My dear Sir,

Capt. Ector is ^{engaged in} drawing some
scenes of the buffalo hunt, for my 4th
volume. Will you do me the
favour to describe some of these
animating scenes, as they exist on
the plains west of Red River? Your
frequent participation on these sports
will enable you to describe them,
as they exist. And I trust you will
be able to find leisure for it, before
the close of the season.

I am very truly
