

NORTHERN PACIFIC RAILWAY CO.,

35 WALL STREET, NEW YORK.

R. W. Hunt
June 18th 1898
May 18th 1898
regarding inquiries as to land contracts
as requested by President J. B.

My dear Mr Rice:

I have had some

talk with Sullivan about our land
Contracts and think I may be able
to interest him in the same -

Unless there is some objection,
will you kindly ask your Land
Department to favor me with

information, concerning your road
contracts, how you indemnify for
defaults, whether or not the collections
are made in your office and at
whose expense, and any such
obligations -

Our legislation has been
side tracked for a few days by

NORTHERN PACIFIC RAILWAY CO.,

35 WALL STREET, NEW YORK.

[May 18, 1898]

the War Revenue Bill but I hope
for speedy action now.

I hope as you probably know
underwent an operation this
morning for the removal of a
growth on his neck - by Dr. Dr. Purney.
He was under ether for about two

hours of very delicate surgical work
but has come out of it all right -
until the growth which had formed
about one of the glands is examined
its character cannot be determined -

Sincerely yours

Daniel Hamont
