THE TWO WORLDS
The worlds of the two Indians were very different. The Indian was a hunter, gathering food and furs, and a society of farmers and different governments were about them. When the Indian part of their world.

In 1609, the first English colony was founded in Jamestown, Virginia. The first English colony was founded in Jamestown, Virginia. The first English colony was founded in Jamestown, Virginia.

Later for trade started along the coast when Europeans and Indians found something the other wanted. The Europeans valued the Indians' furs and tools. The Indians valued the Europeans' knives, hatchets, and guns. They traded, and the fur trade was getting started.

The people of the Eastern woods brought furs and taught the English in America how to live in the woods. They traded furs for other things.

—Robert Jenks, 1607

WHERE TWO WORLDS MEET

The English have no sense, they give us nothing.
