**CHOICE**

**WHEAT ★ LANDS!**

ALONG THE LINE OF THE

**Minneapolis, St. Paul and Sault  
Ste. Marie Railway**

---

**"Soo Line"**

---

**IN NORTH DAKOTA.**

The Soo Line runs through the finest wheat region in the Northwest.

Excellent lands in Eastern and Central North Dakota can be bought on easy terms at \$6.00 to \$12 per acre.

Also good Government Homestead lands can be had free in the western part of the state. These Government lands are among the best wheat lands in the state. There is an abundance of *cheap coal and good water.*

For maps and full particulars, write to the

**Land Agent of Soo Railway,**

**MINNEAPOLIS, MINN.**

# North Dakota Agricultural College

—AND—

## EXPERIMENT STATION

Three Full Graduate Courses of  
Four Years Each { Agricultural  
Mechanical  
Scientific

Three years of preparatory studies.

A two-year course especially adapted for equipping young men for AGRICULTURAL PURSUITS.

A three-months course, beginning after the holiday recess each winter, and consisting mainly of lectures relating to Agriculture, Horticulture, Dairying, and Veterinary, for the benefit of young men unable to attend school during the working season. This Farm School Course is largely attended and very popular.

### STEAM ENGINEERING IS ALSO TAUGHT

Courses in Household Economics and sewing, for Girls.

THE AGRICULTURAL COLLEGE recognizes the natural resources of the state, and gives the kind of education their development requires. It returns directly to the state many times the money appropriated for its maintenance.

No tuition.

For further information or circular write

J. H. WORST, President,

AGRICULTURAL COLLEGE P. O., NORTH DAKOTA.
