Dear Sir:-

As we wrote you on the 19th., when sending you the last of you order of Grand Pacific Insurance, that owing to very slow collections, we needed all the money we could possibly get, and asked if you would kindly send us check for the amount of the policies sent you this month, as per the statement sent you on the above date. Mr. Titus is again confined to the house with his old trouble, neuralgia of the stomach, and asked me this morning to again write you and ask that you will please send us this amount, as soon as possible as we need the money very much, in closing up the 1892 business, If you will kindly do this, it will be a great help to him.

Yours truly.

B. L. Titus
