My dear Mr. Rice:

If you
concerned not to
remain and I
think I should
come down to-morrow
and see you - if

you are not to be

here Monday -

If you will

tell me ~~where~~

in ~~the~~ common

sucate with my.

On reflection it

seemed to me that

it would put you
in a stronger position
if you gave him
the opportunity to
see you again - but
I am sure your
judgment will be
wise -

Sincerely yours
Daniel Hamont
