determination.

This is the kind of fighting spirit many think we have lost in this country.

And if we've lost ^{our spirit} it, it's not that our values have changed or that we have lost our way. It's that we have never answered the fundamental question facing our people:

What kind of life do we want in this nation?

What kind of life do we want here in Oklahoma?

When you travel across this nation you see the great beauty, the great wealth of our land. Abundance is everywhere.

Is it then too much to expect that we can end poverty and hunger in America?

Is it too much to expect that all of our children receive the best education possible?

Is it too much to expect that all of our people have good homes and quality health care.

Is it too much to expect that our farmers will have decent incomes and won't be forced off their land?

Is it too much to expect that our cities be made safe from crime and drug abuse?

And is it too much to expect that we can be one nation not a divided people at peace with ourselves and the nations of the world?

INSERT #1

-- Senator Harold Bellmon --

Both of Oklahoma's fine Senators, are cosponsors of the Rural Development Act. ~~My~~ My colleague on the Senate Agriculture Committee, Senator Henry Bellmon has played ~~xxxx~~ a key role in the development of this legislation. And your Governor, David Hall, ~~has~~ as Chairman of the Southern Governor's Conference Committee on Rural Development, has been active in ~~nationwide~~ efforts to make the nation aware of the need for greater ~~emphaix~~ emphasis on rural development.

I believe all these things are within our reach. These things ^{Cannot just} ~~can't~~ be promised. They are rights and government should guarantee them to the American people.

But today government has failed the people--it has failed to respond to their most pressing needs.

There are things to be done in this country. And the great tasks ahead can only be achieved by a new partnership of government and the people.

Today rural America is in deep trouble because we don't have this partnership of government and people.

Small towns are dying, ^{+ thousands of} young people are leaving rural America every year for overcrowded cities, farms are being abandoned and the quality of life for ~~90~~ million rural Americans is steadily declining.

Rural America must be saved. But it can't be revitalized with promises and rhetoric. We need action and programs.

That's why when I returned to the Senate, I was determined that rural development become a priority of the Congress. And it has.

We are on the verge of voting on the most comprehensive rural development legislation in this nation's history -- ^{1472.} ~~The Rural Development Act of~~

✓ What the Homestead Act was to opening up the West, the Rural Development Act will be in revitalizing our farms and small town America.

All of us have a stake in this vital legislation and a majority of the United States Senate has cosponsored it.

--It reorganizes the Department of Agriculture to give it the prime responsibility for rural development programs.

--It provides \$50 million for grants to the Land Grant Universities so that they can establish rural development extension programs, research and training for rural development and small farmers.

Insert #3

This legislation is a Magna Carta for rural America. It will contribute substantially to halting the flow of people out of rural regions. Hopefully

it will begin attracting back many of those who have left. And it will play a ^{in achieving} ~~the~~ goal of a more balanced national growth & development pattern in ^{the United States}

needs of our rural townships and municipalities--schools, hospitals, community centers *with a borrower owned \$2 billion credit system.*

needs the support of Oklahomans *living in rural areas and in cities,*

ARTICLE

The revitalization of rural America will provide the foundation

for building a better America.

Building a better America means that our people must have the opportunity to work, to have jobs, to earn, to save--without the fear that economic catastrophes will darken their lives.

Building a better America means tax reform. It means closing tax loopholes, ending unfair tax privileges, lifting the property tax burden from the homeowner.

Building a better America means waging a constant battle against all forms of pollution.

Building a better America means getting our most valuable resource --water--to where it is needed most such as in Western Oklahoma.

And building a better America means cities that are safe, clean and livable.

Like many of you here, I have devoted my life to public service, first as mayor of a great city, then as a leader in the United States Senate, as Vice President of the United States. I have come to know this nation, its problems and its people as few public officials can.

I know that the people of this country ^{wait America to because they} ~~can~~ move ahead ^{and} are not satisfied with things as they are. [I am an optimist about America's future. I seek not only the Presidency ^{I seek} ~~but~~ to lift the spirit of the people.
