RUMORS ABOUT THE NORTHERN PACIFIC.
E. D. ADAMS ISSUES A STATEMENT THAT LEGIS-LATION IS NECESSARY TO THE CARRYING OUT OF THE ARRANGEMENT MADE IN LONDON.

A statement made yesterday by Edward D. Adams, chairman of the Northern Pacific Reorganization Committee, that the arrangement made in London for the Great Northern Raliroad to guarantee certain fixed charges of the Northern Pacific had been found impracticable without additional legislation aroused much interest in Wall Street. "The counsel of the Arganization Committee and of the bankers interest in the negotiations," said Mr. Adams, "have express of the opinion, in which a majority of the counsel of the Great Northern itself concur, that antil such legislation is obtained the proposed guarantee."

Rumors followed the publication of Mr. Adams's statement that the plan for the reorganization of the Northern Pacific Railroad, the publication of which has been expected for some time, had falled. The appearance of a second statement by President James J. Hill, of the Great Northern Railroad, caused further Street rumors. Mr. Hill said he was surprised at the statement coming from Mr. Adams, for the reason that Mr. Adams had no authority to say that the counsel of the Great Northern Railroad considered the proposal of guarantee impracticable, or that there would be any

need of legislation.

Mr. Hill's statement resulted in rumors of serious disagreement among the interests engaged in the reorganization. The rumors had an effect on the Stock Exchange, being accompanied by weakness in Northern Pacific bonds.

reorganization. The rumors had an elect on the stock Exchange, being accompanied by weakness in Northern Pacific bonds.

Mr. Hill and Mr. Morgan had several meetings yesterday, and it was said on good authority that Mr. Hill does not see any material difficulty in the way of carrying out the arrangement made in

London

The Northern Pacific reorganization plan, it has been understood, contemplates the issuing of \$100,000,000 in new 4 per cent bonds, and from \$80,000,000 to \$100,000,000 new stock, and the guarantee of the bonds by the Great Northern for which the latter will get half the stock, thereby controlling the property.
