This is the beginning of a new day. God has given me this day to use as I will. I can waste it - or use it for good, but what I do today is important - because I am exchanging a day of my life for it! When tomorrow comes, this day will be gone forever, leaving in its place something that I have trades for it. I want it to be gain - and not loss; good - and not evil; success - and not failure; in order that I shall not regret the price that I have paid for it.
